*Yes, Chevron wishes to allocate via well testing. There was a list of interest owners included in the application packet.*  
*Thanks,*

Hello Cindy,

Thank you, the attached sundry will suffice regarding notice to the BLM.

Is it correct that Chevron wishes to allocate via well testing?

Is it correct that the notice to each interest owner included the application packet?

Hello Cindy,

I'm sorry about not following up on this application sooner as it looks like our last communication was about a month ago.

Attached is the last email I have in file for this application.

I know we had a follow up phone call regarding this application. As I recall, you had confirmed that you wish to allocate production via well test and further confirmed that the application packet was sent to each of the interest owners. Is this correct?

However, I do not remember the required notice of the BLM being addressed. Please send me either the certified tracking number for notice to the BLM or documentation indicating that notice was submitted to them via sundry.
