APPLICANT'S STATEMENT OF CASE

In this case, Tap Rock seeks orders to approve a standard 320-acre, more or less, horizontal spacing unit ("HSU") composed of the S/2 N/2 of Sections 9 and 10, Township 25 South, Range 25 East, N.M.P.M., Eddy County, New Mexico (the "Application Lands"), and to pool all uncommitted mineral interests in the Cottonwood Draw; Bone Spring Pool (97494), designated as an oil pool, underlying said HSU.

Under **Case 25799**, Tap Rock seeks to pool the Cottonwood Draw; Bone Spring Pool underlying the Application Lands and seeks to dedicate the HSU to the following proposed well:

A. **Upslope Fed Com #152H** (API No. *Pending*), which is an oil well that will be horizontally drilled from a surface location in the NW/4 SW/4 (Unit L) of Section 11, Township 25 South, Range 25 East, to a bottom hole location in the Cottonwood Draw; Bone Spring Pool in the SW/4 NW/4 (Unit E) of Section 9, Township 25 South, Range 25 East.

The well is orthodox in its location as defined by 19.15.16.15.(C) NMAC, and the take points and laterals comply with Statewide Rules for setbacks under 19.15.16.15.(C) NMAC. Also to be considered will be the cost of drilling and completing the Well and the allocation of the cost, the designation of Applicant as the operator of the Well, and a 200% charge for the risk involved in drilling and completing the Well.

The well and lands are located approximately 2.32 miles south of Whites City, New Mexico.
