AMENDED APPLICATION

Alpha Energy Partners II, LLC (“Alpha” or “Applicant”), affiliate successor in interest in the Subject Lands to Alpha Energy Partners, LLC, hereby files this Amended Application with the Oil Conservation Division (“Division”) pursuant to the provisions of NMSA 1978, Section 70-2-17, for an order pooling all uncommitted mineral interests in the Wolfcamp formation, designated as a gas pool, underlying a standard 1267.84-acres, more or less, horizontal spacing unit comprised of Section 17 and 18 in Township 22 South, Range 27 East, Eddy County, New Mexico. The Division docketed Alpha’s original application as Case No. 24944. This Amended Application is being submitted for the limited purpose of advising the Division and affected parties that Alpha has entered into a farmout agreement with Paloma Permian AssetCO, LLC (“Paloma”) by which Paloma, OGRID No. 332449, has the right to earn a portion of Alpha’s working interest in the Subject Lands by drilling, completing, and operating the proposed wells under the supervision of Alpha.

In support of its Application, Alpha states the following:

1. Alpha is a working interest owner in the proposed horizontal spacing unit (“HSU”) and has a right to drill a well thereon.

2. Therefore, Alpha proposes and dedicates to the HSU seven (7) initial wells: the **Hollywood Star 17-18 Fee 701H**; **Hollywood Star 17-18 Fee 702H**; **Hollywood Star 17-18 Fee 703H**; **Hollywood Star 17-18 Fee 704H**; **Hollywood Star 17-18 Fee 801H**; **Hollywood Star 17-18 Fee 802H**; and the **Hollywood Star 17-18 Fee 803H**, to be drilled to a sufficient depth to test the Wolfcamp.

3. Alpha proposes the **Hollywood Star 17-18 Fee 701H Well** to be horizontally drilled from a surface location in the NW/4SW/4 (Unit L) of Section 16 to a bottom hole location in Lot 4 (SW/4SW/4) of Section 18.

4. Alpha proposes the **Hollywood Star 17-18 Fee 702H Well** to be horizontally drilled from a surface location in the NW/4SW/4 (Unit L) of Section 16 to a bottom hole location in Lot 3 (NW/4SW/4) of Section 18.

5. Alpha proposes the **Hollywood Star 17-18 Fee 703H Well** to be horizontally drilled from a surface location in the NW/4SW/4 (Unit L) of Section 16 to a bottom hole location in Lot 2 (SW/4NW/4) of Section 18.

6. Alpha proposes the **Hollywood Star 17-18 Fee 704H Well** to be horizontally drilled from a surface location in the NW/4SW/4 (Unit L) of Section 16 to a bottom hole location in Lot 1 (NW/4NW/4) of Section 18.

7. Alpha proposes the **Hollywood Star 17-18 Fee 801H Well** to be horizontally drilled from a surface location in the NW/4SW/4 (Unit L) of Section 16 to a bottom hole location in Lot 3 (NW/4SW/4) of Section 18.

8. Alpha proposes the **Hollywood Star 17-18 Fee 802H Well** to be horizontally drilled from a surface location in the NW/4SW/4 (Unit L) of Section 16 to a bottom hole location in Lot 2 (SW/4NW/4) of Section 18. The **Hollywood Star 17-18 Fee 802H Well** is the proximity

well positioned so the unit can include proximity tracts, thereby allowing for the larger standard spacing unit.

9. Alpha proposes the **Hollywood Star 17-18 Fee 803H Well** to be horizontally drilled from a surface location in the NW/4SW/4 (Unit L) of Section 16 to a bottom hole location in the Lot 1 (NW/4NW/4) of Section 18.

10. All the wells proposed herein are orthodox in their location, and the take points and completed intervals comply with setback requirements under the special rules for the Purple Sage, Wolfcamp pool, pursuant to Order No. R-14262.

11. Alpha's review of records did not show any overlapping units.

12. Alpha has sought in good faith, but has been unable to obtain, voluntary agreement from all interest owners to participate in the drilling of the well or in the commitment of their interests to the well for their development within the proposed HSU.

13. The pooling of all interests in the Wolfcamp formation within the proposed HSU will avoid the drilling of unnecessary wells, prevent waste and protect correlative rights.

14. In order to provide for its just and fair share of the oil and gas underlying the subject lands, Alpha requests that all uncommitted interests in this HSU be pooled and that Paloma, OGRID No. 332449, be designated the operator of the proposed horizontal wells and HSU pursuant to the Farmout referenced herein.

15. On October 8, 2024, Alpha filed an Application to pool these uncommitted interests and the OCD docketed that Application as Case No. 24944.

16. On July 1, 2024, Alpha entered into a Farmout Agreement with Paloma, in which Paloma will receive a portion of Alpha's leasehold interest in the unit upon its fulfillment of certain

drilling and operational obligations, and therefore Paloma will be involved in the unit by drilling and operating the wells in compliance with Alpha's development plans.

WHEREFORE, Alpha requests that this Application be set for hearing on February 13, 2025, before an Examiner of the Oil Conservation Division, and after notice and hearing as required by law, the Division enter an order:

A. Pooling all uncommitted mineral interests in the Wolfcamp formation underlying a standard 1267.84-acres, more or less, horizontal spacing unit comprised of Sections 17 and 18 in Township 22 South, Range 27 East, Eddy County, New Mexico;

B. Approving the **Hollywood Star 17-18 Fee 701H; Hollywood Star 17-18 Fee 702H; Hollywood Star 17-18 Fee 703H; Hollywood Star 17-18 Fee 704H; Hollywood Star 17-18 Fee 801H; Hollywood Star 17-18 Fee 802H; and the Hollywood Star 17-18 Fee 803H** as the wells for the HSU;

C. Designating Paloma as operator of this HSU and the horizontal wells to be drilled thereon;

D. Authorizing recovery of the costs of drilling, equipping, and completing the wells;

E. Approving actual operating charges and costs of supervision, to the maximum extent allowable, while drilling and after completion, together with a provision adjusting the rates pursuant to the COPAS accounting procedures; and

F. Setting a 200% charge for the risk assumed in drilling and completing the wells in the event a working interest owner elects not to participate in the well.

Amended Application of Alpha Energy Partners II, LLC, for Compulsory Pooling, Eddy County, New Mexico. Alpha Energy Partners II, LLC, affiliate successor to Alpha Energy Partners, LLC, (“Applicant”) in the above-styled cause seeks an order from the Division pooling all uncommitted mineral interests in the Wolfcamp formation, designated as a gas pool, underlying a standard 1267.84-acre, more or less, horizontal spacing and proration unit comprised of the Sections 17 and 18 in Township 22 South, Range 27 East, Eddy County, New Mexico. The proposed wells to be dedicated to the horizontal spacing unit are the **Hollywood Star 17-18 Fee 701H Well** to be horizontally drilled from a surface location in the NW/4SW/4 (Unit L) of Section 16 to a bottom hole location in Lot 4 (SW/4SW/4) of Section 18; the **Hollywood Star 17-18 Fee 702H Well** to be horizontally drilled from a surface location in the NW/4SW/4 (Unit L) of Section 16 to a bottom hole location in Lot 3 (NW/4SW/4) of Section 18; the **Hollywood Star 17-18 Fee 703H Well** to be horizontally drilled from a surface location in the NW/4SW/4 (Unit L) of Section 16 to a bottom hole location in Lot 2 (SW/4NW/4) of Section 18; the **Hollywood Star 17-18 Fee 704H Well** to be horizontally drilled from a surface location in the NW/4SW/4 (Unit L) of Section 16 to a bottom hole location in Lot 1 (NW/4NW/4) of Section 18; the **Hollywood Star 17-18 Fee 801H Well** to be horizontally drilled from a surface location in the NW/4SW/4 (Unit L) of Section 16 to a bottom hole location in Lot 3 (NW/4SW/4) of Section 18; the **Hollywood Star 17-18 Fee 802H Well** to be horizontally drilled from a surface location in the NW/4SW/4 (Unit L) of Section 16 to a bottom hole location in Lot 2 (SW/4NW/4) of Section 18; and the **Hollywood Star 17-18 Fee 803H Well** to be horizontally drilled from a surface location in the NW/4SW/4 (Unit L) of Section 16 to a bottom hole location in the Lot 1 (NW/4NW/4) of Section 18. The **802H Well** is the proximity well, and proximity tracts will be utilized. All the proposed wells will be orthodox, and their take points and completed intervals will comply with the special rules for the Purple Sage, Wolfcamp pool pursuant to Order No. R-14262. Applicant will be designating Paloma Permian AssetCO, LLC, as the operator of the wells pursuant to the terms that certain Farmout Agreement entered into on July 1, 2024. Also to be considered will be the cost of drilling and completing the wells and the allocation of the costs thereof; actual operating costs and charges for supervision; the designation of the Applicant as Operator of the wells and unit; and a 200% charge for the risk involved in drilling and completing the wells. The wells and lands are located approximately 1.5 miles south-southeast from Carlsbad, New Mexico.

