Work Plan Amendment Approval**

Dear Mr. Dann:

The New Mexico Oil Conservation Division (OCD) has received Plains' work plan amendment for the above-referenced site (dated October 17, 2013). The above-referenced amendment, submitted in partial fulfillment of 19.15.30.19 NMAC (Rule 30.19, formally, Rule 19.K), indicates that Plains has partially met the requirements of 19.15.30.9 NMAC for this site. Therefore, the OCD hereby conditionally approves the work plan amendment for the TNM 97-17 Release Site:

Plains must submit to OCD a corrective actions report within 180 days.

Please be advised that OCD approval of this amendment does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

Thank you for your cooperation in this matter. If you have any questions regarding this matter, please contact at 505-476-3489.
