Re: Twining Drilling Corporation

Dear Mr. Martin:

As you have been informed by Ron Rutherford, I am serving as Guardian of the Property of Nathan Twining. Consequently, I am controlling his companies, The Twining Corporation, Twining Land Corporation, Twining Drilling Corporation and Twining Energy Corporation. I am working toward an ultimate liquidation of all companies.

Thank you for taking the time to meet and discuss with Ron the requirement of Twining Drilling Corporation to complete plugging and abandoning of NAT wellbores or to assign the responsibilities of same to a party acceptable to the State. With Ron's guidance and assistance, efforts are being made to fulfill all requirements during the 2014 calendar year.

I will communicate with you again in six months to update you on our progress. I imagine Ron will be in periodic communications with you as to our status in the interim.

Very truly yours,

Bryan A. Bishop

cc: Ron Rutherford