**STATE OF NEW MEXICO
DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES
OIL CONSERVATION DIVISION**

**AMENDED APPLICATION OF ALPHA ENERGY
PARTNERS, LLC, FOR COMPULSORY
POOLING, EDDY COUNTY, NEW MEXICO**

Case No. 25166

SELF-AFFIRMED STATEMENT OF JOHN COFFMAN

I, John Coffman, state and affirm the following:

1. I am over the age of eighteen years and have the capacity to execute this Statement, which is based on my personal knowledge.

2. I am employed as a Landman with Alpha Energy Partners II, LLC ("Alpha"), affiliate successor in interest to Alpha Energy Partners, LLC, and I am familiar with the subject application and the lands involved.

3. I graduated from Texas Tech University with a bachelor's degree in business (Energy Commerce) in 2018. I have worked at Alpha for approximately 2 years, and I have been working in New Mexico for 8 years. My credentials as a petroleum landman have been accepted by the New Mexico Oil Conservation Division ("Division") and made a matter of record.

4. This Statement is submitted in connection with the filing by Alpha of the above-referenced spacing and compulsory pooling applications pursuant to 19.15.4.12.A(1).

5. Alpha seeks an order pooling all uncommitted mineral interest in the Wolfcamp formation (Purple Sage; Wolfcamp, Pool Code: [98220]) underlying a standard 1267.84-acres, more or less, horizontal spacing and proration unit comprised of Sections 17 and 18, in Township 22 South, Range 27 East, NMPM, Eddy County, New Mexico.

6. Under Case No. 25166, Alpha proposes and dedicates to the HSU seven (7) initial wells: the **Hollywood Star 17-18 Fee 701H**; **Hollywood Star 17-18 Fee 702H**; **Hollywood Star 17-18 Fee 703H**; **Hollywood Star 17-18 Fee 704H**; **Hollywood Star 17-18 Fee 801H**; **Hollywood Star 17-18 Fee 802H**; and the **Hollywood Star 17-18 Fee 803H**, to be drilled to a sufficient depth to test the Wolfcamp.

7. Alpha proposes the **Hollywood Star 17-18 Fee 701H Well** (API pending) a gas well, to be horizontally drilled from a surface location in the a surface location in the NW/4SW/4 (Unit L) of Section 16 to a bottom hole location in Lot 4 (SW/4SW/4) of Section 18; approximate TVD of 8,809'; approximate TMD of 19,150'; FTP in Section 17: 724' FSL, 330' FEL; LTP in Section 18: 724' FSL, 300' FWL.

8. Alpha proposes the **Hollywood Star 17-18 Fee 702H Well** (API pending) a gas well, to be horizontally drilled from a surface location in the NW/4SW/4 (Unit L) of Section 16 to a bottom hole location in Lot 3 (NW/4 SW/4) of Section 18; approximate TVD of 8,809; approximate TMD of 19,150'; FTP in Section 17: 2,024' FSL, 330' FEL; LTP in Section 18: 2,024' FSL, 330' FWL.

9. Alpha proposes the **Hollywood Star 17-18 Fee 703H Well** (API pending) a gas well, to be horizontally drilled from a surface location in the NW/4SW/4 (Unit L) of Section 16 to a bottom hole location in Lot 2 (SW/4NW/4) of Section 18; approximate TVD of 8,809'; approximate TMD of 19,150'; FTP in Section 17: 1,980' FNL, 330' FEL; LTP in Section 18: 1,960' FNL, 330' FWL.

10. Alpha proposes the **Hollywood Star 17-18 Fee 704H Well** (API pending) a gas well, to be horizontally drilled from a surface location in the NW/4SW/4 (Unit L) of Section 16 to a bottom hole location in Lot 1 (NW/4 NW/4) of Section 18; approximate TVD of 8,809;

approximate TMD of 19,150'; FTP in Section 17: 660' FNL, 330' FEL; LTP in Section 18: 660' FNL, 330' FWL.

11. Alpha proposes the **Hollywood Star 17-18 Fee 801H Well** (API pending) a gas well, to be horizontally drilled from a surface location in the NW/4SW/4 (Unit L) of Section 16 to a bottom hole location in Lot 3 (NW/4SW/4) of Section 18; approximate TVD of 9,402'; approximate TMD of 19,725'; FTP in Section 17: 1,320' FSL, 330' FEL; LTP in Section 18: 1,374' FSL, 330' FWL.

12. Alpha proposes the **Hollywood Star 17-18 Fee 802H Well** (API pending) a gas well, to be horizontally drilled from a surface location in the NW/4SW/4 (Unit L) of Section 16 to a bottom hole location in Lot 2 (SW/4 NW/4) of Section 18; approximate TVD of 9,402'; approximate TMD of 19,725'; FTP in Section 17: 2460' FSL, 330' FEL; LTP in Section 18: 2,610' FSL, 330' FWL.

13. Alpha proposes the **Hollywood Star 17-18 Fee 803H Well** (API pending) a gas well, to be horizontally drilled from a surface location in the NW/4SW/4 (Unit L) of Section 16 to a bottom hole location in Lot 1 (NW/4 NW/4) of Section 18; approximate TVD of 9,402'; approximate TMD of 19,725'; FTP in Section 17: 1,320' FNL, 330' FEL; LTP in Section 18: 1,310' FNL, 330' FWL.

14. In the course of acquiring surface access to drill the Hollywood Star 17-18 Fee Development, the initially proposed SHL was not viable, thus requiring a change in SHL to Section 16, Township 22 South, Range 27 East. Alpha will provide supplements to the well proposals that address this change.

15. The proposed C-102 for each well is attached as **Exhibit A-1**.

16. A general location plat and a plat outlining the unit being pooled is attached hereto as **Exhibit A-2**, which show the location of the proposed wells within the unit. The well locations are orthodox, and they meet the Division's offset requirements.

17. The parties being pooled, the nature of their interests, and their last known addresses are listed on **Exhibit A-2** attached hereto. **Exhibit A-2** includes information regarding the working interest owners, the overriding royalty interest owners, and the record title owners to be pooled. The "ULMI" designation denotes owners who are unleased. Alpha requests these parties be pooled and the statutory 1/8 royalty be allocated.

