COMPULSORY POOLING APPLICATION CHECKLIST

ALL INFORMATION IN THE APPLICATION MUST BE SUPPORTED BY SIGNED AFFIDAVITS

Case:	25479
Date	July 31, 2025
Applicant	Powderhorn Operating, LLC
Designated Operator & OGRID (affiliation if applicable)	332857
Applicant's Counsel:	Ben Holliday, Holliday Energy Law Group
Case Title:	Case No. 25479, Application of Powderhorn Operating, LLC for Compulsory Pooling, Eddy County, New Mexico
Entries of Appearance/Intervenors:	None
Well Family	Fade Away Fed Com
Formation/Pool	
Formation Name(s) or Vertical Extent:	Bone Spring
Primary Product (Oil or Gas):	Oil
Pooling this vertical extent:	All
Pool Name and Pool Code:	Winchester; Bone Spring West (97569)
Well Location Setback Rules:	Statewide
Spacing Unit	
Type (Horizontal/Vertical)	Horizontal
Size (Acres)	640
Building Blocks:	40 acre (Quarter Quarter)
Orientation:	East to West
Description: TRS/County	Section 21, Township 19 South, Range 27 East, Eddy
Standard Horizontal Well Spacing Unit (Y/N), If No, describe <u>and</u> is approval of non-standard unit requested in this application?	No. Powderhorn seeks approval for a 640 acre non-standard spacing unit comprised of entire Section 21, to be dedicated to four initial wells listed below.
Other Situations	
Depth Severance: Y/N. If yes, description	No
Proximity Tracts: If yes, description	No
Proximity Defining Well: if yes, description	n/a

CASE NO. _____

APPLICATION

Pursuant to NMSA § 70-2-17, Powderhorn Operating, LLC (OGRID No. 332857) (“Applicant”), through its undersigned attorney, hereby files this Application with the Oil Conservation Division of the State of New Mexico (“Division”) for an order (1) creating a 640.00-acre, more or less, non-standard horizontal well spacing unit comprised of Section 21, located in Township 19 South, Range 27 East, NMPM, Eddy County, New Mexico (“Unit”), and (2) pooling all uncommitted interest within the Bone Spring formation, designated as an oil pool (Winchester; Bone Spring West, Pool Code 97569), underlying said Unit. In support of its Application, Applicant states the following:

1. Applicant is a working interest owner in the Unit and has the right to drill thereon.
2. Applicant seeks to dedicate the above-referenced Unit to the following wells, referred to collectively as the Wells:
 - a. **Fade Away Fed Com 301H**, which is an oil well that will be horizontally drilled from a surface hole location 90’ FEL & 1,380’ FNL of Section 21, to a bottom hole location 100’ FWL & 660’ FNL of Section 21 Township 19 South, Range 27 East;
 - b. **Fade Away Fed Com 302H**, which is an oil well that will be horizontally drilled from a surface hole location 90’ FEL & 1,410’ FNL of Section 21, to a bottom hole location 100’ FWL & 1,980’ FNL of Section 21 Township 19 South, Range 27 East;
 - c. **Fade Away Fed Com 303H**, which is an oil well that will be horizontally drilled from a surface hole location 120’ FEL & 1,360’ FSL of Section 21, to a bottom hole location 100’ FWL & 1,980’ FSL of Section 21 Township 19 South, Range 27 East;

- d. **Fade Away Fed Com 304H**, which is an oil well that will be horizontally drilled from a surface hole location 120' FEL & 1,390' FSL of Section 21, to a bottom hole location 100' FWL & 660' FSL of Section 21 Township 19 South, Range 27 East;
3. The wells will be horizontally drilled, and the producing areas for the wells are expected to be orthodox.
4. Applicant has undertaken diligent, good-faith efforts to obtain voluntary agreements from all interest owners to participate in the drilling of the Wells but has been unable to obtain voluntary agreements from all interest owners.
5. The approval of this Unit and pooling of uncommitted interests within the Unit will avoid the drilling of unnecessary wells, prevent waste, and protect correlative rights.
6. In order to allow Applicant to obtain its just and fair share of the oil and gas underlying the subject lands, all uncommitted interests in the Unit should be pooled and Applicant should be designated the operator of the Wells and Unit.

WHEREFORE, Applicant requests this Application be set for hearing August 7, 2025, and that after notice and hearing, the Division enter an order:

- A. Pooling all uncommitted interests in the Unit;
- B. Approving the Wells in the Unit;
- C. Designating Applicant as operator of the Unit and the Wells;
- D. Authorizing Applicant to recover its costs of drilling, equipping and completing the Wells;
- E. Approving the actual operating charges and costs of supervision while drilling and after completion, together with a provision adjusting the rates pursuant to the COPAS accounting procedures; and
- F. Imposing a 300% penalty for the risk assumed by Applicant in drilling and completing the Wells against any working interest owner who does not voluntarily participate in the drilling of the Wells.

