Form C-147
Revised April 3, 2017

Recycling Facility and/or Recycling Containment

Type of Facility: Recycling Facility Recycling Containment*
Type of action: Permit Registration
 Modification Extension
 Closure Other (explain) _____

* At the time C-147 is submitted to the division for a Recycling Containment, a copy shall be provided to the surface owner.

Be advised that approval of this request does not relieve the operator of liability should operations result in pollution of surface water, ground water or the environment. Nor does approval relieve the operator of its responsibility to comply with any other applicable governmental authority's rules, regulations or ordinances.

1.
Operator: EOG Resources Inc. (For multiple operators attach page with information) OGRID #: 7377
Address: 5509 Champions Dr. Midland, Texas 79706
Facility or well name (include API# if associated with a well): Chili Pepper Water Recycling Facility and Containment Pit
OCD Permit Number: 1RF-26 (For new facilities the permit number will be assigned by the district office)
U/L or Qtr/Qtr NENW (C) Section 17 Township 23S Range 35E County: Lea
Surface Owner: Federal State Private Tribal Trust or Indian Allotment

2.
 Recycling Facility:
Location of recycling facility (if applicable): Latitude 32.3099405 Longitude -103.3922060 NAD83
Proposed Use: Drilling* Completion* Production* Plugging *
**The re-use of produced water may NOT be used until fresh water zones are cased and cemented*
 Other, *requires permit for other uses. Describe use, process, testing, volume of produced water and ensure there will be no adverse impact on groundwater or surface water.*
 Fluid Storage
 Above ground tanks Recycling containment Activity permitted under 19.15.17 NMAC explain type _____
 Activity permitted under 19.15.36 NMAC explain type: _____ Other explain _____
 For multiple or additional recycling containments, attach design and location information of each containment
 Closure Report (required within 60 days of closure completion): Recycling Facility Closure Completion Date: _____

3.
 Recycling Containment:
 Annual Extension after initial 5 years (attach summary of monthly leak detection inspections for previous year) 01/11/2025-01/11/2026
Center of Recycling Containment (if applicable): Latitude 32.3099372 Longitude -103.3939422 NAD83
 For multiple or additional recycling containments, attach design and location information of each containment
 Lined Liner type: Thickness 60 mil LLDPE HDPE PVC Other _____
 String-Reinforced
Liner Seams: Welded Factory Other _____ Volume: 1MM bbl Dimensions: L 600 x W 600 x D 16(inside)
 Recycling Containment Closure Completion Date: _____

4.

Bonding:

Covered under bonding pursuant to 19.15.8 NMAC per 19.15.34.15(A)(2) NMAC (These containments are limited to only the wells owned or operated by the owners of the containment.)

Bonding in accordance with 19.15.34.15(A)(1). Amount of bond \$ _____ (work on these facilities cannot commence until bonding amounts are approved)

Attach closure cost estimate and documentation on how the closure cost was calculated.

5.

Fencing:

Four foot height, four strands of barbed wire evenly spaced between one and four feet

Alternate. Please specify _____

6.

Signs:

12"x 24", 2" lettering, providing Operator's name, site location, and emergency telephone numbers

Signed in compliance with 19.15.16.8 NMAC

7.

Variances:

Justifications and/or demonstrations that the proposed variance will afford reasonable protection against contamination of fresh water, human health, and the environment.

Check the below box only if a variance is requested:

Variance(s): Requests must be submitted to the appropriate division district for consideration of approval. If a Variance is requested, include the variance information on a separate page and attach it to the C-147 as part of the application.

If a Variance is requested, it must be approved prior to implementation.

8.

Siting Criteria for Recycling Containment

Instructions: The applicant must provide attachments that demonstrate compliance for each siting criteria below as part of the application. Potential examples of the siting attachment source material are provided below under each criteria.

General siting	
Ground water is less than 50 feet below the bottom of the Recycling Containment. NM Office of the State Engineer - iWATERS database search; USGS; Data obtained from nearby wells	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No <input type="checkbox"/> NA
Within incorporated municipal boundaries or within a defined municipal fresh water well field covered under a municipal ordinance adopted pursuant to NMSA 1978, Section 3-27-3, as amended. - Written confirmation or verification from the municipality; written approval obtained from the municipality	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No <input type="checkbox"/> NA
Within the area overlying a subsurface mine. - Written confirmation or verification or map from the NM EMNRD-Mining and Minerals Division	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
Within an unstable area. - Engineering measures incorporated into the design; NM Bureau of Geology & Mineral Resources; USGS; NM Geological Society; topographic map	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
Within a 100-year floodplain. FEMA map	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
Within 300 feet of a continuously flowing watercourse, or 200 feet of any other significant watercourse, or lakebed, sinkhole, or playa lake (measured from the ordinary high-water mark). - Topographic map; visual inspection (certification) of the proposed site	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
Within 1000 feet from a permanent residence, school, hospital, institution, or church in existence at the time of initial application. - Visual inspection (certification) of the proposed site; aerial photo; satellite image	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
Within 500 horizontal feet of a spring or a fresh water well used for domestic or stock watering purposes, in existence at the time of initial application. - NM Office of the State Engineer - iWATERS database search; visual inspection (certification) of the proposed site	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
Within 500 feet of a wetland. - US Fish and Wildlife Wetland Identification map; topographic map; visual inspection (certification) of the proposed site	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

9.

