Dear Mr. Lindemood,

We are today in receipt of your letter of objection to the disposal application from COG Operating LLC for the South Shugart Deep Well No. 1 (API No. 30-015-23938). We don't see evidence this letter of objection was copied to the applicant, COG Operating LLC.

On February 14, 2013, this application for disposal into the Devonian formation through perforations from 13242 feet to 13500 feet was approved and permit SWD-1397 was issued as of that date.

Your attorney could advise you of options at this point. In case your attorney wishes to contact the Division, please have him/her call Mr. David Brooks, Division attorney with the Engineering Bureau of the Division in Santa Fe (505-476-3450). The contact with COG Operating LLC would likely be Ms. Carol Leach at the contact info below listed.

Sincerely,

William V. Jones, P.E.
