Subject: Fwd: [EXTERNAL] Avant - Cutbow 36 1 Fed Com 304H & 305H Alternate Proposal

Good entering,

We just received approval for the same secondary procedure for a DV tool in the 9-5/8" casing for the remaining Cutbow pad wells.

Please include a note in the DDR's for each well:

"ENGINEER RECEIVED EMAIL FROM ALLISON MORENCY (BLM) ON 12/07/23 APPROVING DV TOOL FOR THE 9-5/8" INTERMEDIATE SECTION."

Let me know if you have any concerns.

Thanks,
Ryan

Approval granted for the extension of the contingency DV tool to the other two cut bow wells.

Please reach out if you have any issues.

Sincerely,

Allison Morency

Good evening,

See the thread below. As we discussed over the phone, we would like to extend this secondary procedure approval to the other 2 pad wells.

All 3 pad wells have the same target 9-5/8" casing TVD.

Good morning Mr. Stevens,

As we discussed on the call, we lost full returns while drilling the 12.25" intermediate at 3,550'. Decision made to run DV tool and packer to set at 3,200' and pump a 2 stage cement design.

Please reply with approval to move forward with this plan.

Thank you,
Ryan Harris