18. There are no depth severances in the Wolfcamp formation in this acreage.

19. A good faith review of records did not reveal any viable overlapping units.

20. I provided the law firm of Abadie & Schill P.C. a list of names and addresses for the uncommitted interest owners shown on **Exhibit A-2**. In compiling these addresses, I conducted a diligent search of the public records in Eddy County, New Mexico, where the well is located, and of phone directories and did computer searches to locate the contact information for parties entitled to notification. Notice for three (3) working interest owners: Federal National Mortgage Association, Magnum Hunter Production, Inc. and Margie Hurd Anderson are listed as Undelivered – Forwarded. Hefner, Heirs and Assigns Alayne Jones, Trustee; Apolenio Montejano, Jr. and Sandra Montejano; Anselma Arredondo Life Estate; and Anita Redino, are listed as Undelivered - To Be Returned. Alpha published notice in the Carlsbad Current-Argus, a newspaper of general circulation in Eddy County, New Mexico, to account for any unlocatable parties and cover any contingencies regarding notice.

21. Alpha has made a good faith effort to negotiate with the interest owners, but has been unable to obtain, voluntary agreement from all interest owners to participate in the drilling of the well or in the commitment of their interests to the well for its development within the proposed horizontal spacing unit. **Exhibit A-4** provides a chronology and history of contacts with the owners.

22. The interest owners being pooled have been contacted regarding the proposed well but have failed or refused to voluntarily commit their interest in the well. However, Alpha has been in ongoing discussions with some of the interest owners to voluntarily enter into a Joint Operating Agreement. If a mutually agreeable Joint Operating Agreement is reached between

Alpha and another interest owner or owners, Alpha requests that the voluntary agreement become operative and supersede the Division's order for said parties, except to the extent the Division deems it necessary to maintain spacing criteria for the purpose of conservation, the prevention of waste, and protection of correlative rights.

23. **Exhibit A-3** is a sample proposal letter and the AFEs for the proposed well. The estimated cost of the well set forth in the AFEs is fair, reasonable, and comparable to the costs of other wells of similar depths and lengths drilled in this area of New Mexico.

24. Alpha submitted to the Division the amended pooling application in Case No. 25166 for the purpose of informing the Division that Paloma AssetCO, LLC ("Paloma") will be the designated operator of the wells and unit. The previous pooling application submitted in Case No. 24944 did not include this information, and Alpha wanted to fully inform the Division of Paloma's role. As requested in the Amended Application and stated in its Paragraphs A – F, Alpha seeks an order pooling all uncommitted mineral interests in the Wolfcamp formation underlying the Subject Lands; approving the seven Hollywood Star wells as wells for the spacing unit; and designating Paloma as operator.

25. Also pursuant to the Amended Application, Alpha requests overhead and administrative rates of \$8,500/month for drilling each well and \$850/month for producing each well. These rates are fair and comparable to the rates charged by other operators for wells of this type in this area of southeastern New Mexico. Alpha requests that these rates be adjusted periodically as provided in the COPAS Accounting Procedure.

26. Alpha requests the maximum cost, plus 200% risk charge be assessed against non-consenting working interest owners to the extent needed.

27. Alpha requests that it be designated operator of the unit and well.

28. The Exhibits to this Statement were prepared by me or compiled from Alpha's company business records under my direct supervision.

29. The granting of this Application is in the best interests of conservation, the prevention of waste, and the protection of correlative rights, and will avoid the drilling of unnecessary wells.

30. The foregoing is correct and complete to the best of my knowledge and belief.

AEP II reserves the right to modify the locations and drilling plans described above in order to address topography, cultural or environmental concerns, among other reasons. AEP II will advise you of any such modifications.

AEP II is proposing to drill the Well under the terms of the modified 1989 AAPL form of Operating Agreement which will promptly be provided upon request. The Operating Agreement dated August 1, 2024, by and between Alpha Energy Partners II, as Operator and covers Section 17 and Section 18 of

Township 22 South, Range 27 East, Eddy County, New Mexico, and has the following general provisions: (JOA will be supplied upon request/participation)

- 100/300/300 Non-consenting penalty
- \$10,000/\$1,000 Drilling and Producing rate
- Alpha Energy Partners II, LLC named as Operator

If you do not wish to participate in the Operation, AEP would like to discuss the Leasing or Purchase of your mineral interest to AEP under the following terms:

Lease:

- \$3,500/acre lease bonus;
- 1/5th royalty rate;
- 3 year primary term, with 2 year option to extend, Paid Up;

Sell:

- \$8,000/acre;
- All right title and interest owned;

In the interest of time, if we do not reach an agreement within 30 days of the date of this letter, AEP II will apply to the New Mexico Oil Conservation Division for compulsory pooling of your interest into a horizontal spacing unit for the proposed wells.

If you do not wish to lease or sell your mineral interest, please indicate your participation elections in the spaces provided below, sign, and return (1) copy of this letter along with a signed copy of the enclosed AFEs and a copy of your geologic requirements to my attention at the letterhead address or by email at john@alphapermian.com. Thank you for your time and consideration, feel free to reach out if you have any questions.

Respectfully,

John Coffman

Case No. 25166

SUPPLEMENT TO SELF-AFFIRMED STATEMENT OF JOHN COFFMAN

I, John Coffman, state and affirm the following:

1. This supplemental statement is incorporated into by reference and made a part of that certain Landman statement by John Coffman dated February 24, 2025.

2. Warren Anderson and Lillie Anderson ("Anderson") entered an appearance and objection in Case No. 25166 on February 11, 2025. They resubmitted their objection on March 4, 2025.

3. Warren Anderson and Lillie Anderson contend that Alpha's operations are "non-contractual, unreasonable, and done in bad faith."

4. Anderson owns 0.27 net acres in the unit. I reached out to Warren and Lillie Anderson as early as September 30, 2024, to negotiate an agreement. After Alpha engaged in good faith negotiations, the parties had the agreement papered up and ready to sign. The Agreement satisfied fair market value and terms and was negotiated in good faith. However, Anderson who was initially amendable to the terms negotiated and drafted later decided to reject the agreement and demanded very unreasonable terms way outside fair market value for the 0.27 net acre interest. Anderson newly requested a \$100,000 payment as part of the signing of the agreement and a 50% royalty which are both way outside the scope of fair market value. They

also demanded a shut-in payment of \$1000 per acre every 30 days, which is abnormally high along with other egregious changes as shown on the Exhibit 1 attached hereto.

5. As a result, Alpha and Anderson could not reach a voluntary agreement, and that is why Alpha needs to pool their interests at this time.

Box 10701, Midland, Texas 79702 ("Lessee"), to provide notice of that certain Oil, Gas and Mineral Lease between the parties (the "Lease") dated to be effective **July 8, 2024** (the "Effective Date"), covering the lands described on the attached Exhibit A, and any contiguous or adjacent lands (a) owned or claimed by Lessor by limitation, prescription, possession, reversion or unrecorded instrument or (b) as to which Lessor has a preference right of acquisition (collectively the "Leased Premises"). *Please read all notes and comply with adjustments.*

The Lease grants, leases, and lets the Leased Premises to Lessee with the exclusive rights of exploring, drilling, mining and operating for, producing and owning oil, gas, and minerals produced in association with oil and gas, together with the right to make surveys, lay pipe lines, establish and utilize facilities for surface and subsurface disposal of salt water, construct roads and bridges, dig canals, build tanks, power stations, telephone lines, employee houses, and other structures on the Leased Premises, necessary or useful in Lessee's operations in exploring, drilling for, producing, treating, storing and transporting minerals produced from the Leased Premises or any other land adjacent thereto. *Lessee must pay for exclusive rights that are 19th 19th.*

The Lease is for a primary term of three (3) years from the Effective Date, with an option for Lessee to extend the primary term for an additional two (2) years. The Lease includes provisions allowing for the Lease to be perpetuated beyond the primary term by production and operations. *This lease will be reevaluated once a year.*

This Memorandum is being placed of record in the county or counties in which the Leased Premises are located for the purpose of placing all persons on notice of the existence of the Lease. In the event of a conflict between the Lease and this Memorandum, the terms of the Lease shall prevail. This Memorandum may be executed in multiple counterparts.

