Dear Ms. Duarte

Please see my email from earlier today regarding your NSL application for the ROO 22 State #8.

This application is subject to two of the issues discussed in the prior email. Once again, you have not furnished a signed waiver from one of the parties, and the notices you have attached do not contain the required admonition. Accordingly, it will be necessary for you to send a new notice to Andrews with the required admonition, and inform us of your doing so. Unless you obtain a waiver from Andrews, we will have to defer processing this application till 20 days after you send the new notice to Andrews.

This application, unlike the Roo 22 State #8 and the Piglet 21 State #6, does not involve a diagonal encroachment.

Sincerely

Mr. Brooks,

We have redone the notices on the Piglet #1, #4 & Roo #8 and a copy of the notices are attached along with proof of mailing. We are having to do some research on the Piglet #6 and will send you that information as soon as we can. In the mean time, can we proceed with the 3 that are attached? Please let me know if there is anything else that is needed for you to proceed with the approval process. Thank you very much!

Dear Ms. Duarte

This is a CORRECTION to my email regarding this well sent late yesterday.

Apparently it was too late in the afternoon for me. In addition to misspelling "Piglet", I erroneously stated that the proposed location encroaches diagonally toward Unit P of Section 22. Of course, it actually encroaches toward Unit M of Section 22.

Sincerely

David K. Brooks