Respectfully submitted,

HOLLIDAY ENERGY LAW GROUP, PC

Counsel for Powderhorn Operating, LLC

Application of Powderhorn Operating, LLC for Compulsory Pooling, Eddy County, New Mexico. Applicant seeks an order pooling all uncommitted interest within the Bone Spring formation, underlying a 640.00-acre, more or less, standard horizontal spacing unit comprised of Section 21, located in Township 19 South, Range 27 East, NMPM, Eddy County, New Mexico ("Unit"). The Unit will be dedicated to the following wells: **Fade Away Fed Com 301H**, which is an oil well that will be horizontally drilled from a surface hole location 90' FEL & 1,380' FNL of Section 21, to a bottom hole location 100' FWL & 660' FNL of Section 21 Township 19 South, Range 27 East; **Fade Away Fed Com 302H**, which is an oil well that will be horizontally drilled from a surface hole location 90' FEL & 1,410' FNL of Section 21, to a bottom hole location 100' FWL & 1,980' FNL of Section 21 Township 19 South, Range 27 East; **Fade Away Fed Com 303H**, which is an oil well that will be horizontally drilled from a surface hole location 120' FEL & 1,360' FSL of Section 21, to a bottom hole location 100' FWL & 1,980' FSL of Section 21 Township 19 South, Range 27 East; **Fade Away Fed Com 304H**, which is an oil well that will be horizontally drilled from a surface hole location 120' FEL & 1,390' FSL of Section 21, to a bottom hole location 100' FWL & 660' FSL of Section 21 Township 19 South, Range 27 East. The 301H, 302H, 303H and 304H Wells are referred to collectively herein as the "Wells." The completed interval of the Wells will be orthodox. Also, to be considered will be the cost of drilling and completing the Wells and the allocation of the cost, the designation of Applicant as the operator of the Wells, and a 300% charge for the risk involved in drilling and completing the Wells. The Wells are located approximately 15.1 miles Southeast of Artesia, New Mexico.

Self-Affirmed Statement of Landman Mason Maxwell

**STATE OF NEW MEXICO
DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES**

**APPLICATION OF POWDERHORN ENERGY
PARTNERS FOR COMPULSORY POOLING,
AND TO THE EXTENT NECESSARY,
APPROVAL OF A NON-STANDARD
HORIZONTAL SPACING UNIT,
EDDY COUNTY, NEW MEXICO**

CASE NO. 25479

AFFIDAVIT OF MASON MAXWELL

Mason Maxwell, being first duly sworn and upon oath, deposes and states as follows:

1. My name is Mason Maxwell, and I am a landman with Powderhorn Energy Partners (“Powderhorn”), and its subsidiaries, including but not limited to, Powderhorn Operating, LLC (“Powderhorn Operating”). I have previously testified before the Oil Conservation Division (“Division”) as an expert witness in petroleum land matters. My credentials have been made a matter of record and I have previously been recognized by the Division as an expert witness.
2. I am submitting this affidavit in support of Powderhorn’s application in the above-referenced case pursuant to 19.15.14.12(A)(1) NMAC.
3. I am familiar with the application filed by Powderhorn in this case, and I am familiar with the status of the lands in the subject area. Copies of Powderhorn’s Application and the Proposed Hearing Notice are attached as Powderhorn’s Exhibit A-1.
4. None of the parties to be pooled in this case have indicated opposition to this matter proceeding by affidavit to the Division, and therefore I do not expect any opposition at the hearing.
5. In this case, Powderhorn seeks an order pooling all uncommitted interest owners in the Bone Spring Formation (“Formation”) within following spacing unit:

- a. 640.00-acre, more or less, non-standard horizontal well spacing unit comprised of Section 21, located in Township 19 South, Range 27 East, NMPM, Eddy County, New Mexico ("Spacing Unit").
- b. The Spacing Unit will be initially dedicated to the following wells (collectively the "Wells"):
 - i. **Fade Away Fed Com 301H**, which is an oil well that will be horizontally drilled from a surface hole location 90' FEL & 1,380' FNL of Section 21, to a bottom hole location 100' FWL & 660' FNL of Section 21 Township 19 South, Range 27 East;
 - ii. **Fade Away Fed Com 302H**, which is an oil well that will be horizontally drilled from a surface hole location 90' FEL & 1,410' FNL of Section 21, to a bottom hole location 100' FWL & 1,980' FNL of Section 21 Township 19 South, Range 27 East;
 - iii. **Fade Away Fed Com 303H**, which is an oil well that will be horizontally drilled from a surface hole location 120' FEL & 1,360' FSL of Section 21, to a bottom hole location 100' FWL & 1,980' FSL of Section 21 Township 19 South, Range 27 East;
 - iv. **Fade Away Fed Com 304H**, which is an oil well that will be horizontally drilled from a surface hole location 120' FEL & 1,390' FSL of Section 21, to a bottom hole location 100' FWL & 660' FSL of Section 21 Township 19 South, Range 27 East.

6. Powderhorn Exhibit B-1 contains a general location map outlining the Spacing Unit being pooled in Case No. 25479 in relation to the surrounding area in Eddy County. The acreage in the Spacing Unit contains only federal lands.

7. Powderhorn Exhibit A-3 contains the form C-102s for the Wells. The Oil Conservation Division has placed the Wells in the Winchester; Bone Spring West, (Pool Code 97569). The location of each of the Wells is orthodox and meets the Division's offset requirements.

8. There are no depth severances in the Formation underlying the subject acreage. All parties with an interest in the Formation have been noticed.

9. Powderhorn Exhibit A-4 contains a plat outlining the Spacing Unit being pooled in Case No. 25479. This Exhibit also identifies each tract number, tract percentage interest, and State Lease numbers.

10. Powderhorn Exhibit A-5 provides a Unit Recap depicting ownership totals for the proposed Spacing Unit, including the Spacing Unit percentage interest for the interest owners being pooled and their last known addresses. The unleased mineral interest owners and uncommitted working interest parties that remain to be pooled in this case are marked in yellow. In compiling these addresses, Powderhorn conducted a diligent search of the public records in Eddy County, New Mexico, where the wells are located, phone directories, internet databases, and performed internet searches to locate the contact information for parties entitled to notification.

11. Powderhorn sent both lease offers and well proposal letters for the Wells, together with corresponding AFEs, to the uncommitted interest owners in this case. Powderhorn Exhibit A-6 is a sample of the well proposal letter, along with the AFEs, sent to these uncommitted interest owners. The estimated costs of the Wells set forth in the AFEs are fair, reasonable, and comparable to the costs of other wells of similar depths and lengths drilled in this area of New Mexico.