IN WITNESS WHEREOF, this Memorandum is executed as of the acknowledgment dates below, to be effective as of the Effective Date.

Re: Proposed Oil and Gas Lease
Eddy County, New Mexico

Gross Acres: 0.275482 Net Acres: 0.275482

Dear Mrs. Anderson,

Alpha Energy Partners II, LLC would like to lease your mineral interest in Eddy County, New Mexico being 0.275482 acres of land, more or less, in Section 18, Township 22 South, Range 27 East, described as Lots 2 and 4, Block 17 of the New San Jose Subdivision, as recorded in Cabinet 2, Slide 16-1, Plat Records of Eddy County, New Mexico.

Enclosed for your review is an oil, gas and mineral lease, which, based on our cursory review of the public records, indicates that you may own a percentage of the minerals in 0.275482 gross acres or 0.275482 net mineral acres. Alpha Energy Partners II, LLC is offering ~~\$3,000.00~~ per net mineral acre for a 3-Year Lease and a 25% Royalty, with a 2 year option to extend at \$3,000.00 per net mineral acres. ~~\$12,000.00~~

~~NO LONGER THAN 60 DAYS~~ I have also included a ~~60 day~~ Order for Payment in the amount ~~\$826.45~~ ^{12,479.35} representing the full bonus payment due. Upon our receipt of the original signed and notarized Lease along with the completed W-9 form and signed Order for Payment we will have ~~60~~ ¹⁰ days to do a more complete examination of your title and tender the initial bonus consideration. Because the lands and ownership set forth in the enclosed lease agreement have not yet been verified by our title examiners, there is some possibility that the Order for Payment amount will change. When we complete our title research, we will adjust the amount due under the Order for Payment accordingly. This adjustment, if any, will be based on your actual ownership in the subject lands as reflected in the Eddy County Clerk's records.

If you would like to proceed with leasing your interest, please follow the steps set out below:

1. Sign the Lease, Order for Payment, Addendum, Memorandum W-9, and Owner Information Sheet exactly as your name appears. The Lease should be executed before a Notary Public.
2. Return the signed Lease, Order for Payment, Addendum, Memorandum, W-9, and Owner Information Sheet to our office in the enclosed postage-paid envelope.

THIS OFFER TO LEASE IS NOT OPEN-ENDED; THEREFORE, WE REQUEST THAT YOU SIGN AND RETURN ALL LEASE DOCUMENTS TO THE ADDRESS LISTED ABOVE NO LATER THAN **September 8, 2024**.

If you should have any questions, please feel free to contact me at **(936) 718-0424** or **dana26jill@yahoo.com**.

Thank you in advance for your consideration in this matter.

Sincerely,

Dana J. Nelson

ORDER FOR PAYMENT

Lillie Anderson

of 1301 Forest Avenue, Pasadena, California 91103, hereinafter called "Lessor/Grantor", does hereby confirm that on this date Lessor/Grantor executed an Oil, Gas and Mineral Lease (the "Agreement") in favor of Alpha Energy Partners II, LLC, P.O. Box 10701, Midland, Texas 79702 hereinafter called "Lessee", covering a tract of land ("Premises") containing 0.275482 acres,

Township 22 South, Range 27 East, N.M.P.M.

Section 18:

0.275482 acres, more or less, Lots 2 and 4, Block 17 of the New San Jose Subdivision,
as recorded in Cabinet 2, Slide 16-1, Plat Records of Eddy County, New Mexico

County of Eddy, State of New Mexico.

As consideration for said Agreement, Lessee hereby agrees to pay: TWO THOUSAND FOUR HUNDRED SEVENTY DOLLARS ~~Eight Hundred and Twenty-Six and 45/100 Dollars (\$826.45)~~ to said Lessor/Grantor (subject to approval of Lessor/Grantor's title) on or before sixty (60) days from receipt by Lessee of the fully executed Agreement and original executed Order For Payment at the Mailing Address below. If such payment is not received by the specified date, Lessor/Grantor should notify Lessee by Certified Mail of such fact. Lessee shall then have fifteen (15) days after receipt of notification to research and make such payment or the Agreement shall be null and void. 5

If Lessee determines that the Lessor/Grantor's ownership is less than the entire undivided interest in the oil and gas or other rights in the Premises, then the dollar amount specified above shall be paid to Lessor/Grantor only in the proportion that the actual interest in the Premises covered by the Agreement bears to the entire interest in those lands. Should Lessor/Grantor own more or less than the net acre interest specified below, Lessee may increase or reduce the specified dollar amount proportionately.

OIL, GAS AND MINERAL LEASE

THIS AGREEMENT made on **July 8, 2024**, between **Lillie Anderson**, Lessor, whose address is **1301 Forest Avenue, Pasadena, California 91103** and **Alpha Energy Partners II, LLC**, Lessee, whose address is **P. O. Box 10701, Midland, Texas 79702**.
WITNESSETH:

1. Lessor, in consideration of TEN AND NO/100 Dollars and other valuable consideration, receipt of which is hereby acknowledged, and of the covenants and agreements of Lessee hereinafter contained, does hereby grant, lease and let unto Lessee the Leased Premises for the purposes and with the exclusive right of exploring, drilling, mining and operating for, producing and owning oil, gas, sulphur and all other minerals (whether or not similar to those mentioned), together with the right to make surveys on the Leased Premises, lay pipe lines, establish and utilize facilities for surface and subsurface disposal of salt water, construct roads and bridges, dig canals, build tanks, power stations, telephone lines, employee houses, and other structures on the Leased Premises, necessary or useful in Lessee's operations in exploring, drilling for, producing, treating, storing and transporting minerals produced from the Leased Premises or any other land adjacent thereto. The land covered hereby, herein called the "Leased Premises", is located in the County of **Eddy**, State of New Mexico, and is described as follows:

Township 22 South, Range 27 East, N.M.P.M.

Section 18:

**0.275482 acres, more or less, Lots 2 and 4, Block 17 of the New San Jose Subdivision,
as recorded in Cabinet 2, Slide 16-1, Plat Records of Eddy County, New Mexico**

This lease also covers and includes, in addition to that above described, all land, if any, contiguous or adjacent to or adjoining the land above described and (a) owned or claimed by Lessor by limitation, prescription, possession, reversion or unrecorded instrument or (b) as to which Lessor has a preference right of acquisition. Lessor agrees to execute any supplemental instrument requested by Lessee for a more complete or accurate description of the Leased Premises. For the purpose of determining the amount of any bonus or other payment hereunder, the Leased Premises shall be deemed to contain **0.275482 acre(s)**, whether actually containing more or less, and the above recital of acreage in any tract shall be deemed to be the true acreage thereof. Lessor accepts the bonus as lump sum consideration for this lease and all rights and options hereunder.

2. Unless sooner terminated or longer kept in force under other provisions hereof, this lease shall remain in force for a term of three (3) years from the date hereof, hereinafter called "primary term", and as long thereafter as operations, as hereinafter defined, are conducted upon the Leased Premises or lands pooled therewith, with no cessation for more than ninety (90) consecutive days.

