**Re: Logos Operating, LLC
Request for Administrative Approval
Unorthodox Well Location
Wildcat Gallup/Dakota – WC 22N5W5
Logos 9
API No. – 30-043-21157
1400 FNL 355 FEL (vertical)
SE/4NE/4 Section 5, T22N, R5W
Sandoval County, New Mexico**

To whom it may concern:

On behalf of Logos Operating, LLC ("Logos") and pursuant to Division Rules pertaining to Wildcat Oil Wells we hereby notify you of our intent to produce the Logos ~~9~~ well on unorthodox well location for the to be located 1400' FNL and 355' FEL of Section 5, T22N, R5W NMPM in Sandoval County. The SE/4NE/4 of Section 5 will be dedicated to the well.

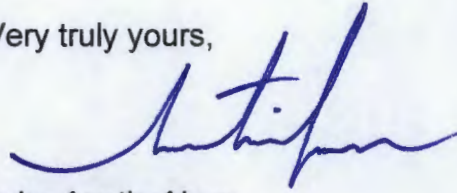

The wildcat rules for oil wells provide that wells shall be drilled not closer than 330' to any quarter-quarter section boundary. The location proposed for this well is consequently unorthodox by approximately 250' to the east. The C-102 plat showing the proposed location for the well is attached hereto.

Logos seeks an exception from the applicable well location rules for the following reasons: The chosen location was most practical based operational efficiencies and on BLM onsites which identified multiple cultural and environmental issues.

Please note that Logos Operating, LLC/ Logos Resources, LLC is the only operator and owner in the ALL of section 5-8, T22N, R5W, NMPM and therefore no notification is required to other owners or operators. The Jicarilla Apache Nation is the only royalty owner. This permit has been approved by the Jicarilla Apache Nation.

As such, Logos requests your consideration of this application and if acceptable, the approved NSL for the Logos 9 well as quickly as possible.

Very truly yours,

John Austin Akers
Vice President of Land

Subject: Logos #9; NSL Application

Good morning, Mr. Akers

While your applications for the Logos 7, 8 and 12 encroach only within your 4-section acreage block, the location proposed for the Logos #9 encroaches diagonally toward unit D of Section 4. This is because the diagonal distance from the proposed location to the common corner is less than the diagonal distance to that corner from the closest standard location within unit H of Section 5.

Please advise concerning the ownership of unit D of Section 4, and provide proof of notice if necessary.

Sincerely

David K. Brooks

Subject: RE: Logos #9; NSL Application

Good morning Mr. Brooks,

While I will need to call over to JOGA to make sure, I believe that that property is unleased and the minerals are owned 100% by the Jicarilla tribe. If that is the case, is the fact the permit was approved by the tribe, and that they are the royalty owners on our lease also, sufficient to allow approval?

Thank you,

John "Austin" Akers