12. All parties Powderhorn seeks to pool were locatable, notice was provided, and various of the parties returned green cards; see Powderhorn Exhibit C-3 for proof of mailing. Out of an abundance of caution, Powderhorn caused notice to be published more than ten (10) business days prior to the compulsory pooling hearing in the Carlsbad Current Argus in accordance with 19.15.4.12(B) NMAC; Powderhorn Exhibit C-4 contains a copy of the legal advertisement, as well as the affidavit of publication. Powderhorn provided the law firm of Holliday Energy Law Group, PC, with the name and addresses for all uncommitted interests.

13. Powderhorn Operating, LLC requests overhead and administrative rates of \$10,000/month for drilling each well and \$1,000/month for producing each well. These rates are fair and comparable to the rates charged by other operators for wells of this type in this area of New Mexico. Powderhorn respectfully requests that these administrative and overhead costs be incorporated into any orders entered by the Division in this case.

14. Powderhorn requests the maximum cost, plus 300% risk charge, be assessed against the non-consenting working interest owners.

15. Powderhorn requests that Powderhorn Operating, LLC be designated operator of the unit and Wells.

16. Powderhorn has been able to locate contact information for all interest owners that it seeks to pool and has undertaken good faith efforts to reach an agreement with the locatable uncommitted interest owners. Powderhorn Exhibit A-7 contains a chronology of the contacts with the interest owners that Powderhorn seeks to pool. Powderhorn has made a good faith effort to obtain voluntary joinder of the interest owners in the Wells through either lease or joint operating agreement.

17. Powderhorn provided notice to all off-set operators entitled to notice of the proposed non-standard spacing unit, as evidenced by Powderhorn Exhibit A-8.

18. The interest owners being pooled either have been contacted regarding the Wells or have been provided notice by publication as set forth above, but in either case have failed or refused to voluntarily commit their interest in the Wells. If a mutually agreeable Joint Operating Agreement is reached between Powderhorn and an interest owner, I will inform the Division that Powderhorn is no longer seeking to pool that party, and Powderhorn requests that the voluntary agreement become operative and supersede the Division's order for said parties, except to the extent that the Division deems it necessary to maintain spacing criteria for the purpose of conservation, the prevention of waste, and the protection of correlative rights.

19. Powderhorn Exhibits A-1 through A-8 were either prepared by me or compiled under my direction and supervision.

20. The granting of this application is in the best interest of conservation, the prevention of waste, and the protection of correlative rights, and will avoid the drilling of unnecessary wells.

21. I swear that to the best of my knowledge and belief, all of the matters set forth herein and in the exhibits are true, correct, and accurate.

[Remainder of the page intentionally left blank.]

Signature page of Self-Affirmed Statement of MASON MAXWELL:

I understand that this Self-Affirmed Statement will be used as written testimony before the Division in above-referenced Case Nos. and affirm that my testimony herein is true and correct, to the best of my knowledge and belief and made under penalty of perjury under the laws of the State of New Mexico.

MASON MAXWELL

ACREAGE DEDICATION PLATS

This grid represents a standard section. You may superimpose a non-standard section, or larger area, over this grid. Operators must outline the dedicated acreage in a red box, clearly show the well surface location and bottom hole location, if it is directionally drilled, with the dimensions from the section lines in the cardinal directions. If this is a horizontal wellbore show on this plat the location of the First Take Point and Last Take Point, and the point within the Completed interval (other than the First Take Point or Last Take Point) that is closest to any outer boundary of the tract.

Surveyors shall use the latest United States government survey or dependent resurvey. Well locations will be in reference to the New Mexico Principal Meridian. If the land is not surveyed, contact the OCD Engineering Bureau. Independent subdivision surveys will not be acceptable.

Note: No allowable will be assigned to this completion until all interests have been consolidated or a non-standard unit has been approved by the division.

ACREAGE DEDICATION PLATS

This grid represents a standard section. You may superimpose a non-standard section, or larger area, over this grid. Operators must outline the dedicated acreage in a red box, clearly show the well surface location and bottom hole location, if it is directionally drilled, with the dimensions from the section lines in the cardinal directions. If this is a horizontal wellbore show on this plat the location of the First Take Point and Last Take Point, and the point within the Completed interval (other than the First Take Point or Last Take Point) that is closest to any outer boundary of the tract.

Surveyors shall use the latest United States government survey or dependent resurvey. Well locations will be in reference to the New Mexico Principal Meridian. If the land is not surveyed, contact the OCD Engineering Bureau. Independent subdivision surveys will not be acceptable.

RE: Well Proposals / NSP Notice – Fade Away Fed Com
Section 21, T19S – R27E
Eddy County, New Mexico

To Whom it May Concern:

Powderhorn Operating, LLC (“Powderhorn”), as Operator for Powderhorn Assets LLC, hereby proposes the drilling and completion of the following four (4) wells, the Fade Away Fed Com Wells at the following approximate locations within Section 21, Township 19 South, Range 27 East, Eddy County, NM:

1. Fade Away Fed Com 301H

SHL: 90’ FEL & 1,380’ FNL or at a legal location in units A or H of section 21
BHL: 100’ FWL & 660’ FNL of Section 21
FTP: 100’ FEL & 660’ FNL of Section 21
LTP: 100’ FWL & 660’ FNL of Section 21
TVD: 7,760’
TMD: 13,360’
Spacing: All of Section 21
Targeted Interval: 3rd Bone Spring
Total Cost: See attached AFE

