Hi Carl,

I just wanted to let you know that I've talked to Mr. Von Gonten today regarding this discharge permit. Although this permit is due for renewal this month, he advised that ConocoPhillips Pipe Line Co. is not required to submit any renewal application until further notice from the OCD. A review of the questionnaire we submitted still needs to take place and OCD will most likely perform an inspection of the facility before deciding whether a permit is required or not. Based on his guidance, ConocoPhillips Pipe Line Co. is not going to submit the renewal application at this time.

Thank you

Tiana Andriamanarivo

Glenn:

Tianna wants to know if they are required to renew their permit? She filled out permit questionnaire and submitted to the OCD. One sump less than 500 gallons exists.

No ground water contamination.

Thanks.
