	above is true and complete to the best of my knowledge and understand that pursuant to OCD rules and				
public health or the environment. The acc	port and/or file certain release notifications and perform corrective actions for releases which may endanger eptance of a C-141 report by the OCD does not relieve the operator of liability should their operations have				
failed to adequately investigate and remediate contamination that pose a threat to groundwater, surface water, human health or the environment. In addition, OCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws					
and/or regulations.