2. Fade Away Fed Com 302H

SHL: 90’ FEL & 1,410’ FNL or at a legal location in units A or H of section 21
BHL: 100’ FWL & 1,980’ FNL of Section 21
FTP: 100’ FEL & 1,980’ FNL of Section 21
LTP: 100’ FWL & 1,980’ FNL of Section 21
TVD: 7,760’
TMD: 13,360’
Spacing: All of Section 21
Targeted Interval: 3rd Bone Spring
Total Cost: See attached AFE

[Continued on Next Page]

3. Fade Away Fed Com 303H

SHL: 120' FEL & 1,360' FSL or at a legal location in units I or P of section 21
BHL: 100' FWL & 1,980' FSL of Section 21
FTP: 100' FEL & 1,980' FSL of Section 21
LTP: 100' FWL & 1,980' FSL of Section 21
TVD: 7,760'
TMD: 13,360'
Spacing: All of Section 21
Targeted Interval: 3rd Bone Spring
Total Cost: See attached AFE

4. Fade Away Fed Com 304H

SHL: 120' FEL & 1,390' FSL or at a legal location in units I or P of section 21
BHL: 100' FWL & 660' FSL of Section 21
FTP: 100' FEL & 660' FSL of Section 21
LTP: 100' FWL & 660' FSL of Section 21
TVD: 7,760'
TMD: 13,360'
Spacing: All of Section 21
Targeted Interval: 3rd Bone Spring
Total Cost: See attached AFE

Please note, this proposal shall additionally serve as notice of non-standard proration unit encompassing the full 640 acres of Section 21, T19S-R27E.

All the locations, TVD, and target are approximate and subject to change dependent on surface or subsurface issues encountered. Powderhorn is proposing to drill these Wells under the modified terms of the 1989 AAPL Operating Agreement and a form of said Operating Agreement will be provided upon request. The Operating Agreement will include the following general provisions:

- 100%/300%/300% non-consent provisions
- \$10,000/\$1,000 drilling and producing rates
- Powderhorn Operating, LLC named as Operator

Please indicate your election to participate in the drilling and completion of the proposed wells in the space provided below. Please sign and return one copy of this letter, a signed copy of the proposed AFE, and your geologic well requirements.

In the interest of time, should we not reach an agreement within thirty (30) days of the date of your receipt of this letter, Powderhorn will apply to the New Mexico Oil Conservation Division for compulsory pooling of your interest into a spacing unit for the proposed well or wells. If you do not wish to participate, or would like to sell down, Powderhorn would be interested in acquiring your interest in the subject lands which is subject to further mutually agreeable negotiations.

Thank you for your time and consideration, if you have any questions at all, please don't hesitate to contact me at 325.514.0211 or by email at mmaxwell@powderhornep.com

Respectfully,

Powderhorn Operating, LLC

Mason Maxwell
Landman

Detailed Chronology of Contacts

Fade Away Fed Com (Case No. 25479) - LAND

Exhibit A-7

Proposals were mailed to all parties 06/27/2025		
Date	Party	Notes
7/1/2025	Haynie Enterprises, LLC	Communicated via email with Kristen Haynie, regarding source of title and interest in Fade Away wells.
7/1/2025	AGEM Oil Co.	Communicated via email with Jan Bolton, regarding source of title and interest in Fade Away wells.
7/1/2025	Sandra K Vandagriff	Spoke on the phone with Mrs. Vandagriff
7/2/2025	TD Minerals, LLC	Communicated via email with TD Minerals, regarding source of title and interest in Fade Away wells.
7/2/2025	Slayton Investments, LLC	Emailed/Reached out by phone, but no response
7/7/2025	Hanson-Mcbride Oil and Gas Corp	Answered email from the landman regarding their interest in the Fade Away wells.
7/7/2025	William C. Netherlin	Email discussion with Bill regarding interest and JOA
7/7/2025	William C. Netherlin	Spoke on the phone with Bill to answer a few more questions he had
7/8/2025	Charmar, LLC	Spoke on the phone with representative answering a few questions he had
7/8/2025	Jalepeno Corporation	Responded to landmans email regarding interest in project
7/14/2025	Charmar, LLC	Emailed representative to elaborate on questions he had when we spoke over the phone
7/14/2025	Blue Star Royalty	Responded to Blue Star's email regarding interest in the Fade Away wells
7/14/2025	TD Minerals, LLC	Emailed the landman regarding an update to their interest
7/14/2025	Yates Industries, LLC	Responded to an email regarding ownership in the wells
7/15/2025	Hanson-Mcbride Oil and Gas Corp	Received election to participate and sent JOA
7/15/2025	Roy G. Barton	Sent the Fade Away JOA to Roy
7/15/2025	TD Minerals, LLC	Sent the Fade Away JOA to TD
7/15/2025	Axis Energy Corp	Received exucted AFE's
7/15/2025	Axis Energy Corp	Sent the Fade Away JOA
7/15/2025	Jalepeno Corporation	Sent the Fade Away JOA
7/15/2025	EOG Resources	Sent the Fade Away JOA
7/16/2025	Oxy Y-1/Oxy USA	Sent the Fade Away JOA
7/16/2025	William C. Netherlin	Sent the Fade Away JOA
7/18/2025	Blue Star Royalty	Received election to participate and executed AFE's
7/25/2025	Heirs of Robert Emmons	Emailed Mike regarding working interest in the Fade Away DSU
7/28/2025	Heirs of Robert Emmons	Answered emails regarding interest's and potential deal
7/28/2025	Heirs of Robert Emmons	Spoke on the phone
7/28/2025	Oxy Y-1/Oxy USA	Email correspondence with the Landman
7/30/2025	Jalepeno Corporation	Received executed AFE's & OA signature pages
7/31/2025	Heirs of Robert Emmons	Received the election of one of the heirs to participate

*Powderhorn Assets, LLC purchased Roy G. Barton Jr interest, the assignment was executed 7/28/2025

