MR. STAMETS: We'll call next Case 7682.

MR. PEARCE: That is on the application of Cibola Energy Corporation for an unorthodox gas well location, Chaves County, New Mexico.

MR. STAMETS: Joel, this one says Mississippian. Do we have the same problem?

MR. CARSON: No, I don't think so. This -- this -- I might say that this well has been -- it's already been drilled.

Mr. Hearing Officer, in Case Number 7682 my name is Joel Carson, Losee, Carson, and Dickerson, P. A., Artesia, New Mexico, appearing for the applicant.

I have one witness, Ms. Pam Bacon, who testified in the previous case and whose qualifications were acceptable in that case.

Could the record show that she continues to be sworn and that -- and are her qualifications also acceptable in this case?

MR. STAMETS: Yes, the record shall so show.

PAMELA BACON

being called as a witness and having been previously sworn upon her oath, testified as follows, to-wit:

DIRECT EXAMINATION

BY MR. CARSON:

Q. Ms. Bacon, I take it you're employed by Cibola Energy?

A. That's correct.

Q. And that is as a geophysicist and geologist. Would you take the -- explain briefly the purpose of this application in Case Number 7682?

A. We seek approval for the unorthodox location of a Mississippian gas well, which has been drilled 330 feet from the north line and 330 feet from the west line of Section 34, Township 11 South, Range 28 East, in Chaves County, and we ask that the west half of Section 34 be dedicated to the well.

Q. Now, Ms. Bacon, there have been some preliminary tests on this well. Would you tell the Examiner what the results of those tests are in terms of what the potential production of this well is per day?

A. The maximum rate of flow which was established was 98 Mcf of gas per day.

Q. So this -- would it be correct to say that this is essentially a salvage operation hearing?

A. That's correct.

Q I'm going to hand you what has been marked as Applicant's Exhibit Number One and ask you to identify this, please.

A This is a plat showing the land situation surrounding the Cowboy Well, which is marked in Section 34, and the west half of Section 34 which we intend to dedicate to the well is shown in hachures.

Q And the color code is also explained on that exhibit.

A Yes, the color code is explained on the attached sheet.

Q Applicant's Exhibit One was prepared by Cibola personnel, was it not?

A That's correct.

Q And is it true and correct to the best of your knowledge and belief?

A That's -- it is.

Q I'm going to refer you to Applicant's Exhibit Number Two and ask if you would identify that.

A Exhibit Number Two is a seismic section map made on the Mississippian reflector. It's in time and again it shows a small, laterally small, structural feature primarily, in the northwest quarter of Section 34.

Q Was it prepared by you or under your

1
2 supervision?

3 A. It was prepared by me.

4 MR. CARSON: I'd like to move the admis-
5 sion of Applicant's Exhibit Number Two, please.

6 MR. STAMETS: The -- both exhibits will
7 be admitted.

8 Q Ms. Bacon, is the purpose of Cibola by
9 making this application to acquire permission from the Divi-
10 sion to produce insofar as it can what little gas there may
11 be in the Mississippian, is that correct?

12 A. That's correct.

13 Q In your professional opinion will the ap-
14 proval of this application afford to Cibola the opportunity
15 to produce its just and equitable share of gas; will it pre-
16 vent economic loss caused by the drilling of unnecessary
17 wells; and will it avoid the augmentation of risk arising from
18 the drilling of an excessive number of wells, and otherwise
19 prevent waste and protect correlative rights?

20 A. Yes, it will.

21 MR. CARSON: I don't have any further
22 questions of this witness.
23
24
25

CROSS EXAMINATION

BY MR. STAMETS:

Q Ms. Bacon, to what formation was this well drilled?

A. It was drilled to the Fusselman formation and that formation was water saturated.

Q Was it proposed as an oil well?

A. Yes, it was.

MR. STAMETS: Are there any questions of the witness? She may be excused.

Anything further in this case?

MR. CARSON: Nothing further, Mr. Stamets. Thank you very much.

MR. STAMETS: The case will be taken under advisement.