3. As royalty, Lessee covenants and agrees: (a) To deliver to the credit of Lessor, in the pipe line to which Lessee may connect its wells, the equal (1/4) part of all oil produced and saved by Lessee from the Leased Premises, or from time to time, at the option of Lessee, to pay Lessor the average posted market price of such (1/4) part of such oil at the wells as of the day it is run to the pipe line or storage tanks, Lessor's interest, in either case, to bear (1/4) of the cost of treating oil to render it marketable pipe line oil; (b) for gas (including casinghead gas) and all other substances covered hereby, the royalty shall be (1/4) of the proceeds realized by Lessee from the sale thereof, less a proportionate part of ad valorem taxes and production, severance, or other excise taxes and the costs incurred by Lessee in delivering, processing or otherwise marketing such gas or other substances, provided the Lessee shall have the continuing right to purchase such production at the prevailing wellhead market price paid for production of similar quality in the same field (or if there is no such price then prevailing in the same field, then in the nearest field in which there is such a prevailing price) pursuant to comparable purchase contracts entered into on the same or nearest preceding date as the date on which Lessee commences its purchases hereunder, and (c) To pay Lessor on all other minerals mined and marketed or utilized by Lessee from the Leased Premises, one-tenth either in kind or value at the well or mine at Lessee's election, except that on sulphur mined and marketed the royalty shall be ~~Twenty~~ ^{one} dollars ~~per long ton~~ ^{per long ton}. If, at the expiration of the primary term or at any time or times thereafter, there is any well on the Leased Premises or on lands with which the Leased Premises or any portion thereof has been pooled, capable of producing oil or gas, and all such wells are shut-in, this lease shall, nevertheless, continue in force as though operations were being conducted on the Leased Premises for so long as said wells are shut-in, and thereafter this lease may be continued in force as if no shut-in had occurred. Lessee covenants and agrees to use reasonable diligence to produce, utilize, or market the minerals capable of being produced from said wells, but in the exercise of such diligence Lessee shall not be obligated to install or furnish facilities other than well facilities and ordinary lease facilities of flow lines, separators, and lease tank, and shall not be required to settle labor trouble or to market gas upon terms unacceptable to Lessee. If, at any time or times after the expiration of the primary term, all such wells are shut-in for a period of ninety consecutive days, and during such time there are no operations on the Leased Premises, then at or before the expiration of said ninety day period, Lessee shall pay or tender, by check or draft of Lessee, as royalty, a sum equal to one dollar ~~per acre~~ ^{per acre} for each acre of land then covered hereby. Lessee shall make like payments or tenders at or before the end of each anniversary of the expiration of said ninety day period if upon such anniversary this lease is being continued in force solely by reason of the provisions of this paragraph. Each such payment or tender shall be made to the parties who at the time of payment would be entitled to receive the royalties which would be paid under this lease if the wells were producing, and may be paid or tendered to Lessor, his successors or assigns at the address above. If at any time that Lessee pays or tenders shut-in royalty, two or more parties are, or claim to be, entitled to receive same, Lessee may, in lieu of any other method of payment herein provided, pay or tender such shut-in royalty, in the manner above specified, either jointly to such parties or separately to each in accordance with their respective ownership thereof, as Lessee may elect. Any payment hereunder may be made by check or draft of Lessee deposited in the mail or delivered to the party entitled to receive payment on or before the last date for payment. Nothing herein shall impair Lessee's right to release as provided in paragraph 5 hereof. In the event of assignment of this lease in whole or in part, liability for payment hereunder shall rest exclusively on the then owner or owners of this lease, severally as to the acreage owned by each.

4. Lessee is hereby granted the right, at its option, to pool or unitize any land covered by this lease with any other land covered by this lease, and/or with any other land, lease, or leases, as to any or all minerals, subsurface depths, or horizons for the production of oil & gas. If units, either at the time established or after enlargement, are prescribed or permitted under any governmental rule or order for the drilling or operation of a well at a regular location, to conform to any established well spacing or density pattern, or for obtaining maximum allowable from any well to be drilled, drilling, or already drilled, any such unit may be established or enlarged to conform to the size so prescribed or permitted by such governmental order or rule. Lessee shall exercise said option as to each desired unit by executing an instrument identifying such unit and filing it for record in the public office in which this lease is recorded. Each of said options may be exercised by Lessee at any time and from time to time while this lease is in force, and whether before or after production has been established either on the Leased Premises, or on the portion of the Leased Premises included in the unit, or on other land unitized therewith. A unit established hereunder shall be valid and effective for all purposes of this lease even though there may be mineral, royalty, or leasehold interests in lands within the unit which are not effectively pooled or unitized. Any operations conducted on any part of such unitized land shall be considered, for all purposes except the payment of royalty, operations conducted upon the Leased Premises under this lease. There shall be allocated to the land covered by this lease within each such unit (or to each separate tract within the unit if this lease covers separate tracts within the unit) that proportion of the total production of unitized minerals from the unit, after deducting any used in lease or unit operations, which the number of surface acres in such land (or in each separate tract) covered by this lease within the unit bears to the total number of surface acres in the unit, and the production so allocated shall be considered for all purposes, including payment or delivery of royalty, overriding royalty and any other payments out of production to be the entire production of unitized minerals from the land to which

hereunder by filing for record in the public office where this lease is recorded a declaration to that effect, if at that time no operations are being conducted thereon for unitized minerals. Subject to the provisions of this paragraph 4, a unit once established hereunder shall remain in force so long as any lease subject thereto shall remain in force. If this lease now or hereafter covers separate tracts, no pooling or unitization of royalty interest as between any such separate tracts is intended or shall be implied or result from the inclusion of such separate tracts within this lease, nor shall this lease or any declaration of pooling hereunder be construed as an attempt or offer to pool or unitize any interest that Lessor has no right to commit to pooling or unitization, but Lessee shall nevertheless have the right to pool or unitize the interest of Lessor as provided in this paragraph 4 with the consequent allocation of production as herein provided. As used in this paragraph 4, the words "separate tract" means any tract with royalty ownership differing, now or hereafter, either as to parties or amounts, from that as to any other part of the Leased Premises.

5. Lessee may at any time and from time to time execute and deliver to Lessor or file of record a release or releases of this lease as to any part or all the Leased Premises or of any mineral or horizon there under, and thereby be relieved of all obligations as to the released acreage or interest.

6. Whenever used in this lease, the word "operations" shall mean operations for and any of the following: drilling, testing, completing, reworking, recompleting, deepening, plugging-back or repairing of a well in search for or in an endeavor to obtain production of oil, gas, sulphur or other minerals, excavating a mine, production of oil, gas, sulphur or other minerals, whether or not in paying quantities.

7. Lessee shall have the use, free from royalty, of water, other than from Lessor's water wells, and of oil and gas produced from the Leased Premises in all operations hereunder. Lessee shall have the right at any time to remove all machinery and fixtures placed on the Leased Premises, including the right to draw and remove casing. No well shall be drilled nearer than 200 feet to the house or barn now on the Leased Premises without the consent of the Lessor. Lessee shall pay for damages caused by its operations to growing crops and timber on the Leased Premises.

8. The rights and estate of any party hereto may be assigned from time to time in whole or in part and as to any mineral or horizon. All of the covenants, obligations, and considerations of this lease shall extend to and be binding upon the parties hereto, their heirs, successors, assigns, and successive assigns. No change or division in the ownership of the Leased Premises, royalties, or other moneys, or any part thereof, howsoever effected, shall increase the obligations or diminish the rights of Lessee, including, but not limited to, the location and drilling of wells and the measurement of production. Notwithstanding any other actual or constructive knowledge or notice thereof of or to Lessee, its successors or assigns, no change or division in the ownership of the Leased Premises or of the royalties, or other moneys, or the right to receive the same, howsoever effected, shall be binding upon the then record owner of this lease until thirty (30) days after there has been furnished to such record owner at his or its principal place of business by Lessor or Lessor's heirs, successors, or assigns, notice of such change or division, supported by either originals or duly certified copies of the instruments which have been properly filed for record and which evidence such change or division, and of such court records and proceedings, transcripts, or other documents as shall be necessary in the opinion of such record owner to establish the validity of such change or division. If any such change in ownership occurs by reason of the death of the owner, Lessee may, nevertheless pay or tender such royalties, or other moneys, or part thereof, to the credit of the decedent in a depository bank provided for above.