EDDY COUNTY, NEW MEXICO**

CASE NO. 25479

SELF-AFFIRMED STATEMENT OF LEONARD W. WOOD

I, Leonard W. "Lenny" Wood being duly sworn on oath, state the following:

1. I am over the age of 18, and I have personal knowledge of the matters stated herein.
2. I am employed as a petroleum geologist for Powderhorn Energy Partners ("Powderhorn"), and its subsidiaries, including but not limited to, Powderhorn Operating, LLC ("Powderhorn Operating"). My work includes the Permian Basin and Eddy County, and I am familiar with the subject applications and the geology involved.
3. I have testified previously before the Oil Conservation Division ("Division") as an expert petroleum geologist; my credentials have been made a matter of record, and I have been qualified as an expert by the Division.
4. **Exhibit B-2** is a locator map of the Fade Away development. It is comprised of Section 21, T19S R27E in Eddy County, New Mexico which lies in the northwestern portion of the Delaware Basin between the shelf margin of the Northwest Shelf and the Capitan Reed Trend.
5. In my opinion, the stress direction at the Fade Away development favors an east-west orientation. The east-west orientation of the proposed wells is appropriate to efficiently and

effectively develop the subject lands. This is also the orientation most operators have drilled in the area.

6. **Exhibit B-3** is a subsea TVD structure map showing the Top of the Third Bone Spring Sandstone. Structure dips to the southeast throughout the Bone Spring interval. In my opinion, there are no structural impediments that will interfere with horizontal development.

7. **Exhibit B-4** shows a structural cross section from the west northwest (A) to east southeast (A') through the Fade Away development. The displayed logs include Gamma Ray, Neutron and Density Porosities, and Deep Resistivity. As shown on both the structure map and on this cross section, structure through the Bone Spring dips to the southeast. The horizontal target interval is shown by a red arrow.

8. **Exhibit B-5** is a gun barrel plot of Powderhorn's development plan, which will target the Bone Spring formation. The primary Bone Spring target here is the 3rd Bone Spring Sand.

9. I conclude from my geologic study of the Bone Spring formation that:

- a. The horizontal spacing units are justified from a geologic standpoint.
- b. There are no structural impediments or faulting that will interfere with horizontal development.
- c. Each quarter-quarter section in the proposed spacing units will contribute more or less equally to production.

10. The Exhibits to this Statement were prepared by me or compiled from Powderhorn's company business records under my supervision.

11. The granting of this Application is in the interests of conservation, the prevention of waste, and the protection of correlative rights.

12. The foregoing is correct and complete to the best of my knowledge and belief.

[Signature page follows]

Signature page of Self-Affirmed Statement of LEONARD W. WOOD:

I understand that this Self-Affirmed Statement will be used as written testimony before the Division in above-referenced Case Nos. and affirm that my testimony herein is true and correct, to the best of my knowledge and belief and made under penalty of perjury under the laws of the State of New Mexico.

