Hello Scott,

The OCD is placing this application for a surface commingling permit (CTB-950) on hold until the earlier of either 6 months (03/29/2021) or APDs have been approved for all the wells which LOGOS Operating, LLC wishes to include in this application. After this period, the application will be placed back under review and another evaluation will be made at that time.

**Subject:** [EXT] RE: LOGOS Apollo 2407 29E Well Pad Facility Commingle

I will check. I believe we are still waiting on several of the API #s.

Dean, here are the four CAs supporting the Apollo pad facility. I did confirm that we are still waiting

on APD approvals from BLM. I'll let you know when we see those.

Hi Dean,

I've been asked to check on the status of this application. Could you please call me when convenient?

Thanks.

**J. Scott Hall**
