Mr. Brooks:

Burnett Oil Co., Inc. respectfully requests an exception without notice and hearing to NMOCD Rule 104 for the Jackson A #46 (Cedar Lake Glorieta Yeso).

This location is 70' feet unorthodox at the surface. It encroaches on Section 12, Units G and J which are Burnett Leases. The working interests and owners of Section 12, Units G, I and J are not the same. I have attached a map showing the Burnett leases in this area as well as a copy of our C-102.

Burnett Oil Co., Inc. has notified the owners impacted by this NSL. All parties involved have working interests with Burnett and there are no outside lease holders. Attached you will find a copy of the notification letter which was sent out today via certified mail.

Please contact me if you have any questions or need any additional information.

Thank you,

Leslie M. Garvis

Dear Dan,

Burnett Oil Company has submitted a request for approval of a Non-Standard Location on the above referenced well. This letter is to notify you of this request as per OCD Rule 19.15.15.13. According to the OCD rules, you have twenty (20) days to respond to the OCD regarding this request.

Enclosed you will find a copy of our request, a plat showing the spacing unit and location and the adjoining spacing unit. A non-standard location was necessary in order to avoid dunes in the area. We respectfully request that in the event you have an objection to this NSL, that you please contact us to discuss it.

If you have any questions or need any additional information, please do not hesitate to contact me or Mark Jacoby.

Yours truly,

Leslie M. Garvis
