**APPLICATION OF MRC PERMIAN COMPANY
FOR COMPULSORY POOLING,
LEA COUNTY, NEW MEXICO.**

CASE NO. 25391

NOTICE OF SECOND REVISED EXHIBITS

MRC Permian Company (“MRC”), applicant in the above referenced case, gives notice that it is filing the attached revised exhibit for acceptance into the record.

Matador Revised Exhibit A is an updated compulsory pooling checklist (“CPAC”) that shows the other parties that entered an appearance and describes the vertical interval.

Matador Revised Exhibit C is a revised landman statement that provides additional detail regarding the offers made to the parties objecting.

Matador Revised Exhibit C-3 is a revised pooling exhibit showing that MRC was able to reach agreement with several of the parties it previously sought to pool.

Matador Supplemental Exhibit C-6 through C-8 are emails regarding lease offers between Matador and the parties objecting.

Matador Supplemental Exhibit C-9 is a map of the subject area with recent State Land Office leases.

Matador Revised Exhibit D-3 is a revised structural cross-section that shows the top of the Strawn interval, per the Division technical examiner’s request at the June 5, 2025 hearing.

Respectfully submitted,

**STATE OF NEW MEXICO
ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT
OIL CONSERVATION DIVISION**

**APPLICATION OF MRC PERMIAN COMPANY
FOR COMPULSORY POOLING,
LEA COUNTY, NEW MEXICO.**

CASE NO. 25391

APPLICATION

MRC Permian Company (“MRC” or “Applicant”), through undersigned attorneys, hereby files this application with the Oil Conservation Division pursuant to the provisions of NMSA 1978, § 70-2-17, for an order pooling a standard 480-acre, more or less, horizontal well spacing unit in the Pennsylvanian formation underlying the W/2 E/2 of Sections 11, 14, and 23, Township 15 South, Range 36 East, NMPM, Lea County, New Mexico. In support of its application, MRC states:

1. Applicant is a working interest owner in the proposed horizontal spacing unit and has the right to drill thereon.
2. Applicant seeks to designate Matador Production Company (OGRID No. 228937) as the operator of the proposed horizontal spacing unit.
3. Applicant seeks to initially dedicate the above-referenced horizontal spacing unit to the proposed **Ed Drake Fed Com #243H** well, with a surface location in the SE/4 SE/4 (Unit P) of Section 23, a first take point in the SW/4 SE/4 (Unit O) of Section 23, and a last take point in the NW/4 NE/4 (Unit B) of Section 11.
4. Applicant has sought and been unable to obtain voluntary agreement for the development of these lands from all interest owners in the subject spacing unit.

**BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. B
Submitted by: Matador Production Company
Hearing Date: June 5, 2025
Case No. 25391**

5. The pooling of interests in the proposed horizontal well spacing unit will allow Applicant to obtain a just and fair share of the oil and gas underlying the subject lands, avoid the drilling of unnecessary wells, will prevent waste, and will protect correlative rights.

WHEREFORE, Applicant requests that this application be set for hearing before an Examiner of the Oil Conservation Division on June 5, 2025, and, after notice and hearing as required by law, the Division enter an order:

- A. Pooling all uncommitted interests in the proposed horizontal well spacing unit;
- B. Designating Matador Production Company as operator of this horizontal well spacing unit and the well to be drilled thereon;
- C. Authorizing Applicant to recover its costs of drilling, completing, and equipping the well;
- D. Approving the actual operating charges and costs of supervision while drilling and after completion, together with a provision adjusting the rates pursuant to the COPAS accounting procedures; and
- E. Imposing a 200% charge for the risk assumed by Applicant in drilling and completing the well against any working interest owner who does not voluntarily participate in the drilling of the well.

