| Was this a major release as defined by 19.15.29.7(A) NMAC? | If YES, for what reason(s) does the responsible party consider this a major release? The release is of an unknown volume | | | | |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|--|--|--|
| $\boxed{9.13.29.7(A) \text{ NMAC}}$ | | | | | |
| | | | | | |
| If VFS was immediate n | otice given to the OCD? By whom? To w | nom? When and by what means (phone email etc)? | | | |
| Immediate notice During the line re | If YES, was immediate notice given to the OCD? By whom? To whom? When and by what means (phone, email, etc)? Immediate notice was not given due to initial assessment of release was thought to be under 5 barrels. During the line repair visual staining of hydrocarbon with depth suggested a reportable volume. Larry Baker notified Jim Griswold and Mike Bratcher on 4/29/2021 about the change via email. | | | | |
| | Initial R | esponse | | | |
| The responsible | party must undertake the following actions immediate | ly unless they could create a safety hazard that would result in injury | | | |
| \square The source of the relation | ease has been stopped. | | | | |
| The impacted area ha | s been secured to protect human health and | the environment. | | | |
| Released materials ha | we been contained via the use of berms or o | likes, absorbent pads, or other containment devices. | | | |
| All free liquids and re | ecoverable materials have been removed an | d managed appropriately. | | | |
| If all the actions described | d above have <u>not</u> been undertaken, explain | why: | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| Per 19 15 29 8 B (4) NM | AC the responsible party may commence r | emediation immediately after discovery of a release. If remediation | | | |
| has begun, please attach | a narrative of actions to date. If remedial | efforts have been successfully completed or if the release occurred blease attach all information needed for closure evaluation. | | | |
| | | best of my knowledge and understand that pursuant to OCD rules and | | | |
| public health or the environm | nent. The acceptance of a C-141 report by the C | fications and perform corrective actions for releases which may endanger OCD does not relieve the operator of liability should their operations have | | | |
| failed to adequately investigate and remediate contamination that pose a threat to groundwater, surface water, human health or the environment. In addition, OCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws | | | | | |
| and/or regulations. | | | | | |
