Greetings,

NMOCD District 2 office is in receipt of a proposal for remediation of a release of produced fluids, as referenced above. The proposal is approved with the following conditions/stipulations:

- Notify OCD District 2 office 48 hours prior to commencement of remedial activities.
- Notify OCD District 2 office 48 hours prior to obtaining samples when the analyses will be submitted to OCD.
- Like approval by BLM or any other regulatory authority as may be applicable.

OCD approval does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, please contact me.