Respectfully submitted,

HOLLAND & HART LLP

ATTORNEYS FOR MRC PERMIAN COMPANY

CASE _____: **Application of MRC Permian Company for Compulsory Pooling, Lea County, New Mexico.** Applicant in the above-styled cause seeks an order pooling a standard 480-acre, more or less, horizontal well spacing unit in the Pennsylvanian formation underlying the W/2 E/2 of Sections 11, 14, and 23, Township 15 South, Range 36 East, NMPM, Lea County, New Mexico. Said unit will be initially dedicated to the proposed **Ed Drake Fed Com #243H** well, with a surface location in the SE/4 SE/4 (Unit P) of Section 23, a first take point in the SW/4 SE/4 (Unit O) of Section 23, and a last take point in the NW/4 NE/4 (Unit B) of Section 11. Also to be considered will be the cost of drilling and completing the well and the allocation of the cost thereof, actual operating costs and charges for supervision, designation of Matador Production Company as operator of the well, and a 200% charge for risk involved in drilling the well. The subject area is located approximately 7 miles northeast of Lovington, New Mexico.

**STATE OF NEW MEXICO
ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT
OIL CONSERVATION DIVISION**

**APPLICATION OF MRC PERMIAN COMPANY
FOR COMPULSORY POOLING,
LEA COUNTY, NEW MEXICO.**

CASE NO. 25391

SELF-AFFIRMED STATEMENT OF ADDISON COSTLEY

Addison Costley, of lawful age and being first duly sworn, declares as follows:

1. My name is Addison Costley. I work for MRC Energy Company, an affiliate of MRC Permian Company ("MRC"), as a Landman.

2. I have previously testified before the New Mexico Oil Conservation Division as an expert witness in petroleum land matters. My credentials as a petroleum landman have been accepted by the Division and made a matter of public record.

3. I am familiar with the application filed by MRC in this case, and I am familiar with the status of the lands in the subject area.

4. In this case, MRC is seeking an order pooling all uncommitted interests in the Pennsylvanian formation in the standard 480-acre, more or less, horizontal well spacing unit underlying the W/2 E/2 of Sections 11, 14, and 23, Township 15 South, Range 36 East, NMPM, Lea County, New Mexico, and initially dedicate this Pennsylvanian spacing unit to the proposed **Ed Drake Fed Com #243H** well, with a surface location in the SE/4 SE/4 (Unit P) of Section 23, a first take point in the SW/4 SE/4 (Unit O) of Section 23, and a last take point in the NW/4 NE/4 (Unit B) of Section 11.

5. MRC understands this well will be placed in the Dean; Permo Upper Penn [16720] pool.

BEFORE THE OIL CONSERVATION DIVISION

Santa Fe, New Mexico

Revised Exhibit No. C

Submitted by: Matador Production Company

Hearing Date: July 15, 2025

Case No. 25391

6. **MRC Exhibit C-1** contains the Form C-102 for the proposed initial well.
7. The completed intervals for the proposed well will remain within the standard setbacks required by the statewide rules set forth in 19.15.16.15 NMAC.
8. **MRC Exhibit C-2** identifies the tracts of land comprising the proposed horizontal spacing unit. The land in the proposed spacing unit is comprised of state and fee lands.
9. **MRC Exhibit C-3** identifies the unleased mineral interest owners that MRC is seeking to pool. The first page of Exhibit C-3 shows the parties MRC is seeking to pool on a unit basis. Behind the unit analysis, there are additional pages showing the unleased mineral interest owners that MRC seeks to pool, on a tract by tract basis, along with their ownership interest in each of the tracts in the proposed horizontal spacing unit. The parties that MRC is seeking to pool are highlighted yellow.
10. There are no depth severances within the Pennsylvanian formation for this acreage.
11. While MRC was working to put this unit together, MRC proposed the above well to the unleased mineral interest parties it seeks to pool. **MRC Exhibit C-4** contains a representative copy of the forms of well proposal letters that were sent to the unleased mineral owners, along with the AFE that was sent for the well. The costs reflected in the AFE are consistent with what other operators have incurred for drilling similar horizontal wells in the area.
12. **MRC Exhibit C-5** contains a summary of MRC's contacts with the uncommitted unleased mineral interest owner we seek to pool in this case. As indicated on MRC Exhibit C-5, MRC has been able to contact and have discussions with many of the unleased mineral interest we seek to pool. Also as shown on Exhibit C-5, there are some unleased mineral interest owners that MRC has not yet been able to contact, but it appears that MRC's well proposals were delivered to those owners. In addition, as shown on Exhibit C-5, there are a few parties that MRC has thus far

