NATURE OF RELEASE

Type of Release: Oil and Produced Water	Volume of Release 154 bbls of Oil, 16 bbls Produced Water	Volume Recovered 0 bbls of Oil, 0 bbls of Produced Water
Source of Release: One inch nipple	Date and Hour of Occurrence 7/09/2013	Date and Hour of Discovery 7/09/2013 9:00 am
Was Immediate Notice Given? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not Required	If YES, To Whom? Mike Bratcher - NMOCD	
By Whom? Michelle Mullins	Date and Hour 7/11/2013 8:40 am	
Was a Watercourse Reached? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse. N/A	

If a Watercourse was Impacted, Describe Fully.*

N/A

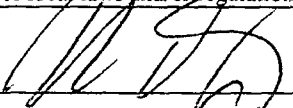

Describe Cause of Problem and Remedial Action Taken.*

A one inch nipple failed on a drain line due to corrosion. Replaced the nipple with a new one to prevent a recurrence.

Describe Area Affected and Cleanup Action Taken.*

Initially an estimated 154bbls of oil and 16bbls of produced water was released due to a one inch nipple that failed. No fluid was recovered. The spill area is located on the pad and the adjacent pasture. Tetra Tech inspected site and collected samples to define spills extent. Soil that exceeded RRAL was removed and hauled away for proper disposal. Site was then brought up to surface grade with clean backfill material. Tetra Tech prepared closure report and submitted to NMOCD for review.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
