

CASE NO. 25573

**APPLICATION OF MEWBOURNE OIL COMPANY FOR COMPILSORY POOLING,
EDDY COUNTY, NEW MEXICO**

EXHIBIT LIST (Second Revision)

- A. Pooling Checklist **(Revised)**
- B. Landman's Affidavit **(Revised)**
 - 2-A: Land Plats **(Revised)**
 - 2-B: Ownership List **(Revised)**
 - 2-C: Proposal Letter and AFEs
- C. Geologist's Affidavit
 - 3-A: General Locator Map
 - 3-B: Structure Map
 - 3-C: Cross Section
- 4. Affidavit of Certified Mailing
 - 4-A: Notice Letter and Receipts **(Revised)**
 - 4-B: Certified Notice Spreadsheet **(Revised)**
- 5. Affidavit of Publication **(Revised)**
- 6. Application and Proposed Notice

CASE NO. 25573

**APPLICATION OF MEWBOURNE OIL COMPANY FOR COMPILSORY POOLING,
EDDY COUNTY, NEW MEXICO**

Statement of Changes to (Second Revised) Exhibits

Exhibit 1 (the pooling checklist) was changed on page 1 to include the correct pool name and pool code.

Exhibit 2 (the landman's affidavit) was corrected in paragraph 4 to reflect that the Bone Spring formation (rather than the Wolfcamp) has no depth severance. Also, paragraph 5 was changed to discuss the complex ownership of lands in the well unit.

Exhibit 2-A was revised to include three plats on the breakdown of ownership discussed in paragraph 5 of the landman's affidavit

Exhibit 2-B (the Ownership Lis) was revised to include all working interest owners, and a tract plat was included.

Exhibit 4-A adds returned green cards or returned letters. Exhibit 4-B (the Certified Notice Spreadsheet) is new.

Exhibit 5 (the affidavit of publication) was added.

COMPULSORY POOLING APPLICATION CHECKLIST**ALL INFORMATION IN THE APPLICATION MUST BE SUPPORTED BY SIGNED AFFIDAVITS**

**STATE OF NEW MEXICO
ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT
OIL CONSERVATION DIVISION**

**IN THE MATTER OF THE HEARING CALLED
BY THE OIL CONSERVATION DIVISION FOR
THE PURPOSE OF CONSIDERING:**

**APPLICATION OF MEWBOURNE OIL COMPANY
FOR COMPULSORY POOLING, EDDY
COUNTY, NEW MEXICO.**

Case No. 25573

VERIFIED STATEMENT OF CARSON CULLEN

Carson Cullen being duly sworn upon his oath, deposes and states:

1. I am a landman for Mewbourne Oil Company ("Mewbourne"), and have personal knowledge of the matters stated herein. I have been qualified by the Division as an expert petroleum landman.
2. The purpose of this application is to force pool working interest owners into the Bone Spring horizontal spacing unit described below, and in wells to be drilled in the unit.
3. Mewbourne Oil Company ("Applicant") has filed an application with the Oil Conservation Division for an order pooling all uncommitted mineral interest owners in the Bone Spring formation underlying a horizontal spacing unit comprised of the S/2S/2 of Section 9 and the S/2S/2 of Section 8, Township 22 South, Range 27 East, NMPM, Eddy County, New Mexico (the "Unit"). Applicant proposes to drill the following wells in the Unit to test the Bone Spring formation: The Sandlot 9/8 Well Nos. 527H and 557H, with first take points in the SE/4SE/4 of Section 9 and last take points in the SW/4SW/4 of Section 8.
4. There are no depth severances in the Bone Spring formation.
5. Land plats are attached as Exhibit 2-A. The parties being pooled and their interests are set forth in Exhibit 2-B. Their current and correct addresses are also set forth. To locate the parties, we examined county and government records, and also conducted internet searches including Google and Drillinginfo. The following information is also submitted.
 - (a) The only BLM survey of the subject township is marked Exhibit 2-A-1. The plat does not break the subject land into subdivisions.
 - (b) The land in the well unit is fee land is near Carlsbad, and it is divided into a number of subdivisions, as follows:

