Re: Remediation Work Plan
Goodnight 1 Fee No. 1H
API #30-005-64132-2RP-564

Dear Mr. Ball:

I am in receipt of Darren Smith's remediation work plan being submitted to the New Mexico Natural Resources Oil Conservation Division in addition to all the related plats, analyticals, reports and other information associated with the referenced well. As the owner of the surface the referenced well is located and all the surrounding land which was impacted as a result of the subject releases of drilling fluids, produced water and acid, I approve of the remediation work plan in its entirety.

Please keep me informed as to the remediation work done.

Very truly yours,
