Good Morning Brad,

Attached is an updated "Major Milestone Schedule". We have had favorable weather conditions and deployed additional equipment to accelerate the timeline. Please contact me with your comments and questions.

Regards,

I. Keith Gordon, PE

| <b>Major Milestone Schedule – Units IIB &amp; IIC<sup>1</sup></b> |                 |              |              |            |             |             |               |                  |
|---|-----------------|--------------|--------------|------------|-------------|-------------|---------------|------------------|
| <b>Area of Work</b>   | <b>February</b> | <b>March</b> | <b>April</b> | <b>May</b> | <b>June</b> | <b>July</b> | <b>August</b> | <b>September</b> |
| 1. Planning & Design  |                 |              |              |            |             |             |               |                  |
| 2. Mass Excavation  |                 |              |              |            |             |             |               |                  |
| 3. Construction Quality Assurance (CQA)                           |                 |              |              |            |             |             |               |                  |
| 4. Subgrade Preparation   |                 |              |              |            |             |             |               |                  |
| 5. Geosynthetics Installation                                     |                 |              |              |            |             |             |               |                  |
| 6. Protective Soil Layer Hauling & Installation                   |                 |              |              |            |             |             |               |                  |
| 7. Project Completion   |                 |              |              |            |             |             |               |                  |
| 8. Financial Assurance Update                                     |                 |              |              |            |             |             |               |                  |
| 9. Engineering Certification <sup>2</sup>                         |                 |              |              |            |             |             |               |                  |

## Notes:

1. Dates and timelines are approximate and highly dependent on weather.
2. Engineering Certification includes submittal of as-built drawings sealed by a New Mexico Licensed Professional Engineer within 30 days of construction completion.