EXHIBIT 2

W/2 of Section 8: 29 subdivisions
E/2 of Section 8: 7 subdivisions
S/2 of Section 9: 6 subdivisions

The subdivisions are further divided into small blocks and lots which were conveyed with the mineral estate. The interest owners being pooled are in Lot 11 of Block 6 of the Riverside Farms Subdivision, containing 1.08 acres, or 0.385727% of the well unit. A plat of Block 6 is attached as Exhibit 2-A-2, showing it has 19 lots.

(c) A final plat, attached as Exhibit 2-A-3, shows the approximate location of Lot 11 of Block 6.

The net effect is that there are hundreds of lots in the well unit, and preparing a plat and lists of interest owners attributable to all lands is impractical and would not add any more information on the parties being pooled.

6. Exhibit 2-C contains the proposal letter sent to them. the interest owners.
7. Mewbourne has made a good faith effort to locate and obtain the voluntary joinder of the working interest and mineral owners in the proposed wells.
8. Exhibit 2-C also contains the Authorization for Expenditure for each proposed well. The estimated cost of the wells set forth therein are fair and reasonable, and are comparable to the costs of other wells of similar depth and length drilled in this area of Eddy County.
9. Mewbourne requests overhead and administrative rates of \$10000/month for a drilling well and \$1000/month for a producing well. These rates are fair, and comparable to the rates charged by other operators for wells of this type in this portion of Eddy County. They are also the rates set forth in the Joint Operating Agreement for the well unit. Mewbourne requests that these rates be adjusted periodically as provided in the COPAS Accounting Procedure.
10. Mewbourne requests that the maximum cost plus 200% risk charge be assessed against non-consenting working interest owners.
11. Mewbourne requests that it be designated as operator of the subject wells.
12. The attachments to this affidavit were prepared by me or under my supervision, or compiled from company business records.
13. The granting of this application is in the interests of conservation and the prevention of waste.

I understand that this Self-Affirmed Statement will be used as written testimony in these cases. I affirm that my testimony in paragraphs 1 through 13 above is true and correct and is made under penalty of perjury under the laws of the State of New Mexico. My testimony is made as of the date handwritten next to my signature below.

ACREAGE DEDICATION PLATS

This grid represents a standard section. You may superimpose a non-standard section, or larger area, over this grid. Operators must outline the dedicated acreage in a red box, clearly show the well surface location and bottom hole location, if it is a directionally drilled, with the dimensions from the section lines in the cardinal directions. If this is a horizontal wellbore show on this plat the location of the First Take Point and Last Take Point, and the point within the Completed interval (other than the First Take Point or Last Take Point) that is closest to any outer boundary of the tract.

Surveyors shall use the latest United States government survey or dependent resurvey. Well locations will be in reference to the New Mexico Principal Meridian. If the land is not surveyed, contact the OCD Engineering Bureau. Independent subdivision surveys will not be acceptable.

Re: Proposed Horizontal Wells

Sandlot 9/8 Fee #527H
Sandlot 9/8 Fee #557H
Sections 8 & 9, T22S-R27E, Eddy County, New Mexico

Dear Ladies and Gentlemen:

Mewbourne Oil Company ("Mewbourne") as Operator hereby proposes drilling the following wells under the August 1, 2023 Joint Operating Agreement covering the above captioned acreage:

1. Sandlot 9/8 Fee #527H located at a surface location 1105' FSL & 355' FWL of Section 10, with a bottom hole location 700' FSL & 100' FWL of Section 8. We anticipate drilling to an approximate total vertical depth of 7285' and plan to continue drilling horizontally to the west to the proposed bottom hole location at an approximate total measured depth of 17900'.
2. Sandlot 9/8 Fee #557H located at a surface location 1455' FSL & 355' FWL of Section 10, with a bottom hole location 1300' FSL & 100' FWL of Section 8. We anticipate drilling to an approximate total vertical depth of 7908' and plan to continue drilling horizontally to the west to the proposed bottom hole location at an approximate total measured depth of 18500'.

