Additional Delineation Approval**

Dear Mr. Henry:

The New Mexico Oil Conservation Division (OCD) has received Rice Operating Company's (ROC) request for the above-referenced site (dated May 2, 2013) and addendum of May 29, 2013. The above-referenced request, submitted in partial fulfillment of 19.15.30.19 NMAC (Rule 30.19, formally, Rule 19.K), indicates that ROC has partially met the requirements of 19.15.30.9 NMAC for this site. Therefore, the OCD hereby approves the Additional Delineation as proposed in the request for the BD P-26-1 & P-26-2 Site.

Please be advised that OCD approval of this request does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

Thank you for your cooperation in this matter. If you have any questions regarding this matter, please contact at 505-476-3489.
