RE: Request for Amendment to NSL-6320 and NSP-1948

BIYA Operator's: Horseshoe Gallup #400 (proposed new well)
Surface: 1123' FNL & 863' FWL (Lot #1 of D). Sec. 28 T31N R16W, San Juan County, NM
Horseshoe Gallup Pool (32870)

Dear Mr. Brooks:

Since the original NSL/NSP application on January 7, 2011, there have been several changes that should be amended on orders NSL-6320 and NSP-1948. The actual well's staked location has not changed, but a subsequent field survey indicated errors in the original survey. The attached C-102 both corrects the survey errors and clarifies the well's location and acreage.

1. The well name and number are now: **HORSESHOE GALLUP #400**
2. The footage from the north line is corrected to be 1123' FNL.
3. The footage from the Mt Ute reservation line is still 331'.
4. The footage from the west section line is clarified to be 863' FWL.
5. The elevation is corrected to 5644'.
6. The acreage of Lot #1 is clarified to be 15.25 acres. (This was correct on the application C-102, but incorrect in its attached letter).

If you have any questions, please contact me at 505-327-4573.

Best Regards,

Mike Pippin
Petroleum Engineer
