Khem:
This is what I sent to BLM Headquarters to justify the extension. Thanks.

July 29. BLM-NM. The Farmington Field Office will approve a two-year extension request for the Enduring Resources NE Chaco Com SWD well in Rio Arriba County. The permit is scheduled to expire on Aug. 19; COVID-19 restrictions impaired the operator from drilling the saltwater disposal well. PR/SM: NA (7/21/21)

Hi Dave,

Reaching out to you again. I've attached a pdf of the well record from AFMSS containing the well information and the extension approved date and expiration on page 3. Would it be possible for you to sign this with a comment the APD extension was approved? Perhaps the NMOCD would accept as acknowledgement and approval of the extension.

Please feel free to reach out to discuss if needed. Enduring is motivated to get this resolved soon.

Thank you,
Khem

Hi Dave,

Just following up on this inquiry. Alex Campbell with Enduring is hoping this can get resolved soon, so I'm hoping you'll be able to provide to some guidance and the documentation we need to file the extension with the NMOCD. Please feel free to give me a call if you need any additional information.

Thank you,

Khem

Hi Dave,

I hope this finds you well. I'm reaching out to you with regards to the above SWD well. This was the one we discussed back during our meeting on September 1, 2021 where WSP had submitted a sundry on behalf of Enduring to extend the APD. The attached sundry (ID 2505222) was accepted, but we never received the approved/accepted sundry with a time/date stamp on it, needed to file with NMOCD. The AFMSS well record shows the extension approved (see screenshot below), which was discussed during the meeting. WSP has since provided this to the NMOCD to extend their APD, but they need something more that would explain the extension. Any chance you would be able to provide something like this? Feel free to reach out with additional questions.

Thank you in advance for your assistance,
Khem
