RE: DeSoto Springs #3 Recycling Containment and Recycling Facility
1 RF-498
Facility ID# fVV2234954815
Section 5 T26S R36E, Lea County

Ameredev operating respectfully submits notification of the following:

A leak was discovered on 11/7/2023 on the primary liner of the 40K AST and reported to NMOCD on 11/20/2023. The containment was drained until the location of the leak was identified at the 6 foot level.

Liner repair has been completed and filling of the AST began on 12/13/2023 following third party liner inspection. Filling occurred incrementally by 20 % with monitoring of the leak detection system for 24 hours following each fill increment. The AST has been filled to 80% capacity, as of December 17, 2023 and leak detection measurement was at "0" (no evidence of leak). The AST was put back into use on that date.

Pleas contact us with any questions.
