BEFORE THE OIL CONSERVATION COMMISSION OF THE STATE OF NEW MEXICO

IN THE MATTER OF THE APPLICATION OF SUNRAY DX OIL COMPANY FOR AN ORDER ESTABLISHING THE VERTICAL AND HORIZONTAL LIMITS OF AN UNNAMED STRAWN POOL AND TEMPORARY FIELD RULES, INCLUDING UNIFORM PRORATION UNITS, FOR THE FURTHER DEVELOPMENT OF THE STRAWN FORMATION UNDERLYING PORTIONS OF TOWNSHIPS 18 AND 19 SOUTH, RANGES 21 AND 23 EAST, EDDY COUNTY, NEW MEXICO.

CASE NO. 2763

A P P L I C A T I O N

TO THE HONORABLE OIL CONSERVATION COMMISSION OF THE STATE OF NEW MEXICO:

COMES NOW Sunray DX Oil Company and respectfully alleges as follows:

1. It is the owner and operator of oil and gas leases within the following described area located in Eddy County, New Mexico:

Sections 23, 24, 25, 26, 35 and 36, Township 18 South, Range 21 East.

Sections 1, 2, 11 and 12, Township 19 South, Range 21 East.

Sections 8, 9, 10, 11, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34 and 35, Township 18 South, Range 23 East.

Sections 2, 3, 4, 5, 6, 7, 8, 9 and 10, Township 19 South, Range 23 East.

2. It has drilled and completed its New Mexico State "AH" Lease Well No. 1 at a location 1980 feet from the South line and 1980 feet from the West line ($NE\frac{1}{4}SW\frac{1}{4}NE\frac{1}{4}SW\frac{1}{4}$) of Section 30, Township 18 South, Range 23 East to the Strawn Formation. The Strawn Formation was encountered at a depth of 6935 feet below the surface of the ground and is productive of gas and gas condensate. It is presently drilling a second well to the Strawn Formation at a location 1650 feet from the North line and 1980 feet from the West line ($SE\frac{1}{4}NW\frac{1}{4}SE\frac{1}{4}NW\frac{1}{4}$) of Section 29, Township 18 South, Range 23 East.

3. It believes that the Strawn Formation underlies all or a major portion of the area described above and constitutes a new and previously unencountered common source of supply.

4. In the interest of preventing waste of gas and gas condensate, the elimination of unnecessary wells, the recovery of the greatest ultimate amount of gas and gas condensate and the protection of correlative rights, the vertical and horizontal limits of the pool should be defined and designated, and temporary special pool rules established, including a provision for uniform 640 acre proration units.

5. Applicant suggests that a uniform proration unit may be achieved by designating each governmental section as such a unit and that the permitted wells should be located on a unit within any one of the following tracts:

$SW\frac{1}{4}NE\frac{1}{4}SW\frac{1}{4}NE\frac{1}{4}$

$SE\frac{1}{4}NW\frac{1}{4}SE\frac{1}{4}NW\frac{1}{4}$

$NE\frac{1}{4}SW\frac{1}{4}NE\frac{1}{4}SW\frac{1}{4}$

$NW\frac{1}{4}SE\frac{1}{4}NW\frac{1}{4}SE\frac{1}{4}$

6. Attached hereto is a list of the names and addresses of all principal lessees or operators known to applicant to be interested in this application and the requested hearing.

DOCKET MAILED

Date 2/8/63

7. This application may be set for hearing by an Examiner of the New Mexico Oil and Gas Conservation Commission.

WHEREFORE, Applicant prays that this application be set for hearing, that notice thereof be given according to law and that upon the hearing of this application, an order be entered establishing this unnamed Strawn Pool and temporary special pool rules, including 640 acre proration units, for the development and production of gas and gas condensate from the Strawn Formation, common source of supply, and for such other order as the Commission may deem proper.

Re: Case No. 2763: Application
of Sunray DX Oil Company for
Creation of Gas Pool and
Establishment of Temporary
Pool Rules, Eddy County,
New Mexico

Gentlemen:

As a working-interest owner, we hereby urge that the Commission establish a new gas pool for the Sunray DX State "AH" No. 1 Well located in Unit K of Section 30, Township 18 South, Range 23 East, Eddy County, New Mexico, and grant temporary pool rules as applied for by the Sunray DX Oil Company. We have reviewed the application made by Sunray DX Oil Company and believe that provisions therein will prevent waste and protect correlative rights.

