Re: Form C-102  
Forehand Ranch 27 State No. 3  
Application for Non-Standard Location  
Section 27, T23S-R27E  
Eddy County, New Mexico

Gentlemen:

Attached is the Form C-102 submitted for a non-standard location by Caza Operating, LLC for the drilling of a vertical Ramsey Formation well in the NW/4 NE/4 Section 27, T23S-R27E, Eddy County, New Mexico. This location is 150' FNL and 1,900' FEL of Section 27.

- The location is a non-standard 150' FNL of the NW/4 NE/4 of Section 27 due to the restricting surface features of karsting to the west of the location and manmade structures, including pipelines, to the south of the location. These features are shown on the attached color land plat.
- The acreage dedicated to this well is 40 acres, being the NW/4 NE/4 of Section 27.
- I am familiar with title to the N/2 of Section 27 and the S/2 of Section 22 to the north (the tract to which this location is non-standard location, or encroaching toward). The royalty owners and the working interest owners are the same in both tracts.

Should you have any questions, please feel free to contact me at 832-381-3854 or [jbrown@cazapetro.com](mailto:jbrown@cazapetro.com).

Very truly yours
