Administrative Order No. DHC-529

3E Company, Inc. (Agent for Elliott Oil Company)
P. O. Box 190
Farmington, New Mexico 87499

Attention: Mr. John Alexander

Re: Ora Well No. 2, Unit G,
Sec. 21, T-25-N, R-3-W,
NMPM, Rio Arriba County
Mesaverde and Dakota-Gallup Pools

Gentlemen:

Reference is made to your recent application for an exception to Rule 303-A of the Division Rules and Regulations to permit the subject well to commingle the production from both pools in the wellbore.

It appearing that the subject well qualifies for approval for such exception pursuant to the provisions of Rule 303-C, and that reservoir damage or waste will not result from such downhole commingling, and correlative rights will not be violated thereby, you are hereby authorized to commingle the production as described above and any Division Order which authorized the dual completion and required separation of the two zones, is hereby placed in abeyance.

In accordance with the provisions of Rule 303.C.4., total commingled oil production from the subject well shall not exceed 60 barrels per day, and total water production from the well shall not exceed 120 barrels per day. The maximum amount of gas which may be produced daily from the Ojito Gallup-Dakota Zone shall be determined by multiplying 2,000 by top unit allowable for the Ojito Gallup-Dakota Pool and the maximum amount of gas which may be produced daily from the Mesaverde shall be determined by Oil Conservation Division Rules and Regulations and by the San Juan Basin Proration Schedule.

Assignment of allowable to the well and allocation of production from the well shall be on the following basis:

Mesaverde Pool: Oil 5%, Gas 10%

Dakota-Gallup Pool: Oil 95%, Gas 90%

Pursuant to Rule 303-C 5, the commingled authority granted by this order may be rescinded by the Division Director if, in his opinion, conservation is not being best served by such commingling.

Very truly yours,

A handwritten signature in black ink, appearing to read 'R. L. Stamets', with a large, sweeping flourish extending to the right.

R. L. STAMETS,
Acting Director
