The Commission held public hearing at Santa Fe, New Mexico, on June 14, 1956, at 9 a.m., pursuant to legal notice for the purpose of setting the allowable production of gas from the following five (5) gas pools in San Juan and Rio Arriba Counties, New Mexico, for the six-month period, August 1, 1956, through January 31, 1957.

NOW, on this day the Commission, a quorum being present, having considered the nominations of purchasers, the capacity of producing wells and being otherwise fully advised in the premises,

FINDS:

1. That the total nominations of purchasers of gas produced from the above listed five (5) gas pools for the period August 1, 1956 through January 31, 1957, is 122,601,078 MCF. The individual pool nominations, which total 122,601,078 MCF, are as follows:
