**APPLICANT'S STATEMENT OF THE CASE**

Chevron seeks to amend Order No. R-20250 to dismiss from the order approval to surface commingle oil and gas production from the Bone Spring and Wolfcamp formations within its Javelina Unit ("Unit"). To increase administrative efficiency, Chevron requests that Order No. R-20250 be amended to dismiss only the surface commingling authority granted under the order so that Chevron can file an administrative application for surface commingling. Both this request for dismissal and the administrative application for surface commingling are being pursued simultaneously, and Chevron requests that the Division not dismiss the commingling authority

granted under Order R-20250 until the administrative commingling is authorized in order to avoid any gap in surface commingling authority.

**PROCEDURAL MATTERS**

Chevron intends to present this case by self-affirmed statement if there is no opposition at the time of hearing.

Respectfully submitted,

HOLLAND & HART LLP