been unable to locate (Dennis Allen Spain, Estate of G.E. Bunting, Karen Sue Lemmke, Sydney Miller, Theodore K. Stotlar, and Thomas E. Stotlar). For those owners for whom our well proposal went undelivered, we attempted to find a second potential address for that owner and mailed the well proposal to that second potential address if we were able to find one. MRC will continue its efforts to contact those owners we have not yet been able to locate or contact. In my opinion, MRC has undertaken good faith efforts to reach an agreement with the uncommitted unleased mineral interest owners that MRC seeks to pool in this case.

13. My understanding is that the following owners MRC seeks to pool have objected to MRC's application. Additional information regarding MRC's attempts to reach voluntary joinder with these owners is as follows:

- (a) Seven Ways Minerals, Ltd. – Attached as **Exhibit C-6** are emails between myself and Arthur Yeager, who I understand to be representing Seven Ways. As shown in the email chain, MRC has engaged in good faith negotiations to attempt to enter a lease with Seven Ways, including MRC's most recent offer of a lease with a 3-year primary term, 1/5 royalty, and \$750/acre bonus. As shown in **Exhibit C-6**, Seven Ways requested a 22.5% royalty rate, which MRC did not agree to because we feel that is above market rate, as discussed further below.
- (b) Blessed Income, LLC as well as The Carol Ann Sandquist 1995 Management Trust – In addition to MRC's initial well proposal and offer to lease, I have attempted to call these owners' representative, Douglas Buchanan, to discuss this matter further and left a voicemail, but to my knowledge Mr. Buchanan has not returned my phone call.
- (c) Mary Helen Energy, LLC as well as Pops Minerals, LLC – Attached as **Exhibit C-7** are emails between myself and Gerry Weisenfels, who I understand to represent both these owners. As indicated in the emails, MRC's most recent offer of a lease to these owners was for a 3-year primary term, 1/5 royalty, and \$750/acre bonus. Mr. Weisenfels also requested a copy of the proposed JOA, which I provided, and the emails further show that I answered Mr. Weisenfels questions about the ownership percentage for one of the owners.
- (d) McCrae Management Trust – In addition to the well proposal and initial offers to lease by MRC, I have spoken to the Trust's representative over the phone and made an increased offer to lease with a 3-year primary term, 1/5 royalty, and \$750/acre bonus.

- (e) Yeager Resources, Ltd. as well as Patsy Hinchey Family, Ltd. – Attached as **Exhibit C-8** are emails between myself and Joe Lindemood, who I understand to represent both these owners. As shown in the emails, MRC was negotiating in good faith in an attempt to lease these owners' interests and on July 3, 2025 Mr. Lindemood advised that these owners had leased their interests to BTA Oil Producers LLC effective July 1, 2025.
- (f) As shown above, MRC has engaged in good faith negotiations with the above

parties in an attempt to lease their acreage (or enter a JOA should they choose to participate in the well). To the extent these owners claim that MRC's offer to lease with a 3-year primary term, 1/5 royalty, and \$750/acre bonus was not a reasonable offer, I strongly disagree. MRC has recently taken many leases in and around this spacing unit with a 1/5 royalty and less than a \$750/acre bonus. In addition, attached as **Exhibit C-9** is a map showing the New Mexico State Land Office ("SLO") leases taken in and around this unit within the last 5 years. The SLO leases also contain a 1/5 royalty, similar to MRC's lease offer. As shown on the table behind **Exhibit C-9**, all but one of these leases were taken for less than the \$750/acre bonus MRC offered, and the average bonus paid for these SLO leases was approximately \$308/acre.

15. In short, MRC has engaged in good faith, reasonable efforts to lease those pooled owners who were interested in leasing. MRC's lease offer was more than reasonable and we consider it to be actually above market for leases in the area, but we were willing to make those higher offers in an effort to resolve these owners' objections and avoid a contested hearing. To the extent these owners claim they are able to get more favorable lease terms from another third party, they are free to lease their minerals to those third parties anytime.