9. In the event Lessor considers that Lessee has not complied with all its obligations hereunder, both expressed and implied, Lessor shall notify Lessee in writing, setting out specifically in what respect Lessee has breached this contract. Lessee shall then have sixty (60) days after receipt of said notice within which to meet or commence to meet all or any part of the breaches alleged by Lessor. The service of said notice shall be precedent to the bringing of any action by Lessor on said lease for any cause, and no such action shall be brought until the lapse of sixty (60) days after service of such notice on Lessee. Neither the service of said notice nor the doing of any act by Lessee aimed to meet all or any of the alleged breaches shall be deemed an admission or presumption that Lessee has failed to perform all its obligations hereunder. If this lease is canceled for any cause, it shall nevertheless remain in force and effect as to (1) sufficient acreage around each well as to which there are operations to constitute a drilling or maximum allowable unit under applicable governmental regulations, (but in no event less than forty acres), such acreage to be designated by Lessee as nearly as practicable in the form of a square centered at the well, or in such shape as then existing spacing rules require; and (2) any part of the Leased Premises included in a pooled unit on which there are operations. Lessee shall also have such easements on the Leased Premises as are necessary to operations on the acreage so retained.

10. Lessor hereby warrants and agrees to defend title to the Leased Premises against the claims of all persons whomsoever. Lessor's rights and interests hereunder shall be charged primarily with any mortgages, taxes or other liens, or interest and other charges on the Leased Premises, but Lessor agrees that Lessee shall have the right at any time to pay or reduce the same for Lessor, either before or after maturity, and be subrogated to the rights of the holder thereof and to deduct amounts so paid from royalty or other payments payable or which may become payable to Lessor and/or assigns under this lease. If this lease covers a less interest in the oil, gas, sulphur, or other minerals in all or any part of the Leased Premises than the entire and undivided fee simple estate (whether Lessor's interest is herein specified or not), or no interest therein, then the royalties and other moneys accruing from any part as to which this lease covers less than such full interest, shall be paid only in the proportion which the interest therein, if any, covered by this lease, bears to the whole and undivided fee simple estate therein. All royalty interest covered by this lease (whether or not owned by Lessor) shall be paid out of the royalty herein provided. This lease shall be binding upon each party who executes it without regard to whether it is executed by all those named herein as Lessor.

11. If, by reason of force majeure, Lessee is prevented from satisfying or meeting any condition of this lease, or from complying with any express or implied covenant thereof, or from conducting drilling or reworking operations on or producing oil or gas from the Leased Premises on land pooled therewith, then while so prevented and for a period of one hundred eighty (180) days thereafter, such condition shall be suspended, and Lessee shall be relieved of the obligation to comply with such covenant and shall not be liable in damages for failure to comply therewith; and this lease shall be extended and continued in force while and so long as Lessee is prevented by force majeure from conducting drilling or reworking operations on or producing oil or gas from the Leased Premises or land pooled therewith and for one hundred eighty (180) days thereafter, and the time while Lessee is so prevented, plus one hundred eighty (180) days, shall not be counted against Lessee, anything in this Lease to the contrary notwithstanding. The term "force majeure" as used in this lease shall mean and include any one or more of the following: acts of God, floods, storms, explosions, fires, labor troubles, strikes, insurrections, riots, acts of public enemy, scarcity of or inability to obtain or use labor, material, or equipment, federal, state, or local law, ordinance, rule, or regulation of any governmental authority, or inability to identify and secure the right to use a surface location of suitable size and proximity to Lessee's desired placement of any wellbore. Without limitation, force majeure includes the inability to obtain a permit for drilling or operating a well from each governmental or municipal authority having jurisdiction as may be legally required subject only to such conditions and requirements as are acceptable to Lessee, in its sole discretion, and such force majeure shall be considered to continue while and so long as any application for a permit, or for amendment or modification thereof or for a variance from any regulation or ordinance, or any similar application is pending, or at any time any such application has been rejected and so long after any such rejection as Lessee is engaged in efforts to secure a permit for operations hereunder on terms that are acceptable to Lessee. Likewise, it being recognized that some or all of the Leased Premises, and lands that may be pooled therewith, are within developed areas in which surface improvements and uses exist that may interfere with Lessee's ability to drill and operate wells and take and market oil and gas produced hereunder, force majeure includes Lessee's inability to place or locate surface facilities and equipment where Lessee considers it necessary or suitable, in Lessee's sole discretion, for the development and operation of the Leased Premises for oil and gas production at reasonable cost and without interference from or with other surface uses or undue risk of injury or damage to persons or property.

12. Lessee shall have the right, by the payment or tender to Lessor at any time before the end of the original primary term of a sum equal to the amount per acre paid by Lessee to Lessor for the execution of this lease, to extend the primary term hereof for an additional period of two (2) years. If such payment is timely made or tendered, the "primary term", as that term is defined in paragraph 7, shall be considered for all intents and purposes of this lease to be ~~two~~ ^{one} years. The payment or tender of said sum may be by check or draft and may be delivered or mailed to Lessor at the address of Lessor set forth herein or at such other address of which Lessor shall have notified Lessee in writing. In the event of the death of any person entitled to such payment, Lessee may pay or tender it in the name of the deceased or the estate of the deceased, at the address of the deceased according to Lessee's records, until such time as Lessee is furnished with proper evidence of the appointment and qualification of a personal representative of the estate or, if there is no administration of the estate, until Lessee is furnished satisfactory evidence of the identity and address of each heir or devisee of the deceased and that all debts of the estate have been paid. If two or more persons are entitled to the payment that Lessee may make under this paragraph, Lessee may pay or tender said sum to them jointly, with delivery or mail to the address of any of them. Payment or tender to any person entitled to such payment of his proportionate share shall extend the primary term hereof as to the interest of the person to whom such payment has been made extended. ADDENDUM

to Oil, Gas and Mineral Lease dated July 8, 2024
between Lillie Anderson, as Lessor, and Alpha Energy Partners II, LLC, as Lessee

To the extent any of the terms and provisions contained in this addendum conflict with any of the terms and provisions in the lease form to which this Addendum is attached, the terms and provisions of this Addendum shall govern and control. References in this Addendum to "this lease" shall mean the lease form to which this Addendum is attached, and this Addendum, collectively.

