Unit Letter D, Section 16-27N-05W

Rio Arriba County, New Mexico

Dear Ms. Bradfield:

Your application to downhole commingle the production from within the wellbore of the above-captioned well was received on June 3, 1996. Your application requests our approval to downhole commingle the Blanco Mesa Verde production with the Basin Dakota production within the wellbore of the San Juan 27-5 Unit Well No. 40E, located in Unit Letter D, Section 16-27N-05W.

Since it appears that all the New Mexico Oil Conservation Division rules and regulations have been complied with, and there will be no loss of revenue to the State of New Mexico as a result of your proposed operation, your request for downhole commingling is hereby approved. Any deviation from the substance of your request will be sufficient grounds for rescinding our approval. Our approval is subject to like approval by the New Mexico Oil Conservation Division and the Bureau of Land Management.

Please submit your \$30.00 dollar filing fee.
