RE: Amend Administrative Order CTB-928
Palmillo 3 & 10 State Central Tank Battery
Eddy County, New Mexico

Mr. McClure:

Apache would like to amend Administrative Surface Commingle Order CTB-928 to remove the verbiage regarding quarterly testing, as listed in item 5 under Order, stated as follows:

5. Applicant shall submit a Form C-103 each quarter to the Engineering Bureau in Santa Fe that identifies the allocation method for each well, and for any well allocated by the well test method, Applicant shall provide the following information: (a) the current decline rate; (b) the minimum number of well tests per month required by this Order; and (c) the number of well tests conducted each month.

Apache meets or exceeds current OCD minimum testing requirements.

If you need any additional information, please feel free to email or call me.

Thank you,

alicia fulton
