Re: Well Plugging - De Baca
County, New Mexico

Gentlemen:

Pursuant to information furnished us by Mr. M. L. Armstrong, Supervisor, District No. II, Oil Conservation Commission, Artesia, New Mexico, we hereby make demand that you plug the Petroleum Consultants State Well No. 1, located 660 feet from the South line and 660 feet from the East line of Section 2, Township 1 North, Range 20 East, NMPM, De Baca County, New Mexico, in accordance with the minimum plugging requirements set out below:

- (1) Set a 25-sack cement plug at total depth.
- (2) Set a 25-sack cement plug at approximately 150 feet.
- (3) Set a 5-sack cement plug at the surface.
- (4) Set a regulation steel marker in the surface plug.

-2-

February 13, 1963

Petroleum Consultants
Tucson, Arizona

United States Fidelity & Guaranty Company
Albuquerque, New Mexico

- (5) Fill the interval between each plug with mud weighing not less than ten pounds per gallon.

The above requirements must be completed on or before March 15, 1963. Mr. Armstrong must be contacted and given an opportunity to witness the plugging of the well as it is being accomplished.

Very truly yours,

JAMES M. DURRETT, Jr.,

Re: Abandoned Wells
Petroleum Consultants
Section 2-T1n-R20E
DeBaca County, New Mexico

Dear Mr. Overton:

After talking to you on Tuesday February 5, 1963 about the two abandoned oil test wells located on your ranch I informed the Commission attorney, Mr. James Durrett, as to what we had discussed. Mr. Durrett requested that I write you and let you know that he wishes to have the bonding company plug the first well drilled before any attempt to dispose of the second well is made. He further stated that if the wells were a danger to your cattle it would be alright to put a temporary fence around them if you wished.

We will contact you again after the first well is plugged.

If you have any questions concerning this matter do not hesitate to call upon me.

Very truly yours,

OIL CONSERVATION COMMISSION

Re: Your File - A & J Company,
Odessa, Texas, L-292,451-DAL

Dear Mr. Massett:

Thank you for your letter of February 8, 1963. The Commission has shut-in Petroleum Consultants State Well No. 1, located approximately 660 feet from the South line and 650 feet from the East line of Section 2, Township 1 North, Range 20 East, NMPM, De Baca County, New Mexico. A shut-in notice was posted on the rig when the Commission shut it in. The rig originally was drilling at an approved location 660 feet from the South line and 660 feet from the East line of Section 2 and was skidded without the Commission's approval approximately ten feet to the east and drilling was commenced. The Commission is presently making a plugging demand upon the surety company that bonded the operator. However, the Commission has not filed a lien upon the rig and does not intend to do so as we are informed that the rig does belong to Mr. Carl D. Jones, dba A & J Company, Odessa, Texas, and that Mr. Jones was not involved in any way as operator of the well. Therefore, the Commission has no objection to your removing the rig.

We appreciate your consideration in contacting us concerning this matter. Please advise me if we can furnish you any additional information or be of other assistance to you.

Very truly yours,

JAMES M. DURRETT, Jr.,
Special Assistant Attorney General

February 8, 1963

New Mexico Oil Conservation Commission
Santa Fe, New Mexico

Gentlemen:

Re: A & J Company
Odessa, Texas
L-292,451-DAL

This Administration holds a chattel mortgage on a Cardwell drilling rig and other oil field equipment, executed December 26, 1961 by Robert C. Abernathy and Carl D. Jones, d/b/a A & J Company, Odessa, Texas. Subsequent to the execution of the chattel mortgage, A & J Company rented the Cardwell rig to a Mr. R. O. Sutton, who used the rig to drill a well on the W. E. Overton ranch, in Section 2, Township 1 North, Range 20 E, De Baca County, New Mexico.

We understand the well was dry and abandoned, and the rig on which we have a mortgage, moved a short distance from the location of the well, was also abandoned. We also understand that the well was not plugged. Your commission has posted a notice on the rig. Payments on our mortgage are delinquent and foreclosure of the collateral, including the Cardwell unit, has been authorized. We desire to return the rig to Odessa, for sale, with the remainder of our collateral.

