I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Release on 8/3/12

The information that was given to me was:

H-19-24s-26e

That location only has the Estill AD Fed wells in it. That is why I was wondering what location this release was or attached to what well, exactly.

I appreciate all of your help.

Subject: Release Notifications CIMAREX

To whom it may concern,

I am writing to you on behalf of Mike Bratcher. We are attempting to follow up regarding a few release notifications that was given to our office, by you, on:

8/15/2012

8/6/2012

Release Date/Location:

- 8/9/2012, Estail AD Fed 2 Spill (Per Mike Bratcher- No Estail AD Fed 2 in District II)
- 8/3/2012, Liberty 24 FC 1 SWD (we already have a C-141 on file for 10/11/2012-but not for 8/3/2012 release)

We have no record of having received an initial C-141, please advise the status of this release and submit an initial C-141 to Mr. Bratcher.

Thank you for your time.

Respectfully,

Jean-Marie Warren