Regarding the above, enclosed for your further handling and information are copies of our Authorization For Expenditure ("AFE") for the above wells.

Please indicate your participation election by having each AFE executed and returned to my attention at the above address within thirty (30) days of receipt hereof.

Feel free to contact me at (432) 682-3715 or via email at ccullen@mewbourne.com if you have any questions or concerns. I look forward to hearing from you.

Sincerely,

MEWBOURNE OIL COMPANY

Insurance procured for the Joint Account by Operator

☐ **Opt-in.** I elect to be covered by Operator's Extra Expense, Commercial General Liability, Pollution Legal Liability, and Excess/Umbrella Insurance Policies, and will pay my proportionate share of the premiums associated with these insurance coverages through joint account billings.

☐ **Opt-out.** I elect to purchase my own policies for well control and other insurance requirements, or to self-insure (if applicable). By opting-out, I recognize I will be responsible for my own coverage and will not be afforded protection under operator's policies.

If neither box is checked above, non-operating working interest owner elects to be covered by Operator's insurance.

Joint owner agrees that item 0180-0245 will be provided by operator, if available, at the specified rate. Operator reserves the right to adjust the rate due to a change in market conditions.

**STATE OF NEW MEXICO
ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT
OIL CONSERVATION DIVISION**

**APPLICATION OF MEWBOURNE OIL
COMPANY FOR COMPULSORY POOLING,
EDDY COUNTY, NEW MEXICO.**

CASE NO. 25573

SELF-AFFIRMED STATEMENT OF TYLER HILL

1. My name is Tyler Hill. I work for Mewbourne Oil Company ("Mewbourne") as a Geologist.
2. I have previously testified before the New Mexico Oil Conservation Division ("Division") as an expert witness in petroleum geology. My credentials as an expert in petroleum geology have been accepted by the Division and made a matter of record.
3. I am familiar with the application filed by Mewbourne in this case, and I have conducted a geologic study of the lands in the subject area. Mewbourne is targeting the Bone Spring formation in this case.
4. **Mewbourne Exhibit 3-A** is a general locator map.
5. **Mewbourne Exhibit 3-B** is a subsea structure map that I prepared for the Bone Spring. The contour intervals are 100 feet. The area comprising the proposed spacing unit is outlined in black with the approximate location and orientation of the initial well noted with a solid green line. The structure map shows the targeted formation gently dipping to the east. The structure appears consistent across the proposed spacing unit, and I do not observe any faulting, pinch outs, or other geologic impediments to drilling horizontal wells.
6. Mewbourne Exhibit 3-B also shows a line of cross-section through the proposed horizontal spacing unit from A to A'. I chose the logs from these wells to create the cross-section

because they penetrate the targeted interval, are of good quality and have been subjected to petrophysical analysis of the targeted interval. In my opinion, these well logs are representative of the geology in the subject area.

7. **Mewbourne Exhibit 3-C** is a stratigraphic cross-section that I prepared using the logs from the representative wells shown in Mewbourne Exhibit D-2. Each well on the cross-section contains gamma ray, resistivity, and porosity logs. The target interval for the proposed well is marked on the cross-section with a solid red line. The cross-section demonstrates that the targeted interval is continuous across the proposed spacing unit.

8. In my opinion, standup orientation of the proposed well is the appropriate orientation for horizontal well development in this area.

9. Based on my geologic study, the Bone Spring formation underlying the subject area is suitable for development by horizontal wells and the acreage comprising the proposed spacing unit will contribute more-or-less equally to the production from the wellbore. I have not identified any geologic impediments to drilling horizontal wells in the area of the spacing unit proposed.

10. In my opinion, horizontal drilling will be the most efficient method to develop this acreage, to prevent the drilling of unnecessary wells, and to result in the greatest ultimate recovery, and that approving Mewbourne's application will be in the best interest of conservation, the prevention of waste, and protection of correlative rights.