The purpose of this letter is to inquire if the Notice posted by your Commission prohibits our having the rig moved from its present location.

It is to be noted that we, as mortgagee, had no notice that the rig had been moved to New Mexico, and any violation of your regulations that may have occurred, was the act of the operator, Mr. Sutton. We assume that you required and have on file a bond from this operator to guarantee compliance with your regulations.

-2-

We will appreciate your clearance to move the rig, in view of the circumstances cited above. Please advise us regarding this matter as soon as possible, as we want to have the rig moved at an early date. A self-addressed envelope which requires no postage is enclosed for your convenience and reply.

Sincerely,

L. W. Massett

BEFORE THE OIL CONSERVATION COMMISSION
OF THE STATE OF NEW MEXICO

IN THE MATTER OF THE HEARING CALLED BY THE OIL CONSERVATION COMMISSION ON ITS OWN MOTION TO PERMIT PETROLEUM CONSULTANTS AND ALL OTHER INTERESTED PARTIES TO APPEAR AND SHOW CAUSE WHY THE STATE WELL NO. 1 LOCATED 660 FEET FROM THE SOUTH AND EAST LINES OF SECTION 2, TOWNSHIP 1 NORTH, RANGE 20 EAST, DE BACA COUNTY, NEW MEXICO, SHOULD NOT BE PLUGGED IN ACCORDANCE WITH A COMMISSION-APPROVED PLUGGING PROGRAM.

CASE No. 2780
Order No. R-2464

ORDER OF THE COMMISSION

BY THE COMMISSION:

This cause came on for hearing at 9 o'clock a.m. on April 10, 1963, at Santa Fe, New Mexico, before Daniel S. Nutter, Examiner duly appointed by the Oil Conservation Commission of New Mexico, hereinafter referred to as the "Commission," in accordance with Rule 1214 of the Commission Rules and Regulations.

NOW, on this 18th day of April, 1963, the Commission, a quorum being present, having considered the recommendations of the Examiner, Daniel S. Nutter, and being fully advised in the premises,

FINDS:

(1) That due public notice having been given as required by law, the Commission has jurisdiction of this cause and the subject matter thereof.

(2) That the Attorney for the Commission stated at the hearing that the subject well had been plugged in accordance with a Commission-approved plugging program and moved that the case be dismissed.

IT IS THEREFORE ORDERED:

That Case No. 2780 is hereby dismissed.

DONE at Santa Fe, New Mexico, on the day and year hereinabove designated.

No. 11-63

DOCKET: EXAMINER HEARING - WEDNESDAY - APRIL 10, 1963

9 A.M. - OIL CONSERVATION COMMISSION CONFERENCE ROOM
STATE LAND OFFICE BUILDING, SANTA FE, NEW MEXICO

The following cases will be heard before Daniel S. Nutter, Examiner, or
Elvis A. Utz, as alternate Examiner:

