Annual Gas Capture Rate	
Values provided by the operator.	
Gas Capture Rate	97.91

Amendment	
Is this certification an amendment of a previously submit certification.	
Amended	Yes
Reason	Dugan Production Corp. is amending the 2022 Gas Capture Rate Annual Certification because there was an error on two C-115B's. Dugan's software that generates the C-115's made a mistake and did not properly add in fuel usage for field equipment. This error resulted in 200,000 MCFs of gas being unaccounted for which in turn was accounted for as vented gas. Corrected C-115B's have been uploaded. By correcting the C-115B's, Dugan is now reporting a capture percentage of 97.91%.

ACKNOWLEDGMENTS

<input checked="" type="checkbox"/>	I certify that the annual gas capture rate has been reviewed and all information on this submittal is complete and correct.
