Will, no logs were ran on the well. I do not think I ever filed a C105, I will look thru my files if needed.

Hi Billy.
I will look it over.
Do we have the well logs and a C-105 on this well?

Happy holiday!

Will, please find attached PA procedure for API 30-019-20140. Also attached is casing and cementing report for this well that was in my file, but not in OCD wellfile. I do not know if I never filed this or it got lost in OCD system.

If this PA meets your approval, I will get hard copy in the mail to you as soon as possible, I have not worked out the logistics for this PA but I will keep you informed as I go forward with this work..

Thanks

Will,

Enclosed are the C105 and C103 for casing and cement for the Thorpe well. I have also enclosed before and after WBD for the Thorpe.

Thanks for any help you can provide.