- CASE 2780: In the matter of the hearing called by the Oil Conservation Commission on its own motion to permit Petroleum Consultants and all other interested parties to appear and show cause why the State Well No. 1 located 660 feet from the South and East lines of Section 2, Township 1 North, Range 20 East, De Baca County, New Mexico, should not be plugged in accordance with a Commission-approved plugging program.
- CASE 2781: Application of John H. Trigg Company for three water injection wells, Chaves County, New Mexico. Applicant, in the above-styled cause, seeks authority to convert its Federal Trigg Wells Nos. 17-9, 26-9, and 28-9, located in Units N, L, and D respectively, Section 9, Township 14 South, Range 31 East, Caprock-Queen Pool, Chaves County, New Mexico, to water injection off-setting Phillips Petroleum Company's West Caprock waterflood project.
- CASE 2782: Application of Texaco Inc., for a non-standard gas proration unit, Lea County, New Mexico. Applicant, in the above-styled cause, seeks approval of a 320-acre non-standard gas proration unit comprising the E/2 SW/4, S/2 SE/4, NE/4 SE/4, E/2 NE/4, and NW/4 NE/4 of Section 12, Township 21 South, Range 36 East, Eumont Gas Pool, Lea County, New Mexico, to be dedicated to its Roy Riddel Well No. 1 located in Unit N of Section 12.
- CASE 2783: Application of Pan American Petroleum Corporation for a triple completion, Lea County, New Mexico. Applicant, in the above-styled cause, seeks approval of its Southland Royalty "A" Well No. 8, located in Unit W, Section 4, Township 21 South, Range 37 East, Lea County, New Mexico, as a triple completion (conventional) to produce oil from the Blinebry Oil Pool, Tubb Gas Pool, and Drinkard Pool through parallel strings of tubing.
- CASE 2784: Application of Continental Oil Company for authority to conduct interference tests, Lea County, New Mexico. Applicant, in the above-styled cause, seeks authority to shut-in one Oil Center Blinebry well on its Meyer B-4 Lease, Section

4, Township 21 South, Range 36 East, Lea County, New Mexico, to observe pressure behavior and to transfer said well's allowable to other wells on said lease for a period not to exceed 90 days.

CASE 2785: Application of DOB Oil Properties, Inc., for a unit agreement, Lea County, New Mexico. Applicant, in the above-styled cause, seeks approval of the Northeast Anderson Ranch Unit Area, comprising 1680 acres of State land in Township 15 South, Range 32 East, Lea County, New Mexico.

CASE 2786: Application of Apache Corporation for a unit agreement, Lea County, New Mexico. Applicant, in the above-styled cause, seeks approval of the Maljamar North Unit Area, comprising 1600 acres of State land in Township 16 South, Ranges 32 and 33 East, Lea County, New Mexico.

CASE 2787: Application of Cabot Corporation for an unorthodox location, Lea County, New Mexico. Applicant, in the above-styled cause, seeks approval of the unorthodox location of its John R. Thompson Well No. 1 at a point 1980 feet from the South line and 330 feet from the West line of Section 23, Township 11 South, Range 33 East, North Bagley-Wolfcamp Pool, Lea County, New Mexico.

CASE 2788: Application of Ralph Lowe for a dual completion, Eddy County, New Mexico. Applicant, in the above-styled cause, seeks approval of his Indian Basin "A" Well No. 1, located in Unit J of Section 22, Township 21 South, Range 23 East, Eddy County, New Mexico, as a dual completion (conventional) to produce gas from the Indian Basin-Upper Pennsylvanian Gas Pool and the Indian Basin-Morrow Gas Pool through parallel strings of tubing.

CASE 2789: Application of Sam Boren Oil for a salt water disposal dual completion, Lea County, New Mexico. Applicant, in the above-styled cause, seeks authority to dually complete its Robinson Well No. 1, located in Unit H, Section 23, Township 9 South, Range 33 East, Lea County, New Mexico, in such a manner as to produce oil from the Bough "C" zone of the Pennsylvanian formation and to dispose of produced salt water through the intermediate casing annulus into the open-hole interval from 4184 feet to approximately 5700 feet.

Re: Dwight L. Smith Walker Well
No. 1, and O. A. Peters State
Well No. 1

Dear Mose:

We have placed the Dwight L. Smith Walker Well No. 1 on the February 19th examiner hearing docket and will need either you or Bill to testify in the case.

I am a little confused concerning the O. A. Peters State Well No. 1. This should be the well that was involved in Case No. 2780, Order No. R-2464. I have a C-102 in the file from Petroleum Consultants indicating they intend to skid the rig with a note from you that the well was plugged. However, we have no C-103 but we do have a C-102 from O. A. Peters indicating that he would like to use the well for a water well; therefore, I am not sure what the status of this well is and probably should wait until I can discuss the matter with you in person before docketing a plugging case.

Very truly yours,

J. M. DURRETT, Jr.