Recycling Facility and/or Containment Checklist:

Instructions: Each of the following items must be attached to the application. Indicate, by a check mark in the box, that the documents are attached.

- Design Plan - based upon the appropriate requirements.
- Operating and Maintenance Plan - based upon the appropriate requirements.
- Closure Plan - based upon the appropriate requirements.
- Site Specific Groundwater Data -
- Siting Criteria Compliance Demonstrations -
- Certify that notice of the C-147 (only) has been sent to the surface owner(s)**

10.

Operator Application Certification:

I hereby certify that the information and attachments submitted with this application are true, accurate and complete to the best of my knowledge and belief.

Re: EOG Chili Pepper Pit 1RF-26

Dear Ms. Venegas:

Thank you for allowing EOG to continue to promote water reuse in the State of New Mexico for our operations. EOG (Owner/Operator), and Accelerated (operator) plan to have active completion operations near this pit location into 2025. EOG Resources Inc., would like to formally request an extension to our currently approved permit from 1/11/2025-01/11/2026.

Sincerely,

Patricia Donald

Subject: 1RF-26 - CHILI PEPPER WATER RECYCLING FACILITY AND CONTAINMENT PIT FACILITY ID [FOY1805031625]
Attachments: C-147 1RF-26 - Chili Pepper Water Recycling Facility and Containment Pit Facility ID [fOY1805031625] 2025-2026.pdf

1RF-26 - CHILI PEPPER WATER RECYCLING FACILITY AND CONTAINMENT PIT FACILITY ID [FOY1805031625]

Good morning Ms. Donald,

NMOCD has reviewed the registration/permit annual extension request for 1RF-26 - CHILI PEPPER WATER RECYCLING FACILITY AND CONTAINMENT PIT FACILITY ID [FOY1805031625], received from EOG RESOURCES INC [7377] on 12/19/2024, Action ID 414059. The registration/permit extension request is approved with the following conditions of approval:

- 1RF-26 - CHILI PEPPER WATER RECYCLING FACILITY AND CONTAINMENT PIT FACILITY ID [FOY1805031625] is approved for one (1) year of operation from the date of the previous registration/permit expiration date of January 16, 2025. The new registration/permit expiration date is January 16, 2026.
- EOG RESOURCES INC [7377] will continue to operate, maintain, and close the 1RF-26 - CHILI PEPPER WATER RECYCLING FACILITY AND CONTAINMENT PIT FACILITY ID [FOY1805031625] in compliance with 19.15.34 NMAC, to include but not limited to the performance of weekly inspections regardless of fluid levels in the containment; recording of detailed inspection reports; removal of debris, foreign objects and oil from the containment; and monthly reporting of recycling and reuse of produced water, drilling fluids, and liquid oil field waste via from C-148.
- EOG RESOURCES INC [7377] will maintain a liquid level in the containment that is at least equal to the weight of the liner plus 20%. EOG RESOURCES INC [7377] may maintain a higher liquid level if they choose.
- If less than 20% of the total fluid capacity is utilized every consecutive six months, operation of the facility is considered ceased and notification of cessation of operations should be sent electronically to OCD Permitting. A request to extend the cessation of operations, not to exceed six months, may be submitted using a C-147 long form through OCD Permitting. OCD will grant an additional 6 months to operate the containment if all the requirements of 19.15.34 are met. However, if after that 6-month period the containment was not utilized at a minimum of 20% fluid capacity, no additional extensions would be granted, and the operator would be directed to remove all fluids and proceed with the closure requirements per 19.15.34.14.
- The recycling containment is bonded pursuant to 19.15.8 NMAC per 19.15.34.15(A)(2) NMAC. Water reuse and recycling from 1RF-26 - CHILI PEPPER WATER RECYCLING FACILITY AND CONTAINMENT PIT FACILITY ID [FOY1805031625] is limited to wells owned or operated by EOG RESOURCES INC [7377].
- A minimum of 3-feet freeboard must be maintained in the recycling containment at all times.
- EOG RESOURCES INC [7377] will comply with 19.15.29 NMAC Releases in the event of any release of produced water or produced water or other oil field wastes at 1RF-26 - Chili Pepper Water Recycling Facility and Containment Pit Facility ID [fOY1805031625].
- EOG RESOURCES INC [7377] will comply with all other OCD rules.
- EOG RESOURCES INC [7377] must perform weekly inspections of the containment and leak detection system.

- If EOG RESOURCES INC [7377] wishes to extend the registration/permit past January 16, 2026, a registration/permit extension request must be submitted to OCD. Extension requests are reviewed on a case-by-case basis and evaluated on their merit. Extensions are considered for a maximum length of one year. Additional requests must be submitted to OCD through the OCD Permitting on a Form C-147 (long form) as an Extension request and should include a formal extension request letter, a summary of the prior registration/permit period inspection reports, and the copies of the detailed inspection records for the prior permit period. The extension request should be submitted no later than December 16, 2025.

Please let me know if you have any additional questions.
Regards,

Victoria Venegas • Environmental Specialist Advanced
