RE: **Application for Administrative Approval for a Non-standard Location**
SIMPSON 15 B #4 - 30-015-43299
230' FNL & 1760' FEL (B). Sec. 15 T18S R26E, Eddy County, NM
Atoka, Glorieta-Yeso (3250) and Atoka, San Andres (3610)

Dear Mr. Goetze:

Lime Rock Resources hereby requests administrative approval for a non-standard location for the above referenced well. Attached for your reference are the following exhibits:

1. C-102 for the State Pools
2. Copy of letter to offset operators
3. List of Offset Operators & Surface Land Owner
4. Operator/Well maps
5. Location Map and Vicinity Map

The APD for the referenced well was approved on 8/14/15. The surface land owner, Mr. & Mrs. William C. Netherlin whose address is 103 E. Four Dinkus Road, Artesia, NM 88210, has requested that Lime Rock not drill the well in the middle of his cotton field. However, in order to accommodate Mr. Netherlin, the well must be non-standard. The State rule is that a well must be at least 330' from a spacing unit line. We are submitting this NSL application in an effort to both produce the natural resource and accommodate Mr. Netherlin.

By certified mail, a copy of this application has been sent to all of the Atoka, Glorieta-Yeso (3250) and Atoka, San Andres (3610) offset operators on the attached list. Lime Rock Resources requests your Administrative Approval for the non-standard location based on the above information. Should you need any additional information please feel free to contact me at (505) 327-4573.

Best Regards,

Mike Pippin
Petroleum Engineer