11. **Mewbourne Exhibits 3-A through 3-C** were either prepared by me or compiled under my direction and supervision.

12. I affirm under penalty of perjury under the laws of the State of New Mexico that the foregoing statements are true and correct. I understand that this self-affirmed statement will be

used as written testimony in this case. This statement is made on the date next to my signature below.

To Person Listed on Exhibit A

Ladies and Gentlemen:

Revised
EXHIBIT A.A

Mewbourne Oil Company has filed the enclosed application with the New Mexico Oil Conservation Division requesting compulsory pooling, as follows:

Case No. 25573: *Application of Mewbourne Oil Company for compulsory pooling, Eddy County, New Mexico.* Applicant has filed an application with the Oil Conservation Division for an order pooling all uncommitted mineral interest owners in the Bone Spring formation underlying a horizontal spacing unit comprised of the S/2S/2 of Section 9 and the S/2S/2 of Section 8, Township 22 South, Range 27 East, NMPM, Eddy County, New Mexico (the "Unit). Applicant proposes to drill the following wells in the Unit to test the Bone Spring formation: The Sandlot 9/8 Well Nos. 527H and 557H, with first take points in the SE/4SE/4 of Section 9 and last take points in the SW/4SW/4 of Section 8.

Also to be considered will be the cost of drilling, completing, testing, and equipping the wells, and the allocation of the cost thereof among the wells' working interest owners, designation of Applicant as operator of the wells and the Unit, approval of actual operating charges and costs charged for supervision, together with a provision adjusting the rates pursuant to the COPAS accounting procedure, and setting a 200% charge for the risk involved in drilling, completing, testing, and equipping the wells in the event a working interest owner elects not to participate in the wells. The Unit is located approximately 3-1/2 miles northwest of Otis, New Mexico.

This matter is scheduled for hearing at 9:00 a.m. on Thursday, September 11, 2025. The hearing may be attended (a) in person in Pecos Hall of the Wendell Chino Building, First Floor, 1220 South St. Francis Drive, Santa Fe, New Mexico 87505, or (b) via the Division's virtual meeting platform. To view the hearing docket and determine how to participate in an electronic hearing, go to <https://www.emnrd.nm.gov/ocd/hearing-info/> or contact Freya Tschantz at Freya.Tschantz@emnrd.nm.gov. You are not required to attend the hearing, but an owner of an interest affected by the application may appear and present testimony. Failure to appear at that time

and become a party of record will preclude you from contesting this matter at a later date. A party appearing in a Division case is required to file a Pre-Hearing Statement with the Division no later than five business days before the hearing date. This statement may be filed online with the Division at ocd.hearings@emnrd.nm.gov and should include: The name of the party and the party's attorney; a concise statement of the case; the names of witnesses the party will call to testify at the hearing; the approximate time it will take the party to present its case; and any procedural matters that need to be resolved before the hearing. The Pre-Hearing Statement must also be provided to applicant's attorney, James Bruce, at the above address..

Very truly yours,

James Bruce

Attorney for Mewbourne Oil Company

Copy of Publication:**NOTICE**

To: Wesley Keith Roberts, Randall Wray Jenkins Jr., Jean Millman, and John Millman, or your heirs, devisees, successors, or assigns: Mewbourne Oil Company has filed an application with the New Mexico Oil Conservation Division requesting compulsory pooling, as follows:

Case No. 25573: Application of Mewbourne Oil Company for compulsory pooling, Eddy County, New Mexico. Applicant has filed an application with the Oil Conservation Division for an order pooling all uncommitted mineral interest owners in the Bone Spring formation underlying a horizontal spacing unit comprised of the S/2S/2 of Section 9 and the S/2S/2 of Section 8, Township 22 South, Range 27 East, NMPM, Eddy County, New Mexico (the Unit). Applicant proposes to drill the following wells in the Unit to test the Bone Spring formation: The Sandlot 9/8 Well Nos. 527H and 557H, with first take points in the SE/4SE/4 of Section 9 and last take points in the SW/4SW/4 of Section 8.