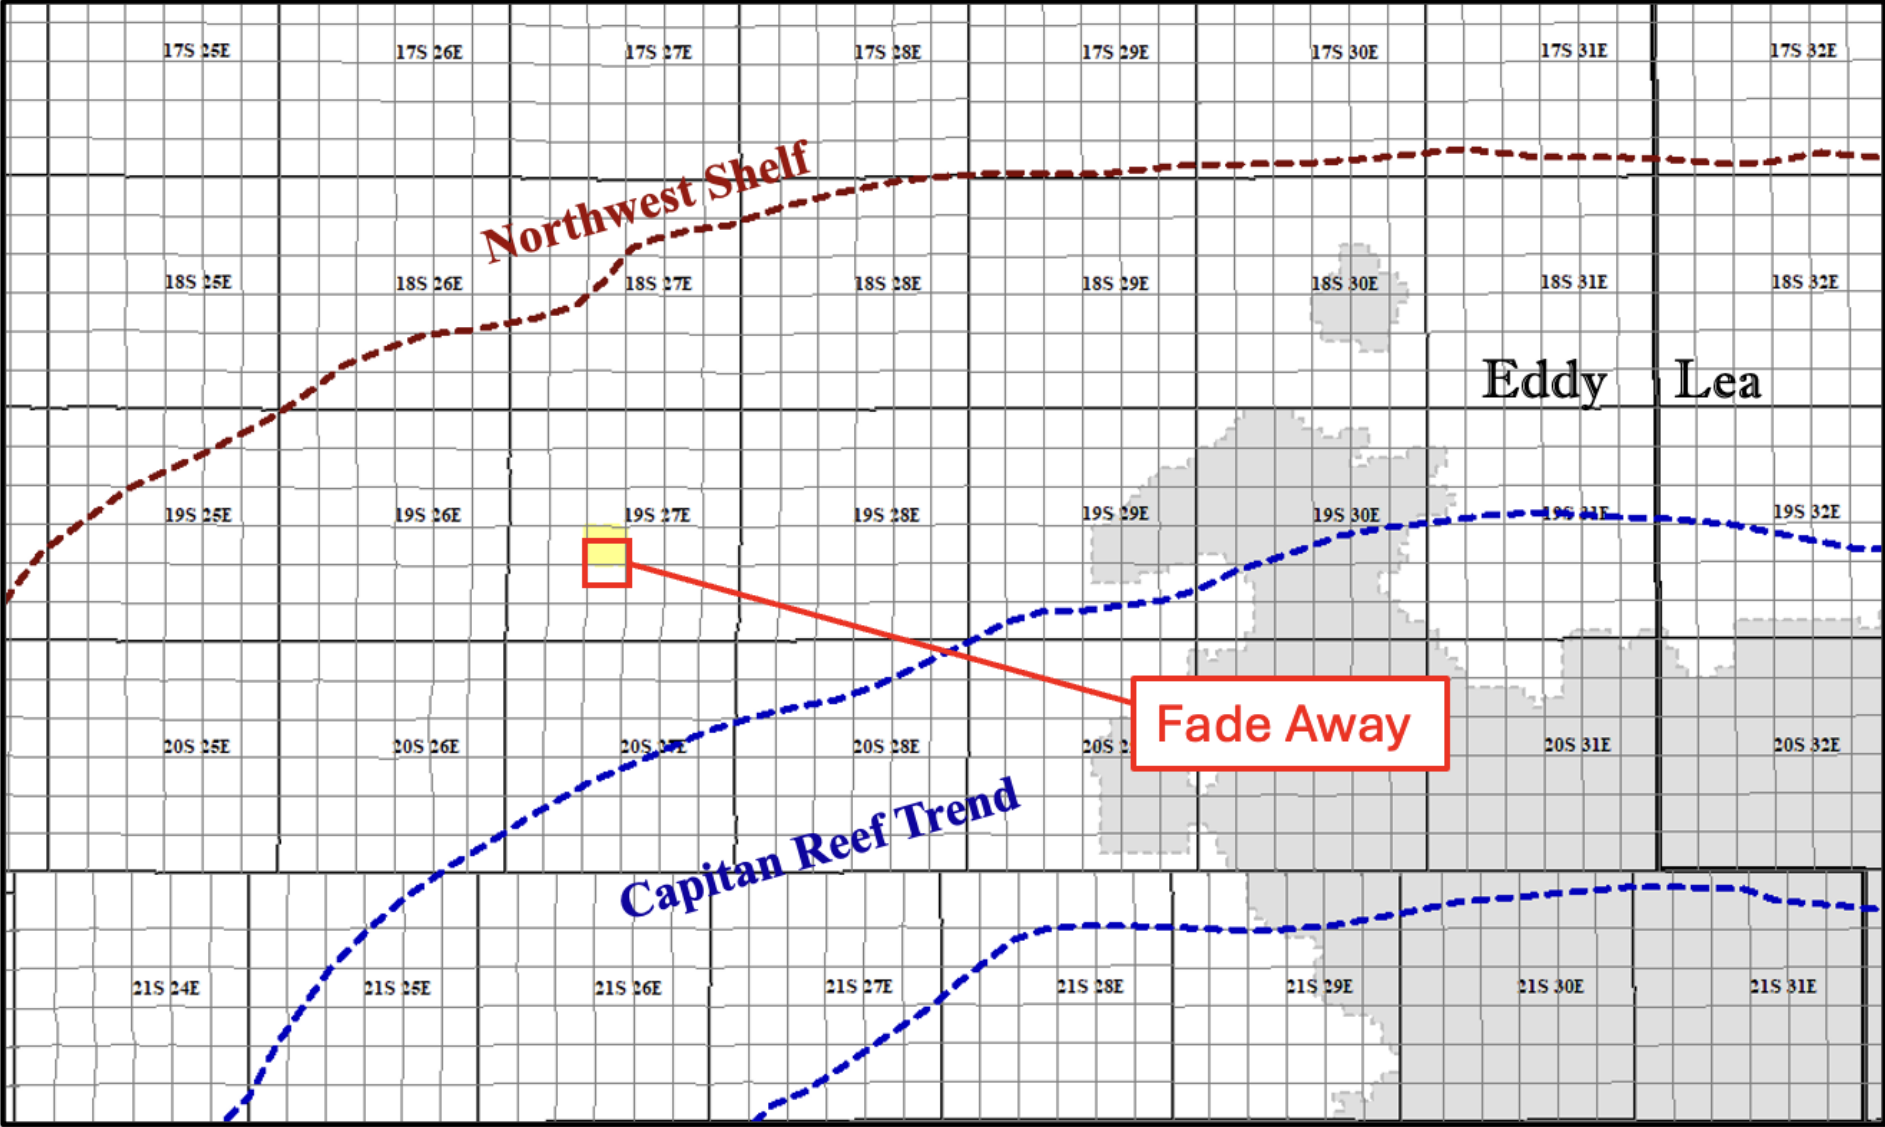

A handwritten signature in cursive script, appearing to read 'L. Wood', written in black ink.

CASE NO. 25479

SELF AFFIRMED STATEMENT OF BENJAMIN HOLLIDAY

1. I, Benjamin Bryan Holliday, am an attorney for Powderhorn Energy Partners, LLC (“Powderhorn”), and its subsidiaries, including, but not limited to, Powderhorn Operating, LLC (“Powderhorn Operating”) the Applicant in this Case No. 25479. I have personal knowledge of the matter addressed herein and am competent to provide this self-affirmed statement.

2. I am familiar with the Notice letter attached as Exhibit C-2. I caused the Notice Letter, along with the Applications in these cases, to be sent to the parties identified on the chart attached to Exhibit C-3. This Exhibit C-3, along with Exhibit C-4 (Certified Mail return receipts), demonstrates that these notices were sent June 10-11, 2025.

3. Out of an abundance of caution, notice was also directed to all such owners by publication in the Carlsbad Current-Argus on July 17, 2025, which is reflected in the Affidavit of Publication attached hereto as Exhibit C-5. Exhibit C-5 demonstrates to my satisfaction that those owners who did not receive personal notice through the certified mailing were properly served by publication.

4. I understand this Self-Affirmed Statement will be used as written testimony in the subject cases. I affirm that my testimony above is true and correct, and it is made under the penalty of perjury under the laws of the State of New Mexico. My testimony is made as of the date next to my signature below.