1. Only Oil and Gas. This lease covers only oil, gas and minerals produced in association with oil and gas, and Lessor excepts from this lease and reserves all other minerals of every kind and character in, on and under the Leased Premises, together with the right to use such land for the purposes of investigating, exploring, producing, saving, owning and disposing of said other minerals.
2. Gas Royalty. Royalty reserved hereto to Lessor will be paid on the total Btu (British thermal unit) content of the gas allocable to the Lessor's interest in the Leased Premises. The oil and gas produced from the Leased Premises or from any well on any premises with which the Leased Premises may be pooled or unitized shall be volumetrically metered prior to commingling with any other oil or gas, and the Btu content of the metered gas shall be determined prior to the extraction of any liquefiable hydrocarbons except those that may be extracted with conventional field separation facilities. Royalty reserved hereto to Lessor will then be paid on the total production allocable to the Lessor's interest in the Leased Premises.
3. Royalty on Liquids. Lessor shall be entitled to Lessor's fractional royalty share of all condensate, distillate and natural gasoline and all other liquefiable hydrocarbons extracted by or for Lessee from gas produced from the Leased Premises, by any method.
4. Due Dates of Royalty. All royalties that may become due hereunder shall commence to be paid on each well within one hundred eighty (180) days after the first day of the month following the month during which any well is completed and commences production, and thereafter all royalties shall be paid to Lessor on or before the last day of the second month following the month of production. Royalties not paid when due shall bear interest at the prime rate of interest charged by major U.S. commercial banks, as published in the Wall Street Journal, plus five percent (5%) (not to exceed legal New Mexico interest rate) from their due date until paid.
5. Shut-in Royalty. This lease shall not be maintained solely by the payment of shut-in gas royalty for a period longer than two (2) consecutive years after the expiration of the primary term of this lease.
6. Operations. Notwithstanding paragraph 6 of the printed portion of this lease, the term "operations" as used in this lease shall mean only (i) the production of oil, gas or other hydrocarbons in Paying Quantities from the Leased Premises or lands pooled therewith, and (ii) the actual drilling, testing, completing, reworking, recompleting, deepening, plugging back or repairing of a well on the Leased Premises or lands pooled therewith in search for or in an endeavor to obtain production of oil or gas, conducted in good faith and with due diligence; and drilling operations will not be considered as being conducted unless a rig capable of drilling to the prospective depth is actually in place and rotating under power. "Paying Quantities" is defined as production in quantities which are sufficient to yield any return in excess of operating costs even though drilling and equipment costs may or will never be repaid.
7. Depth Severance. At the end of the primary term of this lease, this lease shall terminate as to all depths 100 feet below the stratigraphic equivalent of the deepest producing formation from which production has been obtained in any well on the Leased Premises or lands pooled therewith. If at the end of the primary term, Lessee is engaged in drilling operations on the Leased Premises or lands pooled therewith, then this lease shall terminate as to such depth upon completion of such well.
8. Retained Acreage and Continuous Development. Notwithstanding anything herein to the contrary, at the expiration of the primary term hereof, this Lease shall remain in effect as to all of the Leased Premises for so long as Lessee is then engaged to continuously develop the Leased Premises allowing no more than 180 days to elapse from the date the drilling rig is released from one well until the commencement of actual operations for the drilling of another well on the Leased Premises or lands pooled therewith ("Continuous Development Period"). Unless this Lease is otherwise maintained in force and effect as provided herein, upon the expiration of either the primary term or extension thereof (if Lessee elects not to continuously develop), or the Continuous Development Period, this Lease shall terminate as to all lands not then included within a Producing Unit defined as the maximum amount of acreage permitted within a proration unit for a producing well formed as prescribed or permitted under any governmental rule or order from any governmental agency having jurisdiction thereof.
9. Division Orders. Neither the acceptance of royalties, delay rentals, shut-in royalties or other payments by Lessor (regardless of any notation thereon or instrument accompanying same), nor Lessor's execution of any division order or transfer order or similar instrument, shall ever constitute or be deemed to effect (a) a ratification, renewal or amendment of this lease or of any pooled unit designation filed by Lessee purporting to exercise the pooling rights granted to Lessee in this lease, or (b) a waiver of the rights granted to Lessor, or the obligations imposed upon Lessee, express or implied, by the terms of this lease, or remedies for Lessee's breach thereof, or (c) an estoppel against Lessor preventing Lessor from enforcing Lessor's rights or Lessee's obligations hereunder, express or implied, or from seeking damages for Lessee's breach thereof. Lessor's agreement to accept royalties from any purchaser shall not affect Lessee's obligation to pay royalties pursuant to this Lease. No instrument executed by Lessor shall be effective to constitute a ratification, renewal, extension or amendment of this lease unless the instrument is clearly titled to indicate its purpose and intent. If Lessor agrees to accept payment of royalties from a purchaser of oil or gas produced from the Leased Premises, or from another party designated to distribute royalties other than Lessee, Lessor's acceptance of such payments shall not relieve Lessee of its obligation to pay royalty hereunder except to the extent of payments actually received by Lessor from such third party, and if such third party fails to pay any sums due as royalty under this lease, Lessee shall remain fully liable therefor, whether or not Lessee has received payment for production from such purchaser or third party.
10. Severability. In the event any provision of this lease is found to be invalid, illegal, or unenforceable, the validity, legality, and enforceability of the remaining provisions of this lease shall not in any way be affected or impaired thereby and such provision shall be ineffective only to the extent of such invalidity, illegality, or unenforceability.

POOLING, EDDY COUNTY, NEW MEXICO**

Case No. 25166

SELF-AFFIRMED STATEMENT OF JASON McCLAIN

I, Jason McClain, state and affirm the following:

1. I am over the age of 18, and I have personal knowledge of the matters stated herein.
2. I am employed as a petroleum geologist for Alpha Energy Partners II, LLC (“Alpha”), and I am familiar with the subject application and the geology involved.
3. I have testified previously by affidavit before the Oil Conservation Division (“Division”) as an expert petroleum geologist; my credentials have been made a matter of record, and I have been qualified as an expert by the Division.
 - a. I have a Bachelor of Science Degree in Geology from Southern Illinois University and a Master of Science Degree in Geology from Southern Illinois University.
 - b. I have worked on New Mexico Oil and Gas matters since 2017.
4. This Self-Affirmed Statement is submitted in connection with the filing by Alpha Energy Partners II, LLC of the above-referenced compulsory pooling application pursuant to 19.15.4.12.A(1) NMAC.

**EXHIBIT
B**

5. **Exhibit B-1** is a structure map showing the depth (subsea) to the top of the Wolfcamp formation, a marker that defines the top of the target interval for the proposed wells. Contour interval of 20'. The units being pooled are outlined by red rectangles. The structure map shows that there is a regional down-dip to the Southeast. I do not observe any faulting, pinchouts, or other geologic impediments to developing this targeted interval.

6. **Exhibit B-2** is a stratigraphic cross-section flattened on the Wolfcamp Top. Each well in the cross-section contains a gamma ray, resistivity, and porosity log. The cross-section demonstrates continuity and consistent thickness across the target zone. The well logs on the cross-section give a representative sample of the Wolfcamp formation. The landing zones are highlighted by the well numbers.

7. Additional exhibits for the benefit of the Division's review include **Exhibit B-3**, a gross isochore from the top of Wolfcamp to the Wolfcamp C, as well as **Exhibits B-4, B-5, and B-6**. **Exhibit B-4** is a gun barrel representation of the unit, **Exhibit B-5** and **B-6** are structural cross sections built along the wellbore trajectories.

8. I conclude from the attached exhibits that:

- a. The horizontal spacing unit is justified from a geologic standpoint.
- b. There are no structural impediments or faulting that will interfere with horizontal development.
- c. Each quarter section in the unit will contribute more or less equally to production.

9. **Exhibit B-7** is a map showing location of the unit and the direction of maximum horizontal stress (S_{hmax}). This map indicates the preferred well orientation in this area is

East-West so that the wells run sub-perpendicular to the inferred orientation of the maximum horizontal stress.

10. The Exhibits to this Self-Affirmed Statement were prepared by me or compiled from Alpha Energy Partners II, LLC's company business records under my direct supervision.

11. The granting of this Application is in the interests of conservation, the prevention of waste and the drilling of unnecessary wells, and the protection of correlative rights.

12. The foregoing is correct and complete to the best of my knowledge and belief.

SELF-AFFIRMED STATEMENT OF MARK McCOY

I, Mark McCoy, state and affirm the following:

1. I am over the age of 18, and I have personal knowledge of the matters stated herein.
2. I am employed as a reservoir engineer for Alpha Energy Partners, LLC (“Alpha”), and I am familiar with the subject application and the engineering.
3. I have testified previously by affidavit before the Oil Conservation Division (“Division”) as a reservoir engineer; my credentials have been made a matter of record, and I have been qualified as an expert by the Division.
 - a. I hold a Bachelor’s degree in Mechanical Engineering obtained from the University of Oklahoma. I completed my education in 2021.
 - b. I have been employed full-time as a reservoir engineer with Alpha since October 4, 2023.
4. This Self-Affirmed Statement is submitted in connection with the filing by Alpha of the above-referenced compulsory pooling application pursuant to 19.15.4.12.A(1) NMAC.
5. The Hollywood Star wells are located and positioned within the proposed spacing unit in a manner that will optimize production. There are seven initial wells that

create an array of production points across the spacing unit at depths within the Wolfcamp formation which are specifically targeted to optimize production. The seven Wolfcamp wells will be spaced equally from north to south, with four in the Upper Wolfcamp zone at approximately 8,850' TVD, and three in the Lower Wolfcamp zone at approximately 9,400' TVD.

