CASE NO. 274
ORDER NO. R-78

ORDER OF THE COMMISSION

BY THE COMMISSION:

This matter came on for hearing at 10 o'clock A. M. on May 22, 1951, pursuant to legal notice, at Santa Fe, New Mexico, before the Oil Conservation Commission of New Mexico, hereinafter referred to as the "Commission."

The Commission having heard the evidence and being fully advised in the premises,

FINDS:

1. That due public notice having been given as required by law, the Commission has jurisdiction of the subject matter and of the interested parties.
2. That continued experimentation tends to show that mechanical packers and other devices are now available for engineeringly successful dual completions. However, the Commission is yet to be convinced of the soundness of oil-oil dual or multiple completions as a general practice in New Mexico.

IT IS THEREFORE ORDERED, that the application of Cities Service Oil Company for dual completion of its State "S" No. 3 and No. 4 wells located in Section 15, Twp. 21S, R. 37 E NMPM, Lea County, New Mexico be and the same is hereby denied.

DONE, at Santa Fe, New Mexico, this 5th day of June, 1951.