Respectfully submitted,

VIA U.S. CERTIFIED MAIL, RETURN RECEIPT REQUESTED

TO: ALL INTEREST OWNERS ON ATTACHED LIST

RE: Case No. 25479 – Application of Powderhorn Operating, LLC for Compulsory Pooling, Eddy County, NM – Fade Away Fed Com 301-304H Wells

Dear Interest Owner:

This will advise that pursuant to NMSA 1978 § 70-2-17, Powderhorn Operating, LLC (“Powderhorn”) has filed an application with the New Mexico Oil Conservation Division for an order regarding the proposed wells described below; see Application attached as Exhibit A to this letter, and a prior notice letter from Powderhorn attached as Exhibit B. You are receiving this notice because you may have an interest in this well and/or are an offset working interest owner to the proposed non-standard spacing unit.

Case No. 25479. Application of Powderhorn Operating, LLC for Compulsory Pooling, Eddy County, New Mexico. Applicant seeks an order pooling all uncommitted interest within the Bone Spring formation, underlying a 640.00-acre, more or less, non-standard horizontal spacing unit comprised of Section 21, located in Township 19 South, Range 27 East, NMPM, Eddy County, New Mexico (“Unit”). The Unit will be dedicated to the following wells:

1. **Fade Away Fed Com 301H**, which is an oil well that will be horizontally drilled from a surface hole location 90' FEL & 1,380' FNL of Section 21, to a bottom hole location 100' FWL & 660' FNL of Section 21 Township 19 South, Range 27 East;
2. **Fade Away Fed Com 302H**, which is an oil well that will be horizontally drilled from a surface hole location 90' FEL & 1,410' FNL of Section 21, to a bottom hole location 100' FWL & 1,980' FNL of Section 21 Township 19 South, Range 27 East;
3. **Fade Away Fed Com 303H**, which is an oil well that will be horizontally drilled from a surface hole location 120' FEL & 1,360' FSL of Section 21, to a bottom hole location 100' FWL & 1,980' FSL of Section 21 Township 19 South, Range 27 East;
4. **Fade Away Fed Com 304H**, which is an oil well that will be horizontally drilled from a surface hole location 120' FEL & 1,390' FSL of Section 21, to a bottom hole location 100' FWL & 660' FSL of Section 21 Township 19 South, Range 27 East.

The 301H, 302H, 303H and 304H Wells are referred to collectively herein as the "Wells." The completed interval of the Wells will be orthodox. The Wells are located approximately 15.1 miles Southeast of Artesia, New Mexico.

The first and last takepoints for the Wells meet the setback requirements set forth in the statewide rules for horizontal oil wells, and the completed laterals for Wells will comply with the standard setbacks. Also to be considered will be the cost of drilling and completing the Wells and the allocation of costs, the designation of Powderhorn as operator of the Wells, and a 300% charge for the risk involved in drilling and completing the wells.

The attached Application has been set for a hearing on August 7, 2025, before a Division Examiner at the New Mexico Oil Conservation Division. Hearings will be conducted both in

person, and remotely. The hearings will begin at 9:00am. To participate in the electronic hearing, see the instructions posted on the docket for the hearing date: <https://www.emnrd.nm.gov/ocd/hearing-info/>. You are not required to attend this hearing, but as an owner of an interest that may be affected, you may appear and present testimony.

Failure to appear at that time and become a party of record will preclude you from challenging this application at a later time. If you intend to present testimony or evidence at the hearing, you must enter your appearance by Thursday, July 31, 2025, and serve the Division, counsel for Applicant, and other parties with a pre-hearing statement by 5pm on Thursday, July 31, 2025, in accordance with Division Rule 19.15.4.13. Please feel free to contact me if you have any questions about this Application.

Regards,

Benjamin Holliday

CASE NO. _____

APPLICATION

Pursuant to NMSA § 70-2-17, Powderhorn Operating, LLC (OGRID No. 332857) (“Applicant”), through its undersigned attorney, hereby files this Application with the Oil Conservation Division of the State of New Mexico (“Division”) for an order (1) creating a 640.00-acre, more or less, non-standard horizontal well spacing unit comprised of Section 21, located in Township 19 South, Range 27 East, NMPM, Eddy County, New Mexico (“Unit”), and (2) pooling all uncommitted interest within the Bone Spring formation, designated as an oil pool (Winchester; Bone Spring West, Pool Code 97569), underlying said Unit. In support of its Application, Applicant states the following:

1. Applicant is a working interest owner in the Unit and has the right to drill thereon.
2. Applicant seeks to dedicate the above-referenced Unit to the following wells, referred to collectively as the Wells:
 - a. **Fade Away Fed Com 301H**, which is an oil well that will be horizontally drilled from a surface hole location 90’ FEL & 1,380’ FNL of Section 21, to a bottom hole location 100’ FWL & 660’ FNL of Section 21 Township 19 South, Range 27 East;
 - b. **Fade Away Fed Com 302H**, which is an oil well that will be horizontally drilled from a surface hole location 90’ FEL & 1,410’ FNL of Section 21, to a bottom hole location 100’ FWL & 1,980’ FNL of Section 21 Township 19 South, Range 27 East;
 - c. **Fade Away Fed Com 303H**, which is an oil well that will be horizontally drilled from a surface hole location 120’ FEL & 1,360’ FSL of Section 21, to a bottom hole location 100’ FWL & 1,980’ FSL of Section 21 Township 19 South, Range 27 East;

- d. **Fade Away Fed Com 304H**, which is an oil well that will be horizontally drilled from a surface hole location 120' FEL & 1,390' FSL of Section 21, to a bottom hole location 100' FWL & 660' FSL of Section 21 Township 19 South, Range 27 East;
3. The wells will be horizontally drilled, and the producing areas for the wells are expected to be orthodox.
4. Applicant has undertaken diligent, good-faith efforts to obtain voluntary agreements from all interest owners to participate in the drilling of the Wells but has been unable to obtain voluntary agreements from all interest owners.
5. The approval of this Unit and pooling of uncommitted interests within the Unit will avoid the drilling of unnecessary wells, prevent waste, and protect correlative rights.
6. In order to allow Applicant to obtain its just and fair share of the oil and gas underlying the subject lands, all uncommitted interests in the Unit should be pooled and Applicant should be designated the operator of the Wells and Unit.

