

# NEW MEXICO ENERGY, MINERALS and NATURAL RESOURCES DEPARTMENT

**BILL RICHARDSON**  
Governor  
**Joanna Prukop**  
Cabinet Secretary

**Mark Fesmire, P.E.**  
Director  
Oil Conservation Division

June 9, 2004

Division Order No. IPI-232

Avra Oil Company  
P.O. Box 3193  
Midland, Texas 79702

Attention: Mr. Saeed Afghahi

**RE:   *Injection Pressure Increase,  
Charlcia A. Taylor Well No. 1  
Lea County, New Mexico***

Dear Mr. Afghahi:

Reference is made to your request received by the Division on May 20, 2004 to increase the surface injection pressure on the Charlcia A. Taylor Well No. 1. This request is based on fracture data from wells in this area. The results of the fracture data show that increasing the injection pressure for the Charlcia A. Taylor Well No. 1 should not result in the fracturing of the injection formation and confining strata.

You are therefore authorized to increase the surface injection pressure on the following well:

<b><i>WELL NAME &amp; NUMBER</i></b>	<b><i>MAXIMUM SURFACE INJECTION PRESSURE</i></b>
Charlcia A. Taylor Well No. 1 API No. 30-025-07329 Unit I, Section 11, T-18 South, R-38 East, NMPM, Lea County, New Mexico	2100 PSI

The Division Director may rescind this injection pressure increase if it becomes apparent that the injected fluid is not being confined to the injection zone or is endangering any fresh water aquifers.
