Mr. Jones,

I've sent the attached email request to Mr. Coy Bryant at Kinder Morgan CO2 Co. LLP requesting that the company execute a change of operator request for the State 2-13 #2 well (API 30-003-20024). This plugged well should have been transferred from Ridgeway Arizona Oil Corp to Kinder Morgan CO2 Co. LLP back in 2012 along with all of the other wells in Catron County, NM. Not sure how this one was missed, but we are will work to take care of it now.

I believe that you discussed this matter with Mark Strawn during his visit with yourself and Daniel Sanchez last week in Santa Fe. Luckily, I was already working behind the scenes to address this matter. However, I've been unable to contact Mr. Bryant via telephone and have not received a response to our request to execute the Change of Operator Form. Any suggestions or guidance you might be able to provide in getting this matter resolved would be greatly appreciated.

Coy,

While reviewing Ridgeway Arizona Oil Corp. records on the New Mexico OCD website, I discovered that the change of operator form for the State 2-13 #2 well (30-003-20024) was not submitted to the NMOCD when Kinder Morgan CO2 Co. LP purchased the Catron County, NM property from Ridgeway. I've attached a change of operator form for you to execute so that I can submit and correct the records for the well.

If you have any questions, feel free to contact me at 832-485-8522.