Yours very truly,

DOCKET: EXAMINER HEARING - THURSDAY - MARCH 7, 1963

9 A. M. - OIL CONSERVATION COMMISSION CONFERENCE ROOM,
STATE LAND OFFICE BUILDING, SANTA FE, NEW MEXICO

The following cases will be heard before Daniel S. Nutter, Examiner, or
Elvis A. Utz, as alternate examiner:

CASE 2763: (Continued)

Application of Sunray DX Oil Company for the creation of a Strawn Gas Pool and for Special Temporary Pool Rules, Eddy County, New Mexico. Applicant, in the above-styled cause, seeks the creation of a new Strawn Gas Pool for its New Mexico State "AH" Well No. 1, located in Unit K of Section 30, Township 18 South, Range 23 East, Eddy County, New Mexico, and the establishment of temporary pool rules therefor, including a provision for 640-acre proration units.

CASE 2766: Application of Tom Brown Drilling Company, Inc., for a unit agreement, Eddy County, New Mexico. Applicant, in the above-styled cause, seeks approval of the Siegreist Draw Unit Area, comprising 7,578 acres, more or less, of State and fee lands in Township 19 South, Range 23 East, Eddy County, New Mexico.

CASE 2767: Application of Tom Brown Drilling Company, Inc., for a unit agreement, Eddy County, New Mexico. Applicant, in the above-styled cause, seeks approval of the Antelope Sink Unit Area, comprising 7,561 acres, more or less, of State and fee lands in Township 19 South, Ranges 23 and 24 East, Eddy County, New Mexico.

CASE 2768: Application of Ernest A. Hanson and Harold Kersey for special nomenclature, Eddy County, New Mexico. Applicants, in the above-styled cause, seek an order extending the vertical limits of that portion of the Red Lake (Grayburg-San Andres) Pool underlying the NW/4 of Section 14, Township 17 South, Range 28 East, Eddy County, New Mexico, to include therein the Queen formation.

CASE 2769: Application of Cities Service Oil Company for three water injection wells, Chaves County, New Mexico. Applicant, in the above-styled cause, seeks authority to convert the Pure State No. 1 and the Gulf State Well No. 1 located in Units D and P, respectively, of Section 16, Township 14 South, Range 31 East, Chaves County, New Mexico, to water injection, offsetting Phillips Petroleum Company's West Cap Waterflood Project. Applicant further seeks authority to drill an additional water injection well at the southwest corner of Unit K of said Section 16.

Docket No. 8-63

CASE 2770:

Application of El Paso Natural Gas Company for permission to conduct certain special well tests, San Juan and Rio Arriba Counties, New Mexico. Applicant, in the above-styled cause, seeks authority to conduct maximum pressure build-up tests on 27 wells in the Blanco-Mesaverde, Basin-Dakota, Aztec-Pictured Cliffs, Ballard-Pictured Cliffs, and South Blanco-Pictured Cliffs Gas Pools, San Juan and Rio Arriba Counties, New Mexico. Applicant further seeks exception to the annual well-testing requirements of Order R-333-F for said wells during the testing period, as well as exception to the under-age and overage balancing requirements of Order R-1670. Further, applicant seeks authority to transfer said wells' allowables to other wells on the same basic lease for production. Applicant also seeks an administrative procedure for the designation of such substitute wells for testing as may be deemed necessary.

Mr. A. L. Porter, Jr.

Dear Sir:

It is our understanding that Case No. 2763, which was originally scheduled for hearing on February 21, 1963, on the application of Sunray DX Oil Company for the creation of a new Strawn gas pool in Eddy County, New Mexico, and for adoption of temporary rules to cover the pool, has been continued until the first examiner hearing in March. The following is a statement of Pan American Petroleum Corporation's position concerning this application. It would be appreciated if you will read this statement into the record of the hearing.

Pan American Petroleum Corporation, as an interest owner in acreage in the vicinity of Sunray DX Oil Company's State "AH" No. 1, Section 30, T-18-S, R-23-E, Eddy County, New Mexico, supports Sunray DX Oil Company's application for creation of a new pool and for adoption of temporary rules for this pool to include, among other things, 640-acre gas proration units. In our opinion, the indications that the Strawn formation is capable of affording wide drainage are sufficient at this time to justify the establishment of temporary 640-acre proration units.

Yours very truly,

W. V. Grisham
