Trove has been known to change the well name before the time the OCD receives the application.
An you provide footage calls for the well?

Subject: [EXT] RE: NGL Protests of Trove SWD applications
Attachments: NGL running list of protests (W3401084x7A92D).docx

Hello,

I am submitting a protest on behalf of NGL for three recently filed Trove applications:

4/10/19	Trove	WLC South Federal SWD Well No.2 (1740' FNL and 150' FEL, Section 29, Township 26 South, Range 33 East, Lea County, New Mexico)
4/10/19	Trove	WLC South Federal SWD Well No.3 (1420' FSL and 15' FEL, Section 26, Township 26 South, Range 33 East, Lea County, New Mexico)
4/10/19	Trove	Ole 55 Federal SWD Well No.1 (200' FNL and 5' FWL, Section 31, Township 26 South, Range 32 East, Lea County, New Mexico)

Based on a conversation with Mike at last week's hearing, I have also attached a running list of NGL's protests. My plan is to update that list every time I submit a protest. As you will see on the attachment, these three Trove applications are highlighted at the bottom of the table in the attachment. Each time I submit a protest, I will highlight the newest protest on the attached table and include the updated table with my protest for your convenience.

To the extent the attached table may be inconsistent with the protests I have filed, the filed protests control and not the table (i.e., if I inadvertently put in the wrong date or description on the attached table).

Also, I have created a column identifying whether I have received confirmation of protests from OCD. Some of the protests pre-date me, and so Jennifer may have the confirmation email. Others that I have protested I do not have confirmation emails yet, but I imagine those will be forthcoming.

Please let me know if you have questions, and Mike, if this isn't a helpful format for you, I am happy to adjust.

Thanks,

Deana
