Dear Mr. Armstrong:

We are in receipt of your letter of August 30, 2017, together with the commercial determination data for the above referenced well.

The Bureau of Land Management, by their letter of October 3, 2017, advised this office that they agree with your determination that the Poker Lake Unit CVX BS #25H is not capable of producing unitized substances in paying quantities from the Bone Spring Formation.

Please be advised that the New Mexico State Land Office concurs with the Bureau of Land Management's determination:

Well Name & Number	Location	Pool/Formation	Completion Date	NM State Land Office Determination

This well should be produced on a lease or communitization basis. The well's Bone Spring completion is not entitled to be part of a Participating Area.

If you have any questions or if we may be of further assistance, please contact Units Manager Marilyn Gruebel at 505.827.5791.

Respectfully,

AUBREY DUNN