16. MRC has made an estimate of overhead and administrative costs for drilling and producing the proposed well. It is \$10,000/month while drilling, and \$1,000/month while producing. These costs are consistent with what other operators are charging in this area for these

types of wells. MRC respectfully requests that these administrative and overhead costs be incorporated into any order entered by the Division in this case.

17. I provided MRC's outside counsel, Holland & Hart, a list of names and addresses for the parties that MRC is seeking to pool for whom MRC was able to locate an address or potential address. In compiling this notice list, MRC conducted a diligent search of all public records in the county where the proposed wells are located, including computer searches.

18. **MRC Exhibits C-1 through C-9** were either prepared by me or compiled under my direction and supervision.

19. I affirm under penalty of perjury under the laws of the State of New Mexico that the foregoing statements are true and correct. I understand that this self-affirmed statement will be used as written testimony in this case. This statement is made on the date next to my signature below.

Re: Ed Drake Fed Com #241H & #242H and Ed Drake State Com #243H & #244H (the “Wells”)
Participation Proposal
Sections 23, 14 & 11, Township 15 South, Range 36 East
Lea County, New Mexico

Dear Sir/Madam:

MRC Permian Company (“MRC”) proposes the drilling of Matador Production Company’s wells, located in Sections 23, 14 and 11, Township 15 South, Range 36 East, Lea County, New Mexico:

Well Name	SHL	FTP	LTP	TVD	TMD	Formation
Ed Drake Fed Com #241H	SW4SW4 23-15S-36E	660’ FWL & 100’ FSL 23-15S-36E	660’ FWL & 100’ FNL 11-15S-36E	~11,400’	~26,834’	Wolfcamp D
Ed Drake Fed Com #242H	SW4SW4 23-15S-36E	1980’ FWL & 100’ FSL 23-15S-36E	1980’ FWL & 100’ FNL 11-15S-36E	~11,400’	~26,834’	Wolfcamp D
Ed Drake State Com #243H	SE4SE4 23-15S-36E	1980’ FEL & 100’ FSL 23-15S-36E	1980’ FEL & 100’ FNL 11-15S-36E	~11,400’	~26,834’	Wolfcamp D
Ed Drake State Com #244H	SE4SE4 23-15S-36E	660’ FEL & 100’ FSL 23-15S-36E	660’ FEL & 100’ FNL 11-15S-36E	~11,400’	~26,834’	Wolfcamp D

In connection with the above, please note the estimated cost of drilling, testing, completing, and equipping of each Well is itemized on the four (4) enclosed Authority for Expenditures (“AFE”) dated February 5, 2025.

MRC reserves the right to modify the locations and drilling plans described above in order to address topography, cultural or environmental concerns, among other reasons. MRC will advise you of any such modifications.

MRC requests that you indicate your election to participate in the drilling and completion of the Wells in the space provided below, sign and return one (1) copy of this letter to the undersigned.

MRC is proposing to drill the Wells under the terms of the modified 1989 AAPL form of Operating Agreement dated March 5, 2025, by and between Matador Production Company, as Operator and MRC Permian Company et al as Non-Operators covering All of Sections 23, 14 and 11, Township 15 South, Range 36 East, Lea County, New Mexico, and has the following general provisions:

- 100/300/300 Non-consenting penalty
- \$10,000/\$1,000 Drilling and Producing rate
- Matador Production Company named as Operator

If your election is to participate in the drilling and completion of the Wells, please sign and return a copy of the enclosed AFEs within thirty (30) days of receipt of this notice. Please be aware that the enclosed AFEs are only an estimate of costs to be incurred and by electing to participate in the Wells, each working interest owner shall be responsible for its proportionate share of all costs incurred.

Thank you for your consideration of this proposal. Please contact me if you have any questions.

