Dear Ms. Howell:

During a record review of Communitization Agreement (CA) NMNM 123496 it found Fogelson 9 No. 100S well was completed on February 12, 2009 and was the first well to produce within CA NMNM 123496 drilling block. This changes the effective date of the CA from May 8, 2009 to February 12, 2009. This allows for all production to be reported correctly to the CA.

Please find enclosed a copy of the CA with the corrected date. Currently there are two wells reporting to the CA; Fogelson 9 No. 100 and Fogelson 9 No. 100S. Please update your records according.

Under 43 CFR 3165.3, you may request an Administrative Review of any instructions, orders, or decisions issued by the Authorized Officer. Such a request, including all supporting documents, must be filed in writing within 20 business days of receipt of this notice and must be filed with the State Director, Bureau of Land Management, P.O. Box 27115, Santa Fe, New Mexico 87502-0115. Such a request will not result in a suspension of the instructions, orders, or decisions unless the reviewing official so determines. Procedures governing appeals from the instructions, orders, or decisions are contained in 43 CFR 3165.4 and 43 CFR 4.400 et. Seq.

If you have any questions regarding the Communitization Agreement, please contact me at the above address or telephone (505) 599-8935.
