*ADMINISTRATIVE ORDER DHC-823*

Meridian Oil Inc.  
P.O. Box 4289  
Farmington, New Mexico 87499-4289

Attention: George T. Dunn

*Jicarilla "G" No. 10  
Unit B, Section 12, Township 26 North, Range 5 West, NMPM, Rio  
Arriba County, New Mexico.  
Blanco Mesaverde and Basin Dakota Pools*

Dear Mr. Dunn:

Reference is made to your recent application for an exception to Rule 303-A of the Division Rules and Regulations to permit the subject well to commingle production from both pools in the wellbore.

It appearing that the subject well qualifies for approval for such exception pursuant to the provisions of Rule 303-C, and that reservoir damage or waste will not result from such downhole commingling, and correlative rights will not be violated thereby, you are hereby authorized to commingle the production as described above and any Division Order which authorized the dual completion and required separation of the two zones is hereby placed in abeyance.

In accordance with the provisions of Rule 303-C-4., total commingled oil production from the subject well shall not exceed 60 barrels per day, and total water production shall not exceed 120 barrels per day. The maximum amount of gas which may be produced daily from the well shall be determined by Division Rules and Regulations or by the gas allowable for each respective prorated pool as printed in the Division's San Juan Basin Gas Proration Schedule.

Administrative Order DHC-823

Meridian Oil Inc.

October 28, 1991

Page 2

Assignment of allowable to the well and allocation of production from the well shall be on the following basis:

Mesaverde Pool:	Oil	23%,	Gas	57%
Dakota Pool:	Oil	77%,	Gas	43%

Pursuant to Rule 303-C-5, the commingling authority granted by the order may be rescinded by the Division Director if, in his opinion, conservation is not being best served by such commingling.

Approved at Santa Fe, New Mexico on this 28th day of October, 1991.