Sincerely,

MRC PERMIAN COMPANY

Addison Costley

Date: Tuesday, July 1, 2025 4:53:00 PM

Arthur,

Thanks for following up as I was out of this office majority of last week. I have reviewed the lease that you've provided and I'm happy to discuss once we iron out the terms. We can do a 20% royalty as this is what is economic and \$750 p/NMA bonus consideration. If you are agreeable to a 20% royalty but would like to see a different bonus consideration, I am happy to run it up the chain on my end.

If these terms are agreeable, I am happy to work with you on a mutually agreeable lease form to reach voluntary joinder.

Please let me know when you have time to discuss.

Thank you,

Addison Costley

Hi Addison

I assume you still have no flexibility to negotiate on this and probably have not reviewed our lease?

Just checking.

Begin forwarded message:

Addison -

We are ok at a \$750 bonus but firm at 22.5 on royalty. In case you can get there I have attached our lease form for your review.

I'm aware there is some Texas regulatory references that need to be removed.

Other than that it is our standard form.

Thanks.

<addison.costley@matadorresources.com> wrote:

Arthur,

As discussed, 20% royalty is the best I can do for this area. In addition, the highest I can go on a bonus is \$750 p/nma.

Happy to jump on a call to discuss further.

Thank you,

Addison Costley

Hi Addison

We haven't signed a lease below a 1/4 in Texas, New Mexico, or OK in the last 50 years and don't really want to start now.

However, We've been offered \$1,000, 22.5%, 3 years subject of course to lease terms.

We'd be amenable to that same deal with MTDR.

We have our own lease form which I am happy to forward if we can agree on price.

Thanks,

Arthur

Arthur,

I appreciate you reaching out and providing a lease proposal. We are wanting to work with yall to reach voluntary joinder and would propose a 3-year term, \$750 p/NMA bonus, 1/5 royalty, and a mutually agreeable lease form for a lease in T15S-R36E: NE/4 Section 23. If this is acceptable, I can provide a lease. Alternatively, if you would like to participate in the Ed Drake 243H and 244H we would be happy to send over a Joint Operating Agreement.

Please feel free to give me a shout with any questions or concerns.

Thank you,

Addison Costley

Hi Addison

We'd be willing to lease at \$1,000 per nma bonus, 1/4 royalty, 3 year term.

Let me know if that works and I'll forward our lease over for your review.

Thanks.

Joe,

We would like to get yall under lease or happy to purchase the mineral interest as discussed previously. I have attached our lease form for your review at \$750 p/NMA bonus consideration and 20% royalty subject to a mutually agreeable form. Alternatively, if you would like to participate, I am happy to send over the Operating Agreement.

Please let me know if you are agreeable to any of these terms.

Happy to discuss further at your convenience.

Thank you,

Addison Costley

Joe,

We are wanting to work with yall to reach voluntary joinder and would propose a 3-year term, \$750 p/NMA bonus, 1/5 royalty, and a mutually agreeable lease form for a lease in T15S-R36E: NE/4 Section 23. If this is acceptable, I can provide a lease. Alternatively, if you would like to participate in the Ed Drake 243H and 244H we would be happy to send over a Joint Operating Agreement.

Please feel free to give me a shout with any questions or concerns.

Addison, thank you for sending and taking some time to discuss my issues. I respectfully request an extension of time as I don't feel like Yeager Resources Ltd, Patsy Hinchey Family LP etal were given enough time for notice and to further evaluate our options – lease, participate etc. To reiterate, we would like to further our conversations but need the additional 30 days.

Thanks,
JL

Gerry,

Please see the attached AFE's for the Ed Drake 243H/244H. Mary Helen Energy is currently credited with 13.333333 NMA in the NE Section 23: T15S-R36E which amounts to a 1.388888% WI in the E2 Sections 23, 14, and 11 T15S-R36E. All calculations are subject to change with title verification.

Please let me know if you have any questions.

Thank you,

****EXTERNAL EMAIL****

Addison,

Thank you for sending this over. We're looking through the JOA.

Are there any cost estimates available for the well(s) and what would be the working interest ownership percentage for Mary Helen Energy, LLC?

Mary Helen Energy, LLC should own the same interests in these lands as Yeager Resources Ltd., Patsy Hinchey Family Ltd., and Sevenways Minerals Ltd.