6. Since no party is challenging Alpha's development plan but only raising issues of notice and title, which are matters that the landman can speak to, I have not provided extensive engineering exhibits, but I make myself available to the technical examiners for any questions the Division may have.

1. Notice of the applications and hearing in the above-reference case was timely sent by certified mail, return receipt requested, through the United States Postal Service on January 23, 2025, at last addresses of record to all uncommitted mineral owners sought to be pooled in this proceeding. *See* Exhibit D-2, attached hereto. Based on returns and feedback from parties, additional letters were timely sent on January 29, 2025, to Covenant Hercules LLC and Chief Capital (O&G) II LLC), which were delivered, and a Second Notice letter was timely sent to Devon on February 3, 2025, which was delivered. Copies of notice letters and evidence of mailing to parties are attached hereto as Exhibits D-1 and D-2. A notice letter was sent to Magnum Hunter Production, Inc., on January 23, 2025, which was returned, and the U.S. Postal Service failed to deliver the Second Notice letter due to an unforeseen mishap at the Post Office. *See* Exhibit D-4.

2. Notice was sent to the Carlsbad Current Argus, a newspaper of general circulation in Eddy County, New Mexico, and timely published in said newspaper on January 25, 2025. *See* Exhibit D-3.

Case No. 25166:

Dear Interest Owners:

This letter is to advise you that Alpha Energy Partners II, LLC, affiliate successor to Alpha Energy Partners, LLC, ("Applicant"), has filed the enclosed application, Case No. 25166, with the New Mexico Oil Conservation Division ("Division") for an order pooling all uncommitted mineral interests in the Wolfcamp formation, designated as a gas pool, underlying a standard 1267.84-acres, more or less, horizontal spacing unit comprised of Section 17 and 18 in Township 22 South, Range 27 East, Eddy County, New Mexico. The Division docketed Alpha's original application as Case No. 24944.

Alpha requested that this Application be set for hearing before an Examiner of the Oil Conservation Division on February 13, 2025. The status of the hearing, including any continuances, can be monitored through the Division's website. Division hearings will commence at 9:00 a.m., in the Wendell Chino Building, Pecos Hall located on the 1st Floor, at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. If so desired, you can attend the hearing in person at Pecos Hall or you can attend virtually through remote online access. For information about attending by remote access and reviewing the status of the

case, you can visit the Division's website at: <https://www.emnrd.nm.gov/ocd/hearing-info/> or call (505) 476-3441.

You are being notified as an interest owner (subject to title examination) and are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 19.15.4.13.B NMAC to file a Pre-hearing Statement at least four business days in advance of a scheduled hearing, but in no event later than 5 p.m. mountain time on the Thursday preceding the scheduled hearing date. This statement must be filed at the Division's Santa Fe office at the above specified address and should include: The names of the parties and their attorneys; a concise statement of the case; ; the nature of any protests or objections; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

If you have any questions about this matter, please contact John Coffman at (432) 219-8812 or at john@alphapermian.com.

Pat,

Just wanted to get this in front of you, we had sent to Magnum Hunter on January 23rd but it got kicked back and we mailed it out again.

Do you mind waiving the notice requirement for the amended application?

Thank you,

John Coffman

Case No. 25166:

Dear Interest Owners:

This letter is to advise you that Alpha Energy Partners II, LLC, affiliate successor to Alpha Energy Partners, LLC, ("Applicant"), has filed the enclosed application, Case No. 25166, with the New Mexico Oil Conservation Division ("Division") for an order pooling all uncommitted mineral interests in the Wolfcamp formation, designated as a gas pool, underlying a standard 1267.84-acres, more or less, horizontal spacing unit comprised of Section 17 and 18 in Township 22 South, Range 27 East, Eddy County, New Mexico. The Division docketed Alpha's original application as Case No. 24944.

Alpha requested that this Application be set for hearing before an Examiner of the Oil Conservation Division on February 13, 2025. The status of the hearing, including any continuances, can be monitored through the Division's website. Division hearings will commence at 9:00 a.m., in the Wendell Chino Building, Pecos Hall located on the 1st Floor, at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. If so desired, you can attend the hearing in person at Pecos Hall or you can attend virtually through remote online access. For information about attending by remote access and reviewing the status of the

case, you can visit the Division's website at: <https://www.emnrd.nm.gov/ocd/hearing-info/> or call (505) 476-3441.

You are being notified as an interest owner (subject to title examination) and are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 19.15.4.13.B NMAC to file a Pre-hearing Statement at least four business days in advance of a scheduled hearing, but in no event later than 5 p.m. mountain time on the Thursday preceding the scheduled hearing date. This statement must be filed at the Division's Santa Fe office at the above specified address and should include: The names of the parties and their attorneys; a concise statement of the case; ; the nature of any protests or objections; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

If you have any questions about this matter, please contact John Coffman at (432) 219-8812 or at john@alphapermian.com.

Sincerely,

Darin C. Savage

Exhibit E:	Self-Affirmed Statement of Jaron P. Simon, Engineer
Exhibit E-1:	Resume of Jaron Simon, Drilling Engineer

**STATE OF NEW MEXICO
DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES
OIL CONSERVATION DIVISION**

**AMENDED APPLICATION PALOMA PERMIAN ASSETCO, FOR
COMPULSORY
POOLING, EDDY COUNTY, NEW MEXICO**

Case No. 25166

SELF-AFFIRMED STATEMENT OF JARON P SIMON

I, Jaron P Simon, affirm and state the following:

1. I am over the age of 18, and I have personal knowledge of the matters stated herein.
2. I am employed as a drilling engineer for Paloma Permian AssetCo ("Paloma"), and I am familiar with the subject application and the engineering.
3. I have testified previously by affidavit before the Oil Conservation Division ("Division") as a drilling engineer; my credentials have been made a matter of record, and I have been qualified as an expert by the Division. I hold a bachelor's degree in petroleum engineering obtained from the Texas Tech University. I completed my education in 2005.
4. This affidavit is submitted in connection with the filing by Paloma of the above-referenced compulsory pooling application pursuant to 19.15.4.12.A(1) NMAC.
5. The Hollywood Star wells are designed and targeted within the rules and regulations of the state oil and gas laws. Each of the 7 wells will be drilled with fluid-based mud systems and casing strings within the OCD rules and regulations defined by 19.15.16.10 NMAC. Well control will be maintained at all times with blowout preventors as defined by 19.15.16.12 NMAC. All deviation tests and wellbore surveys will be filed in accordance with 19.15.16.14 NMAC.

6. Since no party is challenging Paloma's development plan but only raising issues of notice and title, which are matters that the landman can speak to, I have not provided extensive engineering exhibits, but I make myself available to the technical examiners for any questions the Division may have.

7. The foregoing is correct and complete to the best of my knowledge and belief.

[Signature page follows]

Signature page of Self-Affirmed Statement of Jaron P. Simon:

I understand that this Self-Affirmed Statement will be used as written testimony before the Division in Case No. 25166 and affirm that my testimony herein is true and correct, to the best of my knowledge and belief and made under penalty of perjury under the laws of the State of New Mexico.
