Hello Ms. Luck,

Everything looks in order. I will write a recommendation to the Director that this commingling project be issued a permit after the notice period provided there are no protests.

Subject: [EXT] RE: surface commingle for Ray State Slot 3 Tank Battery - notice complete

Mr. McClure,

Thanks for letting us know about the tracking status for the affected persons noted below. Please find attached an affidavit of publication reflecting that notice was provided to the affected parties, as of September 11, 2020, and the 20-day objection period will expire on **October 1, 2020**.

Matador respectfully requests the Division issue an administrative order at the conclusion of the 20-day period, in line with the application, because Matador intends for these wells to go online on October 14, 2020. If the Division requires anything further to complete this application or issue an administrative order, please let us know. Thanks for your time.

Best,

Kaitlyn