Thanks again,
Gerry

Addison,

This is Gerry Weisenfels with J Dub Enterprises, and we're the mineral managers for Mary Helen Energy LLC and Pops Minerals LLC. Copies of our agency agreements are attached.

These LLCs own interests in the NE/4 of Section 23, T15S, 36E, Lea Co., NM. (They are owners of interests previously held by the Yeager/Armstrong group.)

We understand that MRC desires to lease these lands. Please provide us with the terms of MRC's lease offer for our review. One or both of these owners may be interested in participating, so please provide details about that option as well.

Best,
Gerry Weisenfels

**STATE OF NEW MEXICO
ENERGY, MINERALS, AND NATURAL RESOURCES DEPARTMENT
OIL CONSERVATION DIVISION**

**APPLICATION OF MRC PERMIAN
COMPANY FOR COMPULSORY POOLING,
LEA COUNTY, NEW MEXICO.**

CASE NO. 25391

SELF-AFFIRMED STATEMENT OF JOSHUA BURRUS

1. My name is Joshua Burrus. I work for MRC Energy Company, an affiliate of Matador Production Company ("Matador"), as a Senior Staff Geologist.
2. I have previously testified before the New Mexico Oil Conservation Division as an expert witness in petroleum geology. My credentials as a petroleum geologist have been accepted by the Division and made a matter of record.
3. I am familiar with the application filed by MRC in this case, and I have conducted a geologic study of the lands in the subject area.
4. **MRC Exhibit D-1** is a locator map outlining the horizontal spacing unit with a black box shaded in yellow, with the larger area identified in a red box.
5. In this case, MRC intends to develop the Penn Shale of the upper Pennsylvanian formation.
6. **MRC Exhibit D-2** is a subsea structure map prepared off the top of the Pennsylvanian formation. The contour interval is 50 feet. The structure map shows the Pennsylvanian formation dipping to the east. The structure appears consistent across the proposed wellbore path. I do not observe any faulting, pinchouts, or other geologic impediments to horizontal drilling.
7. Also included on MRC Exhibit D-2 is a line of cross section from A to A'.

BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. D
Submitted by: Matador Production Company
Hearing Date: July 15, 2025
Case No. 25391

8. **MRC Exhibit D-3** is a structural cross-section displaying open-hole logs run over the Pennsylvanian formation (or at least portions thereof) from the four representative wells denoted from A to A'. For each well in the cross-section, the following logs are included: gamma ray, caliper, resistivity, and porosity, where available. The proposed target interval for the proposed well is labeled and marked with a yellow shaded area. The logs in the cross-section demonstrate that the targeted interval, within the Pennsylvanian formation, is consistent in thickness across the entirety of the proposed spacing unit.

9. In my opinion, the standup orientation is the preferred orientation for development in this area for the Penn Shale well based on the maximum horizontal stress orientation in this area.

10. Based on my geologic study of the area, I have not identified any geologic impediments to drilling horizontal wells within the Pennsylvanian formation in the area of the spacing unit proposed in this case.

11. In my opinion, each quarter-quarter section will be productive and contribute more-or-less equally to production from the horizontal spacing unit.

12. In my opinion, horizontal drilling will be the most efficient method to develop this acreage, to prevent the drilling of unnecessary wells, and to result in the greatest ultimate recovery.

13. In my opinion, approving MRC's application will be in the best interest of conservation, the prevention of waste, and protection of correlative rights.

14. **MRC Exhibits D-1 through D-3** were either prepared by me or compiled under my direction and supervision.

15. I affirm under penalty of perjury under the laws of the State of New Mexico that the foregoing statements are true and correct. I understand that this self-affirmed

statement will be used as written testimony in this case. This statement is made on the date next to my signature below.

**Re: Application of MRC Permian Company for Compulsory Pooling, Lea County,
New Mexico: Ed Drake Fed Com #243H well**

Ladies & Gentlemen:

This letter is to advise you that MRC Permian Company has filed the enclosed application with the New Mexico Oil Conservation Division. A hearing has been requested before a Division Examiner on June 5, 2025, and the status of the hearing can be monitored through the Division's website at <https://www.emnrd.nm.gov/ocd/>.

