The Application of the Oil Conservation

motion for an order changing the designa-  
ted producing zone in the Hobbs Pool, Lea  
County, New Mexico, from the San Andres  
Zone to the Grayburg-San Andres zone.

Case No. 577

TRANSCRIPT OF HEARING

MR. MACEY: The only comment I have is a proposed change  
in a number of Grayburg-San Andres and single gas producing wells  
in the pool. As a result of recompletions and in order to prevent  
any dual or twinning of wells, we thought it advisable to combine  
the producing formations into one.

MR. SPURRIER: Mr. Stanley, would you be willing to be  
sworn in and agree with Mr. Macey's suggestion.

MR. STANLEY: Yes, sir, I will.

STANLEY J. STANLEY

having been first duly sworn, testified as follows:

Q. MR. SPURRIER: Do you agree with Mr. Macey's suggestion?

A. I concur with Mr. Macey in his statement and agree that  
the San Andres and Grayburg sections be carried as one.

MR. SPURRIER: Any questions of the witness? If not,  
the witness may be excused.

Any objection to the proposal in Case 577? If  
not we will take the case under advisement and move to Case  
578.
