Waukee D 36 State Com 1H  
Section 36-17S-27E (Surface Hole Section 31-17S-28E)  
Eddy County, New Mexico

Dear Mr. Lowe:

Apache Corporation ("Apache") received notification of Spur Energy Partner's (Spur) application for a non-standard location for the Waukee D 36 State Com 1H well on August 3, 2021. The application requests a first and last take point of 110' from the south line of Section 36-17S-27E, and the notice is included for reference.

As an offsetting lessee in the affected tract of the N/2 N/2 of Section 1-18S-27E, Apache objects to the request for take points closer than the standard 330' from the boundary.

If you have any questions, please contact the undersigned at [leslie.mullin@apachecorp.com](mailto:leslie.mullin@apachecorp.com) or (918) 284-3357.

Sincerely,
