Re: Notification and Verification of a Standard Well Location for Caravan 28 State
Com 103 Section 28 Township 24-S Range 33-E N.M.P.M Lea County, New
Mexico

Dear Mr. Lowe:

Included with this letter are the following documents demonstrating that the above referenced well will be drilled at a standard oil well location:

- C-102 Plat dated February 10, 2023 ,showing the proposed location of Caravan 28 State Com 103, respectively;
- "Area of Common Ownership Plat" separately showing the spacing units for the well; and
- Certification of Ownership demonstrating the outlined area on the plat is comprised of one federal lease and one state lease, with uniform ownership.

19.15.16.15.C(7) NMAC provides that in area of common ownership (here, one federal lease and one state lease) the setback requirements only apply to the outer boundary of the area of uniform ownership, not the spacing unit within the area of uniform ownership. Since the area to the west towards which this well encroaches is within the documented "area of common ownership," this well is at a standard location and approval of a non-standard location for the well is not necessary.

Please place this Notification and Verification of a Standard Well Location in the well files for Caravan 28 State Com 103 (30-025-51063).

Respectfully submitted,
Patricia Donald

Certification of Ownership

I have reviewed the ownership of the oil and gas leasehold covering the following leases and tracts for purposes of identifying an "area of common ownership" as set forth in NMAC 19.15.16.15.B(8) and C(7):

State Oil & Gas Lease ST NM VB-0647-1 covering Section 28: W2, Township 25 South, Range 33 East, in Lea County, New Mexico;

State Oil & Gas Lease ST NM VO-7363-1 covering Section 33: W2, Township 25 South, Range 33 East, in Lea County, New Mexico;

As of this date below, the ownership in the above-described leases and lands is identical ownership as defined in 19.15.12.7 B NMAC.