It is anticipated that hearings will be held in a hybrid format with both in-person and virtual participation options. The meeting will be held in the Pecos Hall Hearing Room at the Wendall Chino Building, 1st Floor, 1220 South St. Francis Dr., Santa Fe, New Mexico. To participate virtually in the hearing, see the instructions posted on the OCD Hearings website: <https://www.emnrd.nm.gov/ocd/hearing-info/>.

You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date. Parties appearing in cases are required to file a Pre-hearing Statement four business days in advance of a scheduled hearing that complies with the provisions of NMAC 19.15.4.13.B.

If you have any questions about this matter, please contact Addison Costley at (972) 371-5474 or at addison.costley@matadorresources.com.

Sincerely,

A handwritten signature in blue ink, appearing to read 'AG Rankin', with a long horizontal flourish extending to the right.

LEGAL NOTICE
May 18, 2025

Case No. 25391: Application of MRC Permian Company for Compulsory Pooling, Lea County, New Mexico. Notice to all affected interest owners, including all heirs, devisees and successors of: Artamyse Watts Oil, Ltd.; Barbara Jean Hopkins; Carla Dean Gallipoli; Carla Dean Gallipoli, as Trustee of the Carla Dean Gallipoli Generation Skipping Trust; Debra Dean Noland; Dennis Allen Spain; Derek Lee Spain; Edwin L. Baker and Nancy P. Baker, JTROS; Estate of G.E. Bunting; Hamilton E. McRae III, Trustee of the McRae Management Trust; J.G. Armstrong Family Minerals, LLC, Wells Fargo Bank, NA, Agent; James Lee Dean; James Lee Dean, as Trustee of the James Lee Dean Generation Skipping Trust; James Robert Bunting; Karen Sue Lempke; Mark Massick and Shalene Massick, JTROS; Mary Helen Energy, LLC; Wells Fargo Bank, NA, Agent; Motion Pictures Associates, Ltd.; Patsy Hinchey Family Partnership; Russell Lee Dean; Sally Ann Stotlar Bryant; Seven Ways Minerals, Ltd.; Sydney Miller; The Carol Ann Sandquist 1995 Management Trust, Wells Fargo Bank, NA, Agent; The Stubbeman Family Foundation; Theodore K. Stotlar, II; Thomas E. Stotlar; Timothy J. Stotlar, and; Yeager Resources, Ltd. The State of New Mexico, Energy Minerals and Natural Resources Department, Oil Conservation Division ("Division") hereby gives notice that the Division will hold public hearing 8:30 a.m. on June 5, 2025, to consider this application. The hearing will be conducted in a hybrid fashion, both in-person at the Energy, Minerals, Natural Resources Department, Wendell Chino Building, Pecos Hall, 1220 South St. Francis Drive, 1st Floor, Santa Fe, NM 87505 and via the WebEx virtual meeting platform. To participate in the hearings electronically, see the instructions posted on the docket for the hearing date: <https://www.emnrd.nm.gov/ocd/hearing-info/> or contact Freya Tschantz, at Freya.Tschantz@emnrd.nm.gov. Applicant in the above-styled cause seeks an order pooling a standard 480-acre, more or less, horizontal well spacing unit in the Pennsylvanian formation underlying the W/2 E/2 of Sections 11, 14, and 23, Township 15 South, Range 36 East, NMPM, Lea County, New Mexico. Said unit will be initially dedicated to the proposed **Ed Drake Fed Com #243H** well, with a surface location in the SE/4 SE/4 (Unit P) of Section 23, a first take point in the SW/4 SE/4 (Unit O) of Section 23, and a last take point in the NW/4 NE/4 (Unit B) of Section 11. Also to be considered will be the cost of drilling and completing the well and the allocation of the cost thereof, actual operating costs and charges for supervision, designation of Matador Production Company as operator of the well, and a 200% charge for risk involved in drilling the well. The subject area is located approximately 7 miles northeast of Lovington, New Mexico.