Also to be considered will be the cost of drilling, completing, testing, and equipping the wells, and the allocation of the cost thereof among the wells working interest owners, designation of Applicant as operator of the wells and the Unit, approval of actual operating charges and costs charged for supervision, together with a provision adjusting the rates pursuant to the COPAS accounting procedure, and setting a 200% charge for the risk involved in drilling, completing, testing, and equipping the wells in the event a working interest owner elects not to participate in the wells.

This matter is scheduled for hearing at 9:00 a.m. on Thursday, September 11, 2025. The hearing may be attended (a) in person in Pecos Hall of the Wendell Chino Building, First Floor, 1220 South St. Francis Drive, Santa Fe, New Mexico 87505, or (b) via the Divisions virtual meeting platform. To view the hearing docket and determine how to participate in an electronic hearing, go to <https://www.emnrd.nm.gov/ocd/hearing-info/> or contact Freya Tschantz at Freya.Tschantz@emnrd.nm.gov. You are not required to attend the hearing, but an owner of an interest affected by the application may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from contesting this matter at a later date. A party appearing in a Division case is required to file a Pre-Hearing Statement with the

Division no later than five business days before the hearing date. This statement may be filed online with the Division at ocd.hearings@emnrd.nm.gov and should include: The name of the party and the party's attorney; a concise statement of the case; the names of witnesses the party will call to testify at the hearing; the approximate time it will take the party to present its case; and any procedural matters that need to be resolved before the hearing. The Pre-Hearing Statement must also be provided to applicants attorney, James Bruce, Post Office Box 1056, Santa Fe, New Mexico 87504, jamesbruc@aol.com. The Unit is located approximately 3-1/2 miles northwest of Otis, New Mexico. 59970-Published in Carlsbad Current Argus Aug. 23, 2025.

DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES
OIL CONSERVATION DIVISION**

**APPLICATION OF MEWBOURNE OIL COMPANY
FOR COMPULSORY POOLING, EDDY COUNTY,
NEW MEXICO.**

CASE NO. 25573

APPLICATION

Mewbourne Oil Company ("Applicant") files this application with the Oil Conservation Division (the "Division") for an order pooling uncommitted mineral interest owners in the Bone Spring formation underlying a horizontal spacing unit comprised of the S/2S/2 of Section 9 and the S/2S/2 of Section 8, Township 22 South, Range 27 East, Eddy County, New Mexico (the "Unit"). In support of this application, Applicant states:

1. Applicant is an interest owner an operator in the Unit, and has the right to drill a well or wells thereon.
2. Applicant proposes to drill the following wells in the Unit to depths sufficient to test the Bone Spring formation: The Sandlot 9/8 Well Nos. 527H and 557H, with first take points in the SE/4SE/4 of Section 9 and last take points in the SW/4SW/4 of Section 8.
3. Although Applicant has in good faith sought to obtain voluntary joinder of all other mineral interest owners in the Unit to participate in the drilling of the wells or to otherwise commit their interests to the wells, certain interest owners have failed or refused to commit their interests. Therefore, Applicant seeks an order pooling all uncommitted mineral interest owners in the Bone Spring formation underlying the Unit, pursuant to NMSA 1978 Sec. 70-2-17.

EXHIBIT

WHEREFORE, Applicant requests this application be set for hearing before an Examiner of the Division, and, after notice and hearing, the Division issue its order:

- A. Pooling all uncommitted mineral interest owners in the Bone Spring formation underlying the Unit;
- B. Designating Applicant as operator of the wells and the Unit;
- C. Considering the cost of drilling, completing, testing, and equipping the wells, and allocating the cost thereof among the wells' working interest owners;
- D. Approving actual operating charges and costs charged for supervision, together with a provision adjusting the rates pursuant to the COPAS accounting procedure; and
- E. Setting a 200% charge for the risk involved in drilling, completing, testing, and equipping the wells in the event a working interest owner elects not to participate in the wells