WHEREFORE, Applicant requests this Application be set for hearing August 7, 2025, and that after notice and hearing, the Division enter an order:

- A. Pooling all uncommitted interests in the Unit;
- B. Approving the Wells in the Unit;
- C. Designating Applicant as operator of the Unit and the Wells;
- D. Authorizing Applicant to recover its costs of drilling, equipping and completing the Wells;
- E. Approving the actual operating charges and costs of supervision while drilling and after completion, together with a provision adjusting the rates pursuant to the COPAS accounting procedures; and
- F. Imposing a 300% penalty for the risk assumed by Applicant in drilling and completing the Wells against any working interest owner who does not voluntarily participate in the drilling of the Wells.

Respectfully submitted,

RE: Notice of Non-Standard Unit – Administrative Approval
Section 21, T19S – R27E
Eddy County, New Mexico

To Whom it May Concern:

Powderhorn Operating, LLC (“Powderhorn”), as Operator for Powderhorn Assets LLC, previously proposed the drilling and completion of the following four (4) wells, the Fade Away Fed Com Wells at the following approximate locations within Section 21, Township 19 South, Range 27 East, Eddy County, NM.

Whereas the purpose of this letter and its enclosures is notice to internal and offset working interest owners is to serve as formal notice to form a 640.00-acre non-standard unit (“NSP”) encompassing all of Section 21. While all four (4) of the below wells will be drilled and completed simultaneously, the defining well for this unit has been assigned to be the Fade Away Fed Com 302H.

The NSP is being formed in the interest of protection of correlative rights, reduction of facilities and midstream costs, as well as prevention of waste. Should you have any objections please contact the undersigned or the New Mexico Oil Conservation Division.

This is to notify the following entities, individuals, their heirs, personal representatives, trustees, successors or assigns, and any other uncommitted mineral owners: Oxy USA Inc., Oxy Y-1 Company, EOG Resources, Inc., Chevron USA Inc., COG Operating LLC, Concho Oil & Gas LLC, Axis Energy Corp, Roy G. Barton, Charmar LLC, Jalapeno Corp, John Charles Emmons, Rayie LLC, Blue Star Royalty LLC, TD Minerals LLC, Haynie Enterprises LLC, Slayton Investments LLC, Betty Jean Emmons, Marlene Lenore Miller, Jelene Emily Miller, Shannon Emmons, Hanson-McBride Petroleum Co., Gus Arnold Ltd., AGEM Oil Co. LLC, Yates Energy Corp., Marvin Emmons, BLM (USA), NM State Land Office. Case No. 25479, Application of Powderhorn Operating, LLC for the Compulsory Pooling of all uncommitted interest within the Bone Spring Formation, underlying a 640.00-acre, more or less, non-standard horizontal spacing unit comprised of section 21, located in Township 19 South, Range 27 East, NMPM, Eddy County, New Mexico, as to the Bone Spring Formation is set for hearing on Thursday, August 7, 2025 at 9:00 a.m. before a Division Examiner at the New Mexico Oil Conservation Division. Hearing may be viewed online by going to <https://www.emnrd.nm.gov/oed/hearing-info/>. Applicant's attorney is Benjamin Holliday, Holliday Energy Law Group, 107 Katherine Court, San Antonio, TX 78209, ben@theenergylawgroup.com, and the Application is on behalf of Powderhorn Operating, LLC, whose address is 600 N. Marienfeld, Suite 1000, Midland, Texas 79701. Application of Powderhorn Operating, LLC for Compulsory Pooling, Eddy County, New Mexico. Applicant seeks an order pooling all uncommitted interests in the Bone Spring Formation underlying a 640-acre, more or less, non-standard horizontal spacing unit comprised of Section 21, located in Township 19 South, Range 27 East, NMPM Eddy County, New Mexico ("Unit"). The Unit will be dedicated to the following wells: a) Fade Away Fed Com 301H well ("301H Well"), which will be horizontally drilled from a surface hole location 90 feet FEL & 1,380 feet FNL of Section 21 to a bottom hole location in Section 21, Township 19 South, Range 27 East, being approximately 100 feet FWL & 660 feet FNL; b) Fade Away Fed Com 302H ("302H Well"), which will be horizontally drilled from a surface hole location 90 feet FEL and 1,410 feet FNL of Section 21 to a bottom hole location 100 feet FWL and 1,980 feet FNL of Section 21 Township 19 South, Range 27 East; c) Fade Away Fed Com 303H well ("303H Well"), which will be horizontally drilled from a surface hole location 120 feet FEL and 1,360 FSL of Section 21 to a bottom hole location 100 feet FWL and 1,980 feet FSL of Section 21 Township 19 South, Range 27 East; and d) Fade Away Fed Com 304H well ("304H Well"), which will be horizontally drilled from a surface hole location 120 feet FEL and 1,390 feet FSL of Section 21, to a bottom hole location 100 feet FWL and 660 feet FSL of Section 21 Township 19 South, Range 27 East. The 301H Well, 302H Well, 303H Well, and 304H Well are referred to collectively herein as the "Wells." The completed interval of the Wells will be orthodox. Also, to be considered will be the cost of drilling and completing the Wells and the allocation of the cost, the designation of Applicant as the operator of the Wells, and a 300% charge for the risk involved in drilling and completing the Wells. The Wells are located approximately 15.1 miles South of Artesia, New Mexico.
